

2012 MONSOON SEASON STARTS JUNE 15

In Arizona, the Monsoon Season begins on June 15 and ends on September 30. This is the season for flash flooding. With this year's Monsoon Season fast approaching, the City of Sedona would like to remind the public of the importance of making sure private drainages are clean and maintained.

For questions related to flooding or maintenance of drainage ways in the City of Sedona, please contact David Peck with the City of Sedona Public Works Department at 204-7108.
