Engineering Services**

102 Roadrunner Drive Sedona, AZ 86336
(928) 204-7111 • Fax: (928) 282-5348

To Whom It May Concern:

The City of Sedona, Arizona is issuing **Addendum # 1** to the Request for Qualifications as originally issued at the time of solicitation for qualification statements for the **Barbara Antonsen Memorial Park CMAR Construction Project**. For any qualification statements to be considered responsible and responsive, receipt of this addendum must be acknowledged.

This Addendum changes the following:

1. Section IV, C.2 shall be revised to read as follows: List of all projects where the firm/team provided agency construction management, or general construction services in the last five years, either completed or ongoing.
2. Section IV, G shall be revised to read as follows: For projects similar to this project, list all construction projects awarded to your firm during the last two years, all projects currently ongoing, and/or all projects for which your firm has been selected but are not yet under contract. For each project, provide the project description, award date (note if pending), construction cost, status of completion, describe significant owner-contractor dispute issues, if any, and estimated completion date. As part of our selection process, the City takes into account the size and complexity of the project under consideration, the resource investment of the firm in current similar work, and the amount of previous similar work recently performed, in order to extend CM@Risk opportunities to a broad representation of qualified CM@Risk firms.

ACKNOWLEDGEMENT

I have received addendum # 1 for the **Barbara Antonsen Memorial Park CMAR Construction Project** as described above, and acknowledge it as part of the Request for Qualifications for the project.
