FROM: TABATHA MILLER, FINANCE DIRECTOR
RE: **MONTHLY REPORT –JANUARY 2014**

I am pleased to present to you the monthly financial report for January 2014. This report will also summarize the financial position of the City of Sedona for the first seven months of the current 2013-2014 fiscal year (July 1, 2013 through June 30, 2014). The report addresses the three major funds of the City: General Fund, Highway Users Revenue Fund (HURF) or Streets Fund, and Wastewater Fund. As always, if there is information that you would like to see added to the report, your feedback and suggestions are welcome. If you review these reports monthly, you will notice that Attachment G has been expanded to show both General Fund expenditures and revenue sources compared to budget. Additionally, both Attachment G and Attachment H (Fund expenditure comparisons) include an estimate of projected expenditures at year end. The following analysis will be covered in this report:

- Total revenues by Fund for the month of January 2014 compared to the month of January 2013;
- Total revenues by Fund cumulative from July through January 2014 (fiscal year to date) compared to cumulative totals from July through January 2013 (prior fiscal year to date);
- Total budgeted revenues and expenditures for the General Fund with percentage of revenues received and funds expended compared to actual revenues received or expended through January 2014 versus the prior fiscal year;
- Total City Sales Tax collections (including bed tax and before allocation to Wastewater Fund) comparing January 2014 to January 2013 and comparing fiscal year totals for July through January 2014 to July through January 2013;
- City Sales Tax collections (excluding bed taxes and before allocation to Wastewater Fund) comparing January 2014 to January 2013 and comparing fiscal year totals for July through January 2014 to July through January 2013;
- Total Bed Taxes collections comparing January 2014 to January 2013 and comparing fiscal year totals for July through January 2014 to July through January 2013;

- State Shared Revenue in General Fund (sales tax, income tax, vehicle license tax) comparing January 2014 to January 2013 and comparing fiscal year totals for July through January 2014 to July through January 2013;
- HURF revenues comparing January 2014 to January 2013 and comparing fiscal year totals for July through January 2014 to July through January 2013;
- Wastewater revenues comparing January 2014 to January 2013 and comparing fiscal year totals for July through January 2014 to July through January 2013;
- Fund balance for each of the funds as of January 31, 2014;
- Total budgeted revenues and expenditures by source and department for the General Fund through January 2014 compared to estimated year-end actuals; and
- Total expenditures by fund through July through January 2014, compared to budget, including estimated year-end expenditure totals.

General Fund

Revenues

The General Fund revenues include major revenue categories such as local sales tax, bed tax, and state shared revenues. State shared revenues include state income tax, sales tax, and auto lieu taxes distributed by the Counties of Coconino and Yavapai. Together, these sources make up approximately 83% of the total General Fund revenues. The total revenues collected in the General Fund for the month of January 2014 were as follows:

Revenues collected in January	\$	1,132,878
Expenditures in January	\$	1,242,649
Negative cash flow for January, 2014	\$	(109,771)

Notable in January, 2014 was the a third pay date for city employees and as a result the General Fund expenditures for this month will be approximately \$251,000 higher than a typical month. The City pays employees bi-weekly, so there are 26 pay periods in a full year. This means that twice a year a 3rd payday will increase that month's expenditures, since the payroll expenses are posted as of the pay date.

The cumulative fiscal year General Fund revenues, July 2013 through January 2014 were as follows:

Total revenues received	\$	7,747,767
Total expenditures	\$	7,077,541
Cumulative FY positive cash flow	\$	670,226

Total cumulative fiscal year revenues collected through January 2014 increased in comparison to the same period through January 2013 by 11.55% (Table 1.)

Table 1

Fund	7/1/12 to 01/31/13 Revenues to Date	7/1/13 to 01/31/14 Revenues to Date	Variance	% of Increase FY13 to FY14 through January
General Fund	\$ 6,945,698	\$ 7,747,767	\$ 802,069	11.55%

It is a positive sign when revenues increase from the same time period over the prior fiscal year, however, it is important to determine if it is in line with what the City budgeted for revenues in the current fiscal year. The following tables (Table 2 & 3) present the Budgeted Revenues for fiscal years 2013 and 2014, compared to the actual revenue collections to date of July through January. If the revenues come in equally each month, by the end of January the City should have collected 58.31% (8.33% X 6 months) of the year's revenue. However, there can be timing issues due to fluctuations in sales tax and bed tax collections, so trends over a number of years need to be developed to make sure the City is on target with past collection activity. Based on the revenues collected from July through January 2014 compared to year to date collections in 2013, the collections in the current year are slightly higher (1%) than the prior fiscal year. (Table 2 & 3).

Table 2

Fund	FY 2013 Budgeted Revenues	7/1/12 to 01/31/13 Revenues to Date	% of FY13 Budget Collected to Date
General Fund	\$ 12,383,809	\$ 6,945,698	56.09%

Table 3

Fund	FY 2014 Budgeted Revenues	7/1/13 to 01/31/14 Revenues to Date	% of FY14 Budget Collected to Date
General Fund	\$ 13,571,822	\$ 7,747,767	57.09%

The total sales and bed taxes combined for January 2014 over January 2013 increased by 45.33%. This is the total sales taxes collected before any distribution of the sales tax to the Wastewater Fund. If you would look at this month alone, this amount of increase could lead to an assumption that annual revenue is trending much higher than expected. However, as presented in Attachment A – Total Sales Tax Worksheet, collections fluctuate from month to month.

As pointed out in prior reports, monthly fluctuations are also a result of when the collections were posted in the month. This is a timing issue and not an indicator that sales and bed taxes are dramatically increasing or dramatically decreasing. Table 4 on the next page illustrates that much of the monthly fluctuations is due to when the taxes are collected and posted.

Table 4 (Total City Sales Tax & Bed Tax)

Month Reported	Total RDS Reported Collections	Collections for Month Reported	Collections for Prior Periods	% Collected for Prior Periods	% Change from 2013
July, 2013	\$ 1,085,823	\$ 810,723	\$ 275,101	25%	-0.14%
August, 2013	939,470	686,800	252,670	27%	14.4%
September, 2013	1,327,888	946,676	382,211	29%	20.3%
October, 2013	903,592	739,127	164,465	18%	-28.0%
November, 2013	1,306,479	761,584	545,152	42%	0.2%
December, 2013	929,578	664,411	265,167	29%	-13.7%
January, 2014	938,266	617,044	321,222	34%	45.3%

As presented in Attachment A, cumulative sales and bed taxes collected for the current fiscal year through January 2014 increased over fiscal year 2012-13 through January 2013 by 5%. Also impacting collections this month is the bed tax rate increase from 3.0% to 3.5%, effective January 1, 2014. Approximately \$13,525 is attributable to this change in rate. If you remove the increase due to the change in bed tax rate, the year to date increase over the prior year is 4.84%.

Attachment A also shows the fiscal year 2014 “seasonally budgeted” total sales and bed taxes of \$12,799,099 compared to the year to date collections of \$7,432,991 which is an increase over budget of 3.17%. The “seasonally budgeted” total is based on what the actual collections were by month for the past 4 years. If you remove the increase associated with the change in bed tax rate, collections would be 2.98% above budgeted projections.

In Attachment B – City Sales Tax Worksheet Excluding Bed Taxes the City collections for January 2014 increased from January 2013 by 37.12%. While this may appear significant, the change from the prior month reflects when collections were posted, as reflected in Table 4 above. If you look at the month to month comparisons, you will see quite a bit of fluctuation both up and down. It is important to look at this number cumulatively. Collections for the fiscal year to date 2014 compared to fiscal year to date 2013 are up 4.75%.

In comparing the actual sales tax collections for this fiscal year to the seasonally adjusted monthly budget allocations, revenues are right on target with a very small variance from budget of .94% (less than 1%).

In Attachment C – City Bed Tax Worksheet, the City’s collections for bed taxes for January 2014 increased by 133.76% from January 2013 collections. However, the cumulative collections (which provides a more complete financial picture) for July through January 2014 were 6.94% higher compared to the July through January 2013 collections. Taking in to account the \$13,525 in collections associated with the change in bed tax rate from 3.0% to 3.5%, collections for July through January 2014 were 5.45% higher than the prior year. A positive sign, but bed taxes like sales taxes fluctuate monthly based on the timing of collections.

The City Council, by policy has approved an allocation of the sales tax to be split as follows; 65% to the General Fund and 35% to the Wastewater Fund. When comparing sales tax collections from the prior year within the General Fund or the Wastewater Fund, remember that

in the prior fiscal year (2013) the allocation was 60% to the General Fund and 40% to the Wastewater Fund. Attachment D – City Sales Tax Collection Summary, reflects the total city sales and bed tax numbers reflected in Attachments A through C, but presents the allocation between the two funds by month. This is provided for informational purposes only because the trends of collections have been discussed in the other Attachments.

State shared revenues are the state sales tax, income tax and the auto lieu tax (vehicle license tax) collected by Coconino and Yavapai County and distributed to the City. In Attachment E, collection for the month of January 2014 compared to January 2013 shows increases in State sales tax of 12.54%, State income tax of 9.22%, VLT (vehicle license tax) for Coconino County of 6.75% and Yavapai County of 7.71%.

Collections for the fiscal year through January 2014 compared to fiscal year through January 2013 show increases in State sales taxes 7.31%, State income taxes 9.22%, VLT for Coconino County 3.12% and Yavapai County 5.83%.

As mentioned before, this increase in state sales taxes is a positive sign for the economy and for the City of Sedona. Presented in Tables 5 and 6, last fiscal year to date, the City had received 56.1% of the sales taxes compared to 58.3% for this fiscal year to date, 53.4% compared to 56.1% of the auto lieu taxes received fiscal year to date and 58.3% compared to 58.3% of the state income tax received fiscal year to date.

Expenditures

Total expenditures collected through January 2014 increased in comparison to the same period through January 2013 by 18.98%.

Table 7

Fund	7/1/12 to 01/31/13 Expenditures to Date	7/1/13 to 01/31/14 Expenditures to Date	Variance	% of Increase FY13 to FY14 through January
General Fund	\$ 5,948,665	\$ 7,077,541	\$ 1,128,876	18.98%

As explained with the revenue collections, it is important to compare the budgeted expenditures to the actual expenditures to date. If the expenditures are equal each month, by the end of January the City should have expended 58.31% (8.33% X 6 months). However, just as with revenues, there can be timing issues due to number of pay periods in a month (as applies in January and discussed earlier), one time large purchases, and annual contracts paid during a month, so trends over a number of years need to be developed to make sure the City is on target with past expenditure activity, and if not, further research as to the reasons why should be completed. This way if it appears that expenditures may exceed budget by fiscal year end, adjustments can be made before that happens. As reflected in Table 8, 54.15% of the FY14 General Fund Budget has been expended to date.

Table 8

Fund	2013-2014 Expenditure Budget	7/1/13 to 1/31/14 Expenditures to Date	Variance	% of Budget Expended to Date
General Fund	\$ 13,070,504	\$ 7,077,541	\$ 5,992,963	54.15%

Based on the percent of budgeted expenditures made from July through January 2013 compared to year to date expenditures in 2014 (48.44%), the expenditures are 5.71% more than the same time period last fiscal year, but still well below the 58.31%. Indicating that year-end totals will be slightly below budget (see Attachment G for estimated totals).

The General Fund unrestricted fund balance is presented on Attachment F and is \$14,966,002 at the end of January 2014. Attachment G presents more detail for the 2014 General Fund fiscal year budgeted revenues by source and department expenditures year to date through January 2014.

HURF (Street Fund)

The Streets Fund is funded through the State shared revenues of Highway User Revenue Funds (HURF) otherwise known as the gas tax. These dollars are restricted to use of streets/right-of-way maintenance and improvements.

Revenues collected in January	\$	61,644
Expenditures in January	\$	65,643

Fiscal Year totals through January 2014:

Total revenues received	\$	433,488
Total expenditures	\$	521,253
Cumulative FY negative cash flow	\$	(87,765)

Revenue

The HURF monies received for January 2014 increased from January 2013 by 10.17% (see Attachment E). Cumulative HURF revenue received for the current fiscal year through January 2014 increased over fiscal year 2012-13 through January 2013 by approximately 3.73% (Table 9).

Table 9

Fund	7/1/12 to 01/31/13 Revenues to Date	7/1/13 to 01/31/14 Revenues to Date	Variance	% of Increase FY12 to FY13 through December
Streets Fund	\$ 417,907	\$ 433,488	\$ 15,581	3.73%

As pointed out in the General Fund analysis, it is also important to review what the City budgeted for revenue in the current year. The following tables (Table 10 & 11) present the Budgeted Revenues for fiscal years 2013 and 2014, compared to actual revenue collections to date for July through January. Again, if revenues come in equally each month, by the end of January the City should have collected 58.31% of the year's revenue. As you can see in both this fiscal year to date and last, collections are just above 58.31% - at 60.15% and 59.78%, respectively.

Table 10

Fund	FY 2013 Budgeted Revenues	7/1/12 to 01/31/13 Revenues to Date	% of FY13 Budget Collected to Date
Streets Fund	\$ 694,758	\$ 417,907	60.15%

Table 11

Fund	FY 2014 Budgeted Revenues	7/1/13 to 01/31/14 Revenues to Date	% of FY14 Budget Collected to Date
Streets Fund	\$ 725,084	\$ 433,488	59.78%

Expenditures

As set forth in Table 12 (below) total expenditures collected through January 2014 have decreased significantly in comparison to the same period through January 2013. Much of the activity in the Streets Fund is from paving and maintenance projects, so spending will not necessarily be consistent from month-to-month or year-to-year. The Public Works department has confirmed that most of the budgeted expenditures will be spent by fiscal year-end.

Table 12

Fund	7/1/12 to 01/31/13 Expenditures to Date	7/1/13 to 01/31/14 Expenditures to Date	Variance	% of Increase FY13 to FY14 through January
Streets Fund	\$ 1,242,166	\$ 521,253	\$ (720,913)	-58.04%

The Streets Fund restricted fund balance is presented on Attachment F and is (\$87,765) at the end of January 2014. This does not include a transfer in from the General Fund that was budgeted at \$1.5 million and will be transferred depending on the actual expenditure amounts at fiscal year-end. The total expenditure budget for the HURF fund is \$2,266,077.

Wastewater Fund

The Wastewater Enterprise Fund is funded through service charges for City sewer services, permit fees, City sales taxes and miscellaneous charges pertaining to the Wastewater treatment plant.

Revenues collected in January	\$ 793,414
Expenditures in January	\$ 538,074
Positive cash flow for January 2014	\$ 255,340

Fiscal Year totals through January 2014:

Total revenues received	\$ 5,767,923
Total expenditures	\$ 3,352,377
Cumulative FY positive cash flow	\$ 2,415,546

Revenues

Revenues collected from July through January for the current fiscal year are 3.07% less than collections from July through January of the prior fiscal year (see Table 13, below). This is primarily the result of reducing the portion of sales tax allocated to the Wastewater fund from 40% to 35% beginning July 1, 2013.

Table 13

Fund	7/1/12 to 1/31/13 Revenues to Date	7/1/13 to 1/31/14 Revenues to Date	Variance	% of Increase FY13 to FY14 through December
Wastewater Fund	\$ 5,950,807	\$ 5,767,923	\$ (182,884)	-3.07%

Revenue collections for July through January, 2014 are 56.43% of total 2014 fiscal year budgeted revenues (Table 15). This is slightly lower than 58.33% for the same period last fiscal year (Table 14).

Table 14

Fund	FY 2013 Budgeted Revenues	7/1/12 to 1/31/13 Revenues to Date	% of FY13 Budget Collected to Date

Wastewater Fund	\$ 10,221,580	\$ 5,767,923	56.43%

Expenses

Unlike the General Fund expenditures, there is much less consistency in month-to-month comparisons of the Wastewater expenses. For example, the percent of budget expended in the Wastewater Fund for the first seven months of 2014 is only 27% (see Table 16), compared to the 58.31%, if funds are expended equally each month (as already discussed). At first glance, it may appear that the Wastewater fund will be well below budget for expenses. But, it is very important to consider that 50% of this funds total expense budget is debt service and most of that (43% or \$5.3 million) is not paid until June, the last month of the fiscal year. Additionally, a portion (22%) of the Wastewater Fund's budgeted expenses are related to capital projects, which are characterized by inconsistent spending on a month-to-month basis.

Total Wastewater Fund Expense Budget	\$	12,218,860	\$	3,352,377	\$ 8,866,483	27%

The Wastewater Fund balance is presented on Attachment F and is \$19,763,116 at the end of January 2014. Please note that capital costs will appear as projects are completed and the debt service paid at year end will reduce the projected Wastewater Fund balance.

Summary

In summary, as of January 2014, there are no concerns regarding the collections of the revenue or expenditures to date compared to the budgeted amounts for the fiscal year. Overall, revenues are on track and expenditures are expected to be slightly below budget at year end. We will continue to monitor and report on a monthly basis.
