### Project Summary

**Project Title:**

**Location:**

**Phase:**  of  **Project #:**   
 (If Applicable)

	Original	Revised (if applicable)
Start Date	FY2019	
Estimated Completion Date	FY2019	

**Project Description:**

To continue adding public art for beautification of SR 179. The Schnebly Roundabout public art piece was the last to be installed in FY2016. The next project is scheduled for FY2019, and future projects are scheduled for FY2022 and FY2025, assuming that the 1% for Arts funds can be accumulated to cover the costs.

**Project Justification:**

This project will enhance the City's image as a city animated by the arts, where public art may be enjoyed by residents and visitors. The roundabouts along SR 179 and SR 89A are highly visible locations in the City. Both of the SR 89A roundabouts have had art installed, and there are three others on SR 179 that could be candidates for installing artwork.

**Project Summary**

**Project Title:**  
Improvements at Ranger Station

**Location:**  
250 Brewer Road

**Phase:** 1A of 4 **Project #:** CD-1  
(If Applicable)

	Original	Revised (if applicable)
Start Date	August 2017	
Estimated Completion Date	January 2018	

**Project Description:**

Continued development and construction of improvements approved in the Ranger Station Master Plan:  
**FY2017:** The master plan was completed, hazardous material was removed from the site, one building and three sheds removed, and Phase 1 of the master plan was designed.  
**FY2018:** Phase 1A funding supports the completion of underground utilities and rough grading which also utilizes available resources from the Soldier Wash project. This creates efficiencies and cost saving opportunities.  
**FY2025:** Phase 1B funding supports the construction of the parking lot, restrooms, lawn, playground, and central seating areas.  
**FY2026 & FY2027:** Funding supports Phase 2 (the plaza, landscape barn and house areas), Phase 3 (perimeter trail and landscaping), and Phase 4 (the pickleball court and gardens).

**Project Justification:**

The City purchased the "Old Ranger Station" at 250 Brewer Road in 2014 and has now developed a master plan for the site. This master plan reflects the future community vision for this property as a community park. Detailed design needs to be developed, for all phases of the Master Plan, to allow construction of the approved master plan concepts.

**For Continuing Projects**

**Estimated Project Status as of June 30, 2017:**

Site environmental work is complete, site structure removal (as previously specified) will be complete, and Phase 1 design will be complete.

**Project Summary**

**Project Title:**

New Courtroom - Remodel OR New Construction

**Location:**

55 Sinagua Drive (if remodel) --OR-- To Be Determined (if new construction)

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY2018	
Estimated Completion Date	4-6 months	

**Project Description:**

Establish a separate courtroom, office space for 3 clerks, court administrator office, judge's chambers, jury room, lawyer conference room, file room, bathroom facilities and kitchen area.

**FYs 2018-2019 Option (Remodel):**

Remodel costs are for design and construction at 55 Sinagua Drive and includes funding for both the Court and City Attorney.

**Alternate Option (New Construction):**

New build costs are for design and construction at a location to be determined (land acquisition costs are not included in estimate). Total New Build Project Estimate is \$1,035,000.

**Project Justification:**

The court and City Council compete for use of the council chambers due to respective schedules. The judge conducts in-court business Monday through Wednesday. There are only 10 actual days out of the month during which to schedule in-court business. As work of the court increases, this limitation becomes more acute. There have already been instances where time sensitive matters have been redirected to other courts because the courtroom was not available. The courtroom itself would require 600 to 800 sq. feet. The jury room and judge's chamber would require approx. 216 sq. feet each. The clerks' office and court supervisor would need about 360 sq. feet. The conference room would need 64 to 80 sq. feet. The file room would need about 72 sq. feet. Bathrooms and kitchen space accordingly. In total, the estimated square foot requirements would be between 1,312 and 1,528. A long-term solution for the court's requirements should be discussed, and a plan developed.

Park/Open Space Land Acquisition

**Location:**  
Sedona

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	TBD	
Estimated Completion Date	TBD	

**Project Description:**  
Funding is available through development impact fees for park land acquisition. This funding could be used to purchase various properties for future use as a public park, including possible creek-side land, easements or pathways for a creek walk, a neighborhood park in the Chapel area, etc. This establishes the appropriation authority should Council decide to purchase something. If the funds set aside for park property acquisition are not expended in FY2017, the amounts will likely be re-appropriated in future fiscal years.  
  
A recommendation to use this funding for purchase of land that would serve as a new event venue space has been included as Project # PR-7.

**Project Justification:**  
According to the 2012 Parks and Recreation Master Plan, there is public interest and support among city residents for additional park sites, including neighborhood and community parks. The distributing of city parks equitably and targeting underserved populations was given as a guideline for choosing capital projects in the future. The City has also collected development impact fees which must be spent on the acquisition of park land. This allocation provides a funding appropriation in the event any property acquisition materializes in FY2018 or beyond.

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY2019	
Estimated Completion Date	FY2019	

**Project Description:**  
The concession stand and restrooms building (combined) is located between the softball fields at Posse Grounds Park. An approved budget would allow for concept and development of plans and specification for an entirely new building with restrooms, storage, concession capabilities, and improved access. The original building will be torn down.

**Project Justification:**  
This building has been in need of repair and remodel for many years; however, the demand for the building was not large enough to justify the budget. With the increase of special events at this facility as well as the development of the new bike skills park and Pavilion, the demand on this building has begun to increase and will continue to do so. This is the main public restroom facility for the skate park, basketball court, ball fields, special events, rentals, and bike park. This restroom will support any Pavilion rentals as well during the fall/winter seasons since those restrooms are closed. This building also provides storage for Little League.

**Project Description:**

Replace the existing wood chips with a rubberized, cleaner and more accessible surface.

**Project Justification:**

Wood chips are considered ADA accessible. However, they are dirty, painful, in constant need of refurbishing, and really not friendly for wheelchairs or strollers regardless of their designation. The playgrounds at Sunset Park are highly used. There are summer camps, mommy & tot groups, homeschool groups, and everyday park users that play on these playgrounds. It is the park recommended to tourists because of the shaded playgrounds and splash pad. It would be ideal to resurface the popular playgrounds with a new user-friendly surface.

Posse Grounds Park Playground Area

**Phase:**  of  **Project #:** PR-4  
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY2021	
Estimated Completion Date	FY2021	

**Project Description:**  
Remove all existing outdated playground equipment, and replace with new inclusive and adaptive equipment. Completion of this project will result in two new shade structures and two new playgrounds. Includes installation of a rubberized safety playground surface, new equipment, water feature, and shade structures over both of the new playground areas.

**Project Justification:**  
According to the 2012 Parks and Recreation Master Plan: Capital Maintenance Priorities - Upgrade Existing Playgrounds at Posse Grounds Community Park, shade structures should be installed on all playgrounds within 1-3 years.  
  
A design was completed in 2015 that would replace both playgrounds at Posse Grounds Park. Construction will not take place unless outside funding sources are procured for a significant portion of the project. The new playground design will be "inclusive" by nature so as to invite children of all abilities to play and imagine together. The rubberized playground surface will be ADA accessible so as not to eliminate anyone (adult or child) from being able to use the park. By installing this weather/sun protection structure, it will increase the life of the playground equipment and protect the users of the playground equipment. These are the last two playgrounds that need to be covered in order to accomplish one of the goals in the Master Plan.

Bike Skills Park - Phase II

**Location:**

Posse Grounds Park

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	March 2017	
Estimated Completion Date	June 2018	

**Project Description:**

The bicycle community fundraised \$37,000 for the design of the park in FY2015, and the City subsequently agreed to construct the park. The contributed funds paid for a complete master plan design. It included future phases (not currently budgeted) that could be built, if additional funding becomes available. Phase One (Pump Park, Flow Train, and Tech Flow) is complete. Phase Two was originally set to be built in FY2017, and a portion will be carried over to FY2018. The additional funding will build Phases Two through Four, which include six additional features including dual slalom, dirt jump park, tot loop, skills zone, and bump & jump flow trail. Phases Three and Four are projected as FY2022 and FY2025, but are currently unfunded.

**Project Justification:**

As \$37,000 was raised by the community to pay for the design of the park, it can be concluded that this amenity is a community need. The City's Strategic Plan states that the community should be served with a variety of recreational opportunities and the parks should be expanded based on identified community needs. Since a master plan design has been approved by the community, the Planning & Zoning Commission, and the City Council, it would be in the best interest for our users if the park was completed in its potential entirety. In FY2016, Phase One of the park was completed. A second phase (Dual Slalom) was programmed for FY2017 and scheduled for start in early March after the Sedona Mountain Bike Festival. The final phases Three and Four are currently unfunded.

**For Continuing Projects**

**Estimated Project Status as of June 30, 2017:**

Phase Two - the dual slalom will be substantially complete.

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY2023	
Estimated Completion Date	FY2023	

**Project Description:**

Build a new pool no deeper than one foot that can be used in conjunction with paid entry into the Community Pool. This could involve building it within the existing fenced-in area, or it would be an expansion of the fenced area behind the diving blocks.

The picture to the right is double the size we would want, but it helps to paint the picture -- parents sitting along the edge and toddlers playing in the shallow water.

**Project Justification:**

The Splash Pad at Sunset Park is immensely popular because it is an easy, safe way for small children to enjoy the water. The Sedona Community Pool begins at a depth of four feet deep. The pool was designed and built to be used as a competition pool, not a recreation pool. Children roughly 7 years of age and younger must either be good swimmers, hold onto the wall, sit on the stairs or be carried around by an adult. A shallow pool that could be enjoyed by toddlers and younger children would be well used and appreciated at this facility. It does not have to be large to be useful.

Dog Park Improvements

**Location:**

Posse Grounds Park

**Phase:**  of  **Project #:**   
 (If Applicable)

	Original	Revised (if applicable)
Start Date	April 2016	
Estimated Completion Date	FY2018	

**Project Description:**

Upgrade existing dog park:  
 A master plan was created in FY2017 based on community feedback, best practices, and resources available. The new Master Plan includes increases to parking, improvements to drainage and erosion control, new surfacing options, a new watering station, and many other improvements not presently scheduled to be funded. It is a beautiful "best case" Master Plan. The feedback from the community was positive.  
  
 The FY2018 amount represents carryover to complete the improvements currently in process. The FY2024 amount represents the remaining improvements outlined in the Master Plan.

**Project Justification:**

The current facility is dirty, eroding, and not functioning as well as it could. Phase 1 of this project was to be completed in FY2016. There were delays on the project. Once this phase is completed, there will be 8 additional parking spaces and 4 handicapped ADA parking spaces, a new watering station for pets and people, increased area with easy-to-maintain surfacing, a portion of artificial turf, and an improved seating area. The remaining project phase would encompass additional improvements as outlined in the Master Plan.

**For Continuing Projects**

**Estimated Project Status as of June 30, 2017:**

Plans for Phase 1 will be complete and out for bid. Depending on response to the request for bid, a contractor will be selected and construction significantly completed.

New Event Venue

Sedona

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY2026	
Estimated Completion Date	FY2026	

**Project Description:**

Repurpose or purchase approximately 5.5 acres of land that can efficiently, safely, and strategically work as an event venue. An open space area with grass, irrigation, restrooms, parking lots, electricity, and a storage building would be ideal. An additional 5 acres of land will be needed to create 300-400 parking spaces, given our development and local building code requirements. Total land proposed for event venue and parking is 10.5 acres. The land purchase would be made as part of Project # PR-1.

**Project Justification:**

Sedona is a city with multiple annual special events. Event promoters need an area that can efficiently, safely, and strategically work as an event venue. Posse Grounds Park is gaining popularity as a location to hold events; however, it has limited parking, limited lighting and electrical, multiple competing facilities, and really, the fields are maintained and meant to be used as athletic fields. Each event that takes place causes a different level of damage to the fields. If Council is going to continue to support events and even growth in Sedona, it may be appropriate to provide a venue designed for that purpose. Chapter 6 of the Community Plan says, "1. Provide and support community events, festivals, and programs that offer a variety of opportunities for social interaction and contribute to a sense of community."

The potential for rental income is strong for this new event venue, and estimates can be made once the size of the venue is determined. There are requests for information to rent Posse Grounds Park, that choose not to move forward due to the size. These potential renters would most likely be captured with this larger event venue request.

Remodel/Expand Police Facility

**Location:**  
City Hall

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY 2019	
Estimated Completion Date	FY 2020	

**Project Description:**

Design, construct, furnish, and equip a 18,721 sq. ft. police station (based on Police Facility Study). Project estimates assume utilizing existing city-owned land, and therefore, does not include costs for land acquisition.

The request for FY2018 is to perform an evaluation of possible options, such as utilization of currently owned city facilities, or construction of new facility. The FY2019 and FY2020 amounts assume a complete remodel of existing space contingent upon approval of Project MC-1.

**Project Justification:**

The current police station was never designed as a critical, public safety facility and does not allow for effective workflow processes, security of confidential/sensitive work areas, locker room privacy, shared public/other City department use, or accommodation for various support functions. Since the station opened in 1998, it has been operating as a 24/7 police facility, 365 days-a-year, which significantly wears a facility much more rapidly than an office building with limited hours of operation. The current building is lacking an interview room, proper storage areas, sergeants and officers work stations. The communication center and evidence storage rooms flood due to water seeping through the walls, and the garage leaks. Of critical importance, there are many negative safety factors associated with prisoner processing. A 2016 Police Station Study confirmed many shortcomings of the overcrowded facility, particularly that the current 6,021 sq. ft. space (7,530 sq. ft. including the parking garage) was inadequate and lacked many FEMA requirements for critical facilities. The proposed project does not include land acquisition.

**Phase:**  of  **Project #:**   
 (If Applicable)

	Original	Revised (if applicable)
Start Date	July 2017	
Estimated Completion Date	June 2018	

**Project Description:**  
 Purchase and install a new, updated CAD/RMS system to enhance internal accountability, improve interagency information exchange, and provide better customer service to the community.

**Project Justification:**  
 Other CAD/RMS systems have a single-source, complete Dispatch, Mobile and Records system for the contemporary 21st century police organization, rather than the outdated four-component system we employ now. The advantages in switching to a single-source CAD/RMS system will be instant results, instead of the current 2-4 weeks to assign a case for follow-up. Instead of forcing our Records Clerk to spend an inordinate amount of time to merge and reassign a case for follow-up, the system manages records as they are inputted. Record requests that have been taking up to 72 hours to complete will take less than 24 hours.

All surrounding law enforcement agencies use Spillman/Insight systems and share their information, which we cannot do currently. All employees will be able to track crime trends; managers can hold employees accountable for work performed; important and timely data can be retrieved instantly when needed; and the community will be able to obtain a public crime map. The new RMS system will include evidence tracking, robust data analyses, and the ability to implement the E-citation Program.

Strengthen Radio Signal

**Location:**

100 Roadrunner Drive and Airport Mesa

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	July 2017	
Estimated Completion Date	June 2018	

**Project Description:**

Enhance radio system to improve radio transmitting and receiving of police radio communications. Identify and recommend various alternatives to ensure that the radio system will meet current and future interoperability requirements.

The airport is changing the antenna locations at the southeast end of the field. We included a cost estimate of \$100,000 in FY2018 in case emergency repeaters or antennas are needed, due to the airports actions.

**Project Justification:**

A vital and critical resource to any public safety entity is reliable and effective radio communications. For the past several years, police personnel have experienced on-going problems with transmitting and receiving radio communications, including dead spots (inability to communicate based on terrain or infrastructure blockage) and frequent inaudible or garbled transmissions. This is a public safety issue that impacts our ability to keep our employees and the public safe. Slight improvements have been made to the system based on recommendations from the previous system assessment study along with the planned upgrading of other system components. A complete evaluation of improved radio transmitting and receiving communication is scheduled to be completed during FY2018. Should radio communications problems persist, the alternative recommendation of implementing a digital/analog P25 radio system will need to be considered for funding in FY2019.

**For Continuing Projects**

**Estimated Project Status as of June 30, 2017:**

The High School antenna addition was placed on hold until the FAA gives approval to move the Airport antenna to a higher level than its current location. A decision on this antenna movement request is pending, and we are hopeful to receive a decision before the end of this fiscal year.

**Explanation for Revised Project Start Date and/or Project Budget (if applicable):**

In 2016, the Sedona Fire District was told by the Airport Commission that the airport will be moving all radio antennas on the southeast side of the airport to the southwest end of the airport. This may cause radio communications along SR 179 to be negatively impacted. The Fire District has since transitioned to another radio system; however, the movement of these antennas will affect the Police Department's radio system.

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	July 2017	
Estimated Completion Date	June 2018	

**Project Description:**

1. Expand the Women's restroom/locker area to meet the basic needs of current female employees while planning for the needs of future female employees within the Police Department;
2. Create a recordable interview room;
3. Add a secured equipment supply room;
4. Convert the old armory into a volunteer room.

The design for these renovations will be completed internally through the Public Works Department.

**Project Justification:**

1. The police station opened in 1998; it has been operating as a 24/7 facility, 365 days-a-year. This building was originally designed as an office building and not a police department. The Sedona Police Department (SPD) currently has 12 females working within the department, not including the volunteers. Our female employees have to share a small restroom space that has two toilet stalls and only seven lockers; the other lockers are located in the records area. This funding will convert and merge two small rooms into additional space for the female locker room.
2. There is no dedicated area within the SPD to conduct a proper, recorded interview with a suspect. This funding will convert an unused room into an interview room.
3. There is no secure area to store police equipment and supplies. This funding will convert a closet area adjacent to the report writing room into an equipment/supply area.
4. The armory was previously moved to the lower parking garage, so this funding will convert the newly freed space into an office for our volunteers.

Wastewater Treatment Plant/Shooting Range

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	July 2016	
Estimated Completion Date	June 2018	

**Project Description:**

A few years ago, a study detailing the renovation and enhancement of the police shooting range was completed. Most of the improvements have been completed within the past year, except for the installation of a bathroom and a classroom. The completion of this project will result in a fully functioning bathroom with the ability to flush toilets and wash hands.

**Project Justification:**

The Police Department shooting range is used throughout the year by the Sedona Police Department and 17 surrounding law enforcement agencies. When the range is in session, there are approximately 15-20 persons participating, and currently only one Porta-Potty, which does not have running water to wash hands. Funding for this project will provide two separate bathrooms with potable water for the toilets, and fresh water to wash hands and faces.

**For Continuing Projects**

**Estimated Project Status as of June 30, 2017:**

The restroom design is in process, and the construction should begin in August 2017. From the prior years, we have spent \$453,750 to improve the protection berms for both the handgun and rifle side, chip seal the handgun side, extend the rifle's 100-yard shooting pad, and replace the large rocks in the parking lots with small rocks to avoid injuries.

Figure 17: Regional and Neighborhood Roadway Connections

**Project Justification:**

The Transportation Master Plan, Strategy 1 Neighborhood and Regional Roadway Connections, states communities that are well-connected within their own boundaries make better use of thoroughfares for through-travel by offering parallel, and alternate routes for local trips.

While Thunder Mountain Road provides a limited alternative to SR 89A, north of SR 89A, additional connections will further enhance connectivity. Mobility pattern data shows 1,200 daily internal trips in West Sedona north of SR 89A. Connectivity will enable use of routes other than SR 89A. A parallel route south of SR 89A will establish connectivity between subdivisions south of SR 89A. Connectivity should also be pursued to provide an alternative route connecting West Sedona to SR 179 destinations.

New Pedestrian Crossings

**Location:**

Uptown Sedona and SR 179

**Phase:** 1 of 4 **Project #:** ST-2  
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY2018	
Estimated Completion Date	FY2018	

**Project Description:**

Construct pedestrian controlled street crossings:  
**FY2018:** Signal Crossing SR 89A at Arroyo Roble Rd  
**FY2019 & FY2020:** Pedestrian over crossing SR 89A - Wayside

**Project Justification:**

The Transportation Master Plan, Strategy 2 Pedestrian Crossings, states "... (at) uncontrolled (crosswalks) pedestrians cross upon arrival at the crosswalk. This can lead to numerous interruptions to through traffic ... during peak pedestrian times as pedestrians continually arrive at the crosswalk... The stop-and-go traffic ... backs up traffic."

Uptown/SR 179 Street Improvements

**Location:**

Uptown Sedona

**Phase:** 1 of 4 **Project #:** ST-3  
(If Applicable)

	Original	Revised (if applicable)
Start Date	July 2017	
Estimated Completion Date	June 2018	

**Project Description:**

Construct Uptown/SR 179 Street Improvement Projects:  
**FY2018 & FY2019:** 4-foot median through Uptown with 2nd southbound thru lane (including roundabout at Jordan Road)  
**FY2019:** Minor projects  
**FY2020:** Y bypass lanes (northbound and southbound)  
**FY2021&2022:** Widen Schnebly Roundabout to two lanes and widen SR 179 from Schnebly to the "Y" to two lanes in each direction; include a grade-separated pedestrian crossing at Tlaquepaque (pedestrians going under the roadway)  
**FY2023:** Roundabout at north end of Uptown

**Project Justification:**

The Transportation Master Plan, Strategy 3 Uptown Sedona Street Improvements, indicates traffic congestion in Uptown Sedona represents a primary source of frustration for residents and visitors. Traffic delays result from pedestrian crossing activity, parking maneuvers, and vehicles turning to and from side streets. A typical traffic lane, under ideal conditions, has a capacity of approximately 1,900 vehicles/hour. Traffic signals, on-street parking, pedestrian crossings, and turning vehicles all reduce the capacity of the roadway, and traffic volumes during peak season – which is primarily comprised of through travelers and visitors – exceed the capacity of the roadway. Southbound SR 89A consists of a single travel lane. A second southbound travel lane would improve traffic flow and reduce conflicts caused by vehicles turning and parking. Median improvements and controlled pedestrian crossings would also improve capacity. Y bypass - separating turning movements from through traffic would improve intersection operations.

Improvements to SR 179 Schnebly Roundabout and SR 179 from Schnebly to the "Y" to two lanes in each direction, and a grade-separated pedestrian crossing at Tlaquepaque (pedestrians going under the roadway), will improve efficiency and improve travel time along the SR 179 corridor.

Enhance Transit Services - Fixed Route

**Location:**

Citywide

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY2021	
Estimated Completion Date	FY2021	

**Project Description:**

Enhance Transit Service:  
**FY2021:** Extend Verde Lynx to the Village of Oak Creek (VOC)  
**FY2022 & FY2023:** Provide park-and-ride lots

**Project Justification:**

The Transportation Master Plan, Strategy 4 Enhanced Transit Service - Fixed Route, states that transit is most efficient when a series of high demand activity centers are linked via linear corridors. This allows for high visibility of available transit routes as well as a clear understanding of where the transit goes and how to access the service. Sedona's two major thoroughfares, SR 89A and SR 179, are ideal opportunities for transit service "trunk" lines. These two main routes throughout the region serve employment centers, schools, visitor attractions, and civic spaces. This allows destinations to be served with a minimum of out-of-direction travel for passengers, creating a more efficient system and a more desirable customer experience. The Verde Lynx service, operated by Cottonwood Area Transit (CAT), does not extend south to the VOC.

**Project Title:**  
Oak Creek Canyon Management Plan

**Location:**  
Uptown Sedona - Oak Creek Canyon

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY2024	
Estimated Completion Date	FY2024	

**Project Description:**

Traffic congestion is common in Oak Creek Canyon (OCC) during peak tourism season. While OCC is outside of City of Sedona incorporated boundaries, traffic in Sedona is inextricably connected to traffic in OCC since SR 89A through Uptown is the main route to and from OCC. Traffic congestion in Oak Creek Canyon can be addressed by:  
 1. Managing demand (reducing the number of people visiting the Canyon),  
 2. By more efficiently managing supply (trips to and from OCC).  
  
 FY2024 includes a budget allocation for a shuttle system. Total startup capital cost is estimated to be \$2 million. Since this would be a multijurisdictional effort, the FY2024 capital costs only account for 25% of the total estimated cost.

**Project Justification:**

The Transportation Master Plan, Strategy 6 Oak Creek Canyon Management Plan, states nearly 13,000 daily person trips are made to and from OCC on an average weekday in peak season. Approximately 1/2 of these trips originate or terminate outside of the City of Sedona (i.e., individuals do not stop in Sedona going to or from OCC).

For the projects not yet funded, the annual operating costs would increase by \$125,000 at the time the project is started.

**Location:**

Citywide

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY2021	
Estimated Completion Date	FY2022	

**Project Description:**

Construct various improvements related to improving walkability throughout the City:  
**FY2021 & FY2022:** Posse Grounds Overflow/Trailheads Parking Lot  
**FY2022 & FY2023:** Sanborn/Thunder Mountain Multi-Use Path  
**FY2023 & FY2024:** Northview Road Sidewalk

**FY2027 & FY2028:** Chapel Rd Sidewalk  
**FY2028 & FY2029:** Rodeo Rd Sidewalk  
**FY2029 & FY2030:** Andante Rd Sidewalk

**Project Justification:**

The Transportation Master Plan, Strategy 7, Walking and Bicycling Facilities, indicates that these improvements collectively encourage use of alternative modes of travel in Sedona, and support a park-once culture where visitors are encouraged to leave their vehicles at their place of lodging. Some of the projects in FYs 2022-27 may be considered to be more of a multi-use path rather than typical sidewalks.

For the FY2021 & FY2022 project, the lot would serve as an overflow lot with connections to the Sugarloaf and Soldiers Pass trailheads. It would also serve as a much needed overflow lot for Posse Grounds Park. With the park now hosting several large events throughout the year and the addition of the Bike Park and Barbara's Park, overflow parking will be needed on a more regular basis.

Travel Information System

**Location:**

Various

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	August 2017	
Estimated Completion Date	February 2018	

**Project Description:**

Construct various improvements related to providing travel time data and multimodal/information centers:

**FY2018:** Travel information technology on corridors leading to Sedona - Implement advanced Intelligent Transportation System (ITS) technology and infrastructure on the corridors leading to Sedona, at alternate routes' decision points such as SR 260/SR 89A in Camp Verde and at SR 89A/I-17 in Flagstaff. The technology will have the capability of communicating real-time travel times to inbound Sedona travelers, via advanced highway signing and dynamic travel time information, allowing travelers to make a decision based on their preferred travel time. Data will be obtained either by private data providers, or through a system developed collaboratively with ADOT. This would also include development of a smartphone app to provide travel time, transit and parking information.

**FY2025:** Information Center/Multimodal Transportation Center in Uptown Sedona

**FY2026:** Travel Information Center on SR 179 near the Red Rock Ranger Station

**Project Justification:**

The Transportation Master Plan, Strategy 8, Travel Information System, indicates real-time traveler information will maximize the efficiency and capacity of SR 179 and SR 260. Travelers who choose to use SR 260, based on real-time travel information, would arrive in Sedona quicker and under less-congested routes. The mobility pattern data shows that approximately 4,000 weekend trips, and 2,500 weekend trips could potentially be diverted from SR 179 to SR 260/SR 89A to access Sedona.

SR 89A/West Sedona Access Management

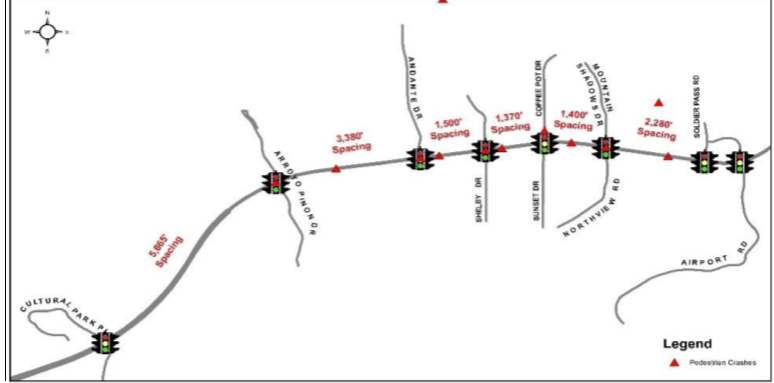

**Location:**  
SR 89A in West Sedona

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY2021	
Estimated Completion Date	FY2022	

**Project Description:**

This project would include:  
**FY2021 & FY2022:** Construction of a continuous raised median on SR 89A with median breaks at every 1/4 mile between Arroyo Pinon and Airport Road. Project would also include shared use path (or buffered bike lane) on SR 89A.  
**FY2022 & FY2023:** Identification of redundant driveways that can be consolidated and closed.  
**FY2023 & FY2024:** Installation of signalized Pedestrian Hybrid Beacons (PHB) to improve pedestrian safety. Anticipated that 2 beacons would be needed.  
**FY2024 & FY2025:** Signal at Foothills South and SR 89A once further development in that area occurs.

**Project Justification:**

The Transportation Master Plan, Strategy 9, SR 89A/West Sedona Access Management, states that the Federal Highway Administration (FHWA) estimates a 39% crash reduction for all crash types and severities with the implementation of a raised median and access management. Other studies have shown that medians improve lane capacity by up to 30%. Poor access spacing and design can reduce speeds by 10 mph. Consolidation of driveways can provide more room for sidewalks and landscaping, improving corridor aesthetics in addition to providing mobility and safety benefits.

Uptown Parking & Wayfinding

**Location:**

Uptown

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	August 2017	
Estimated Completion Date	December 2017	

**Project Description:**

**FY2018:** The first phase of this project would include improving the branding and wayfinding throughout the Uptown area to become more standardized or consistent in terms of placement, visual appearance, and navigational guidance. Parking branding signage should be coordinated with marketing and education materials, which should also be distributed to business owners to communicate with customers. It would include conversion of Wilson Road and Smith Road to one-way streets to maximize parking efficiency and safety.

**FY2019:** Expand off street parking areas, designate off-street lot locations for tour bus parking and employee parking, and add paid on-street parking on Jordan Road.

**FY2023 & FY2024:** Multi-level parking structure

**Project Justification:**

The Transportation Master Plan, Strategy 10 Uptown Parking and Wayfinding, indicates that these improvements will provide better balance within the parking system, with off-street utilization more closely matching on-street utilization, higher customer satisfaction and reduced complaints, and reduced congestion related to searching for parking.

**For Continuing Projects**

**Estimated Project Status as of June 30, 2017:**

Wayfinding and informational signage will have been provided as part of the implementation of the paid parking kiosks on main street. The next phase of wayfinding and signage will be for the purpose of expanding this to the off-street lots.

Traffic Signal Operations/Management

**Location:**  
City-wide

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	December 2017	
Estimated Completion Date	February 2018	

**Project Description:**

ADOT is currently planning to install fiber and wireless radios on SR 89A in West Sedona. This project would include partnering with ADOT to provide IT support and devices that would allow for managing, monitoring, and coordinating traffic signals, along with collecting signal performance measures and travel times in real-time. It will also include the signals that are owned and maintained by the City in the Uptown area, to be tied in to the overall network. These metrics would provide important information to be able to develop day-of-week, and seasonal traffic timing and signal coordination plans. This project would also include providing video traffic monitoring, and travel time data for the SR 179 corridor.

**Project Justification:**

The Transportation Master Plan, Strategy 11 Traffic Signal Operations / Management, indicates that traffic signal timing plans were last updated in 2013, and do not vary by day of the week or by month in order to accommodate peak tourist seasons/weekends. Time-of-day and seasonal signal timing plans are a proactive approach to managing seasonal traffic fluctuation. A communications system with video detection will continuously collect traffic volume data, which can be used to develop seasonal or day-of-week traffic signal timing plans. Enabling local monitoring of the traffic signal system's operations will improve response to over-congested conditions and incidents. Traffic signal timing plans represent a very simple, cost-effective technique to maximize operational efficiency of a corridor. FHWA estimates that regular evaluation of traffic signal timing plans can lead to reductions in traffic delay ranging from 15% to 40%.

**For Continuing Projects**

**Estimated Project Status as of June 30, 2017:**

Staff has begun the coordination process with ADOT to determine how the City could be coordinated within ADOT's network.

SR 89A Weed Barrier and Landscape Improvements

**Location:**  
SR 89A from Dry Creek Road to just west of Arts Village Drive

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY2024	
Estimated Completion Date	FY2025	

**Project Description:**

This project involves the installation of a dual-layer weed barrier in the medians and behind the curb of SR 89A from Dry Creek Road to Upper Red Rock Loop Road. The dual-layer weed barrier consists of black plastic sheeting covered by a geotextile and would be installed under the existing rock mulch areas. Most landscape areas will need a replenishing of rock mulch and some landscape plants may be replaced. The FY2024 design and FY2025 construction includes providing landscape improvements at the western end of City limits between Upper Red Rock Loop Road and just west of Arts Village Drive.

**Project Justification:**

Expected savings from the dual-layer weed barrier installation include reduced water usage for irrigation, due to the barrier limiting evaporation from the soil, and reduced labor and herbicide use. Test results show a 97% reduction in evaporation with the dual-layer weed barrier. This dual-layer weed barrier was installed in some areas during the SR 179 Enhancement Project, and on SR 89A between Airport Road and Dry Creek Road, and has shown a decrease in maintenance required including herbicide use. The overall project will be aimed at the beautification of the western gateway to the City.

Start Date	September 2017	
Estimated Completion Date	December 2017	

**Project Description:**

The project will include a mill and overlay, with minor shoulder widening. The segments of Dry Creek Road included are between White Bear Road and Color Cove Road and between Forest Service Road 152 and the city-limit boundary. The City partnered with Yavapai County to combine this project with their Boynton Pass Road project.

**Project Justification:**

The overlay work is needed based on a standard pavement overlay cycle. The pavement will have degraded by FY2018, to the point of overlay being necessary. The majority of the budget will be funded through Surface Transportation Program (STP) funds. These are federal funds administered by the Arizona Department of Transportation (ADOT) through the Northern Arizona Council of Governments (NACOG).

**Phase:**  of  **Project #:**   
 (If Applicable)

	Original	Revised (if applicable)
Start Date	FY2019	
Estimated Completion Date	FY2020	

**Project Description:**  
 This project consists of a study, design, and construction to improve existing Ranger Road/Brewer Road between SR 179 and SR 89A.

**Project Justification:**  
 The improvement of SR 179 has routed additional traffic onto Ranger and Brewer Roads. Also, traffic volumes are nearing the capacity of the Y-Intersection. The current intersection and roadways are not adequate for present traffic and are in need of upgrading. Future increases in traffic will create safety issues, render the intersection ineffective, and create added congestion at adjacent intersections. The intent of the improvements would be to improve the efficiency of the intersection.

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY2022	
Estimated Completion Date	FY2022	

**Project Description:**

**FY2022:** This project would add a new public restroom facility to the Uptown Parking Lot property. The facility would include modern fixtures and ADA access. An approved budget would allow for the development of plans and specifications for the new improvements.

**FY2023:** Improvements are needed at the Hitching Post public restrooms. The existing restrooms are in need of ADA updates, renovations in the existing hardware and mechanical upgrades. An approved budget would allow for the development of plans and specifications for improvements to the existing restrooms.

**Project Justification:**

**FY2022:** The Uptown Pedestrian Access Improvements project, which was completed in FY2017, is intended to improve the use of the Uptown Parking Lot. In addition, the implementation of paid parking kiosks on Main Street will promote use of the Uptown Parking lot. With these improvements, more people will pass through the area, and support facilities will be needed.

**FY2023:** This building has been in need of improvements and repair for a number of years. The demand on the building has increased over the years. The Hitching Post public restrooms are in the heart of the Uptown district and are a needed amenity for the area. The level of maintenance required over the past couple of years has increased significantly.

**Project Description:**  
Design and installation of storm drainage improvements in the Grasshopper Lane area. The design in FY2018 is for construction phase services. Construction would also be in FY2018. In this phase of construction within the Coffee Pot Drainage Basin, existing drainage capacity will be increased.

**Project Justification:**  
The 2005 Stormwater Master Plan identified this work. Storm drainage improvements will reduce damages from flooding, prevent natural erosion from occurring, and control silt runoff in the Grasshopper Lane area. These improvements are required to provide downstream capacity to allow capacity increasing improvements in the Little Elf area. This project is identified in the Stormwater Master Plan as CP-C6,C7, with portions of private property between the two projects.

Back O' Beyond Road

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	July 2019	
Estimated Completion Date	December 2020	

**Project Description:**

Development of plans, specifications, and cost estimate to eliminate one low water crossing along Back O' Beyond Road. Corps of Engineers' requirements will be determined, and right-of-way needs will be defined. The Yavapai County Flood Control funds do not become available until FY 2020.

**Project Justification:**

This project will develop a design and costs to improve public road ingress and egress for the Cathedral Rock Trailhead parking area and some private residential parcels. During large monsoon storms, this area is routinely isolated. From a public safety standpoint, trailhead parking area ingress and egress is important. This project provides drainage improvements not shown in the 2005 Stormwater Master Plan.

### Project Summary

**Project Title:**  
Brewer Road/Tlaquepaque Drainage Area Improvements (Coconino County)

**Location:**  
Brewer Road/Tlaquepaque Area

**Phase:** 4 of 4 **Project #:** SD-6  
(If Applicable)

	Original	Revised (if applicable)
Start Date	November 2017	
Estimated Completion Date	April 2018	

**Project Description:**

This project funds design and construction of storm drainage improvements for the Brewer Road/Tlaquepaque area per the 2005 Stormwater Master Plan. Prior year costs represent the lower reach of the Phase 4 channel improvements (Phase 4A), and FY2018 includes the upper reach of the Phase 4 channel improvements (Phase 4B). \$500,000 of the FY2017 and FY2018 costs are reflected as coming from outside sources, due to cost-sharing with the property owners who will directly benefit from these improvements.

**Project Justification:**

A portion of this project was identified in the 2005 Stormwater Master Plan as a high priority. This project is identified in the Stormwater Master Plan as SP-C1,C2. Portions of this project also include improvements on private property.

### For Continuing Projects

**Estimated Project Status as of June 30, 2017:**

The lower reach of Phase 4 construction (Phase 4A) complete.

**Explanation for Revised Project Start Date and/or Project Budget (if applicable):**

Cost revised based on Engineer's Opinion of Probable Construction Cost received October 2016.

### Project Summary

**Project Title:**

Improvements to Soldier Wash Crossing of Brewer Road (Coconino County)

**Location:**

Brewer Road at Soldier Wash

Phase:  of  Project #:   
(If Applicable)

	Original	Revised (if applicable)
Start Date	February 2017	
Estimated Completion Date	June 2018	

**Project Description:**

This project includes design and installation of storm drainage improvements at the Soldier Wash crossing of Brewer Road. The capacity of the existing drainage culvert would be increased to pass the 25-year design storm. These improvements will be in the Coconino County Flood Control area.

**Project Justification:**

The 2005 Stormwater Master Plan identified this project as a needed improvement. Storm drainage improvements will increase the crossing capacity from 1,084 CFS to 2,200 CFS (25-year runoff event), thus reducing damages from flooding and preventing natural erosion from occurring. This project will make future flooding of the Hummingbird House less likely. This is the last project planned in the Soldier Wash area.

### For Continuing Projects

**Estimated Project Status as of June 30, 2017:**

It is expected that the design work will be complete.

Project Balance

Estimated Expenditures through June 30, 2017	\$94,950
<b>Budget Balance Remaining</b>	<b>\$856,900</b>

**Explanation for Revised Project Start Date and/or Project Budget (if applicable):**

The original budget of \$700,000 for construction did not account for the multiple utility relocations that are now anticipated. It is also expected that the new bridge will have a curve to aid hydraulics (the curve drives up the cost).

Juniper Hills Area Drainage Improvements (Coconino County)

**Location:**  
Juniper Lane

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	July 2017	
Estimated Completion Date	June 2019	

**Project Description:**

Design and installation of Storm Drainage Improvements in the Juniper Lane Area. Capacity of existing drainage improvements would be increased from a point along Juniper Lane, just north of Cindy Lane, to an outlet just south of New Castle Lane. These improvements have been identified in the budget to occur after the completion of the majority of the improvements in the Brewer/Tlaquepaque area. These improvements will be in the Coconino County Flood Control area. To install this storm drainage improvement, the removal of approximately 600 feet of private street structure will occur. The City will replace the street but will not take ownership of or maintain the replaced street in the future.

**Project Justification:**

The 2005 Stormwater Master Plan did not identify this work; however, community representatives have communicated their concerns to City staff regarding the lack of storm drainage improvements in this area. In addition, projects in the Yavapai County Flood Control area, identified in the 2005 Stormwater Master Plan, do not compete with this project for Coconino County Flood Control funds. Storm drainage improvements will reduce damages from flooding, prevent natural erosion from occurring, and control silt runoff in the Juniper Lane area.

**Project Description:**  
Development of plans, specifications, and cost estimate to improve the low water crossing at the west end of West Mallard Drive, for the driveway leading to the Mallard Wastewater Lift Station. Corps of Engineer requirements will be determined, and right-of-way needs will be defined. Coconino County Flood Control District Funds have been designated for this project.

**Project Justification:**  
This project will develop a design and costs to improve public road ingress and egress to the Mallard Wastewater Lift Station during the summer monsoon season. During summer monsoon storms, this area has been isolated at times, and road embankment is undermined and requires repair. This project provides drainage improvements not shown in the Stormwater Master Plan, and mainly benefits access to the wastewater lift station.

### Project Summary

**Project Title:**

Stormwater Drainage Easements Acquisition

**Location:**

City-Wide

Phase:  of

Project #:

(If Applicable)

	Original	Revised (if applicable)
Start Date	On-going	
Estimated Completion Date		

**Project Description:**

Acquisition of drainage easements throughout City. It is proposed that initially the City begin acquiring drainage easements for the major drainage ways for Coffee Pot and Dry Creek (designated together as the Carroll Canyon subbasin). The project would require identification of drainage ways to be acquired, sizing of easements, appraisal of easements, and offers to purchase easements in the City's name. This assumes work is contracted out.

**Project Justification:**

There are major drainage ways throughout the City that are identified only as public drainage easements. The primary responsibility for maintenance of these drainage ways lies with the property owner. For public safety and maintenance resources, it may be better for the City of Sedona to own and maintain these drainage ways. City ownership will help to assure more uniform maintenance of major drainage ways, which should reduce the adverse impact of major storms on areas throughout the City. In prior years, these funds were used for a survey related to AAA Industrial Area drainage, and for acquisition of a drainage channel along Coffee Pot Drive adjacent to the Casita Bonita Condos development. Staff expects these funds to be necessary in FY2018 for acquisition of easements within the Grasshopper Lane area of the Coffee Pot Basin, Brewer Road Crossing, and Juniper Lane.

Stormwater Master Plan Update & Project Implementations

**Location:**  
City-Wide

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	July 2017	July 2019
Estimated Completion Date	June 2022	June 2022

**Project Description:**  
Complete an update of the 2005 Stormwater Master Plan. This will include looking at the hydrology, and facility improvements and priorities. This will also account for the infrastructure completed since the 2005 Plan was complete.  
  
In FY2021, the Master Plan would be continually updated to include remapping the floodplains changed by previous storm drainage improvement projects.  
  
The FY2021-2027 construction funds are allocated to accommodate projects recommended in the study, in the Coconino and Yavapai County areas. This is due to already having projects designated from the current Stormwater Master Plan for this time period. At this time, we expect these projects to be small in scope.

**Project Justification:**  
Master Plans are typically updated every 5 to 10 years. Since the 2005 Plan was complete, major infrastructure has been added to the City's storm drainage system. For program improvement projects, it is necessary to account for the improvements and changes to the storm drainage system that have occurred since the last update. In addition, since the 2005 Plan was complete, priorities for storm drainage construction may have changed, and new priorities will be reflected by updating the Plan.

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	July 2016	
Estimated Completion Date	June 2017	August 2017

**Project Description:**  
This project provides design and construction for rebuilding the concrete headworks channels and coating the Parshall Flume metering station at the headworks.

**Project Justification:**  
The headworks Parshall Flume metering station and concrete channels were a part of the original construction of the WWRP. The area receives an average daily flow of raw wastewater influent of 1.2 million gallons per day. Influent is naturally high in hydrogen sulfide gas, which is highly corrosive. The concrete channels have been deteriorating for many years. In 2014, the damaged concrete channels were patched and coated to preserve the life of the channels. The coating is now separating, and further deterioration is occurring. This project will include rebuilding the concrete channels and providing new coating to prevent/slow future deterioration. The coatings on the Parshall Flume appear to be in good condition; however, this project will further evaluate the coatings at the metering station, and any repairs needed will be implemented.

## Project Summary

**Project Title:**  
 SCADA System & Configuration Upgrade

**Location:**  
 Wastewater Reclamation Plant (WWRP)

**Phase:**  of  **Project #:**   
 (If Applicable)

	Original	Revised (if applicable)
Start Date	July 2017	
Estimated Completion Date	June 2019	

**Project Description:**

SCADA (Supervisory Control And Data Acquisition) is our computerized control system for operating and monitoring plant processes. Upgrades to the SCADA system components ensures long-term functionality and security for this critical system. Functionality involves upgrading PLCs (Programmable Logic Controllers) to devices supported by the manufacturer and for which parts are readily available. It also involves making repairs to the existing fiber optic system. The security aspect is concerned with configuring the system to reduce unauthorized system access from outside the City. Only planning to pursue priorities 1 as part of this project budget. FY2018 is for Appendix B work except Area 4 and Blower, Appendix C, and Appendix D. FY2019 is for Area 4 if the pump station will remain part of the system in the long term. This decision is dependent upon the Dells land-use decisions.

**Project Justification:**

A 2016 study noted that a number of system control devices (Programmable Logic Controllers - PLCs) were no longer supported by the manufacturer and parts would become more difficult to obtain. In order to reduce the SCADA failure without an available repair, recommendations were made to upgrade the PLCs and associated devices. In addition, the fiber optic system has been compromised by rodent damage. The current SCADA system has security issues. FY2018 will focus on Priority #1 repairs. If this project is not pursued, the City can expect failures of the SCADA system. This would mean that staff would monitor and control more of the process manually. The system operates 24 hours per day. The existing staff level would not be able to do this and likely more violations of our permit with ADEQ would occur. Failure to maintain the system can result in fines of up to \$25,000/day for the first violation and \$50,000/day for the second. The current compensation for a wastewater operator level 2 at the City is about \$44,500 per year.

## For Continuing Projects

**Estimated Project Status as of June 30, 2017:**

A study identifying needs has been completed. Captured operating data (a historian) was completed in June 2016. FY2016 expenditures authorized Computer System Upgrades funding. PLCs for blowers were installed in FY 2017 as part of plant upgrade project.

Skid Steer & Concrete Driveway for Air Drying Beds

**Location:**

Wastewater Reclamation Plant (WWRP)

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	August 2017	
Estimated Completion Date	October 2017	

**Project Description:**

Purchase of a Skid Steer and construction of a concrete driveway along the southerly edge of air drying beds constructed in 2011.

**Project Justification:**

In order to improve the efficiency of the air drying beds constructed in 2011 (drying beds 5-10), it is necessary to turn the wet sludge to improve the squeezing of water out of the sludge. The hindrance to doing this has been that sludge would get on the wheels of the tractor turning the sludge. This would constitute a source of stormwater runoff pollution as the tractor travelled along a plant roadway, because the sludge would drop on the road. This is a concern because of the City's Multi-sector stormwater permit identifies the beds as a potential pollutant source for which the identified practice is to contain the sludge in the drying beds until dry. The most recent operating permit issued to the City (January 18, 2017) requires that the sludge drying beds have a one-foot freeboard. The older drying beds (1-4 per permit identification) are about 16 inches deep. They had been operating with a freeboard of about 4 inches. The reduction in sludge drying capacity in beds 1-4 requires that operational and structural changes be implemented. The measures considered are:

- 1) Installation of an auger in beds 5-10 estimated \$200,000+
- 2) Purchase Skid Steer and construct concrete drive along beds 5-10 estimated \$50,000
- 3) Reconstruct bed 1-4 similar to beds 5-10 estimated \$2+ million design/construction based on 2010 costs for beds 5-10
- 4) Do not improve beds but increase use of the centrifuge by 2 days a month during months of May-October (6 months) estimated annualized cost of \$4,900

Construction of Wastewater Recharge/Injection Wells - Wells 3 & 4

**Location:**

Wastewater Reclamation Plant (WWRP)

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	FY2010	
Estimated Completion Date	FY2020	

**Project Description:**

The project represents the construction of up to 6 recharge (injection) wells for the disposal of up to 2.0 million gallons per day of treated effluent:  
**Wetlands:** Shown under the demolition/site prep category, included the addition of 27 acres of wetlands and was completed in FY2012.  
**Recharge Well No. 1 and No. 2:** Design, construction (drilling and equipping) completed in FY2017.  
**Recharge Well No. 3 and No. 4:** Includes design beginning in FY2017 and complete in FY2018. The construction (drilling/equipping) portion is shown in FY2018 and FY2019.  
**Recharge Well No. 5:** Includes design, beginning in FY2019 and complete in FY2020, and drilling/equipping in FY2020. The construction (drilling/equipping) portion is shown in FY2020.  
**NOTE:** Six recharge wells were identified in the Effluent Management Optimization Plan; however, water demand from future land uses in the area, and/or efficiency of wells 1-5 may result in Recharge Well No. 6 not being necessary.

**Project Justification:**

In 2013, based on evaluation of wetlands, spray irrigation, and aquifer recharge, the Effluent Management Optimization Plan was completed. The plan evaluated the optimum combination of effluent management strategies at build-out flows, or 2.0 million gallons per day (MGD). The recommended effluent management strategy includes 27 acres of wetlands, 100 acres of spray irrigation (reduced from 300 acres), and up to 6 recharge wells.

**For Continuing Projects**

**Estimated Project Status as of June 30, 2017:**

The construction of Recharge Well No. 3 and No. 4 is expected to be 100% complete by June 30, 2017.

Wastewater Collections System Improvements

**Location:**

Citywide

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	July 2017	
Estimated Completion Date	June 2024	

**Project Description:**

This project is a multi-phase project as a result of the Wastewater Master Plan update completed in FY2017:  
 FY2018 includes improvements to the Mystic Hills and Chapel lift stations to increase wet well capacity and upgrade pumps.  
 FY2019 includes rehabilitation to the Brewer Road force main to add capacity to reduce surcharging at the Brewer Road lift station. In addition, FY2019 will include repairs to the 8-inch sewer main along the SR 179 bridge.  
 Projects in FY2020 and beyond include repairs to fractured or deteriorating pipe citywide and converting cluster system connections into standard sewer connections, and a comprehensive study for condition assessment of the sewer main that runs from the Carroll Canyon lift station to the Wastewater Reclamation Plant (WWRP).

**Project Justification:**

The Wastewater Master Plan Update, completed in FY2017, included both condition assessments of existing sewer infrastructure and capacity analysis of the sewer collection system. The Master Plan identified several areas of pipe citywide that were in poor condition, having either deterioration from hydrogen sulfide gases or pipe failures/fractures. In addition, the Master Plan evaluated the operation of the City's 17 lift stations and identified improvements that are required for proper function of the lift stations. Finally, the Master Plan evaluated the need to remove cluster systems from the collections system, converting them to a standard sewer connection.

Replace WWRP Bar Screens and Tertiary Filters

**Location:**  
Wastewater Reclamation Plant (WWRP)

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	Fall 2016	March 2017
Estimated Completion Date	June 2017	August 2018

**Project Description:**  
This project provides design and installation of new bar screens and tertiary filters.

**Project Justification:**  
Replacement parts for the existing headworks are becoming more difficult to find because the equipment is obsolete. This results in long down times of approximately 2 months, a couple times a year when equipment fails. In addition, the headworks influent flow channel has experienced deterioration from hydrogen sulfide gases produced by raw wastewater. The project will replace 2 bar screens with more modern equipment and re-coat the portion of the influent flow channel that has deterioration. In addition, design for the tertiary filter upgrades is scheduled for FY2018. The construction of the tertiary filter upgrades has been accelerated to FY2018 and FY2019 in order to improve efficiency of the existing filters and to avoid costly replacement of sand media that is currently being used for filtration. The design will look at different technologies when choosing a replacement for the filters.

**For Continuing Projects**

**Estimated Project Status as of June 30, 2017:**  
The bar screen replacement project is anticipated to be approximately 50% complete.

**Location:**

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	July 2022	
Estimated Completion Date	June 2023	

**Project Description:**

This project would provide an update to the Wastewater Master Plan for the collection system, if necessary.

**Project Justification:**

Previous updates to the Wastewater Master Plan were completed in 2000 and 2017. Industry standard is to update master plans every 5 years in order to address capacity issues due to growth and to identify infrastructure improvements needed due to an aging system. The funds allocated in FY2023 are to provide an update to the Wastewater Master Plan that is being completed in FY2017. Previous budget years showed funds allocated for design and construction in FY2018-FY2022. These funds have been added to a new, multi-phase project titled "Wastewater Collection System Improvements" (WW-5).

Wastewater Reclamation Plant (WWRP)

**Phase:**  of  **Project #:**   
(If Applicable)

	Original	Revised (if applicable)
Start Date	July 2022	
Estimated Completion Date	June 2023	

**Project Description:**

This project provides milling and overlay of the asphalt access roads and parking areas at the Wastewater Reclamation Plant. Design for the project will be completed in-house.

**Project Justification:**

Several construction projects throughout the plant have required asphalt roadways to be excavated and patched. Deterioration of parking areas and the driveway has been observed and continues to progressively worsen. This project will provide mill and overlay of all asphalt areas. The funding for this project has been allocated for FY2023, when major projects that may further damage existing asphalt will be complete.

## CITY MANAGER'S OFFICE – Tourism Management & Development

<b>Program Expenditures:</b>	<b>\$2,186,490</b>
<b>Supplies &amp; Services:</b>	<b>\$2,176,400 (100%)</b>
<b>Internal Charges:</b>	<b>\$ 10,090 (&lt;1%)</b>

With tourism being the primary economic engine in Sedona, the City contracts with the Sedona Chamber of Commerce and Tourism Bureau SCC&TB to initiate, implement, and administer a comprehensive sales and marketing program designed to attract visitors and meeting delegates to the City, thereby gaining revenues to the community and contributing to the overall economic growth of the Sedona business community and the City in general. This contract also funds their operation of the visitor center and tourism product development initiatives which can help enhance and expand the destination's appeal to visitors and/or improve the quality of life for residents by mitigating some of the unintended consequences of a robust tourist economy.

### FY 17 Accomplishments

- Developed and launched the Walk Sedona Google-based webmap.
- Completed the Global Sustainable Tourism Assessment.
- Raised \$25,000 from private sponsors for the Sedona Trail Keepers matching funds program to support the maintenance and development of trails in the USFS Red Rock Ranger District.
- Developed Sedona's Secret 7 campaign which was awarded \$100,000 worth of ad value from the Arizona Office of Tourism's Grand Pitch Contest.
- Over 306,000 visitors assisted in-person at the visitor center, via email, via telephone and via text.

### FY 18 Objectives

- Focus on quality of visitor, not quantity including targeting visitors with an annual household income of \$150,000+, out of state and international visitors, and longer length of stays.
- Continue to focus on attracting visitors during slow periods including summer & winter, and weekday visitors.
- Accelerate sales efforts in group and international markets.
- Elevate the Arts and Wellness as reasons visitors come to Sedona.
- Develop a Sustainable Tourism Plan to facilitate sustaining a healthy balance between tourism and the quality of life in Sedona.

# HUMAN RESOURCES

## Mission Statement

To optimize the City of Sedona's human capital by recruiting, developing, and retaining a workforce that achieves the mission and goals of the organization.

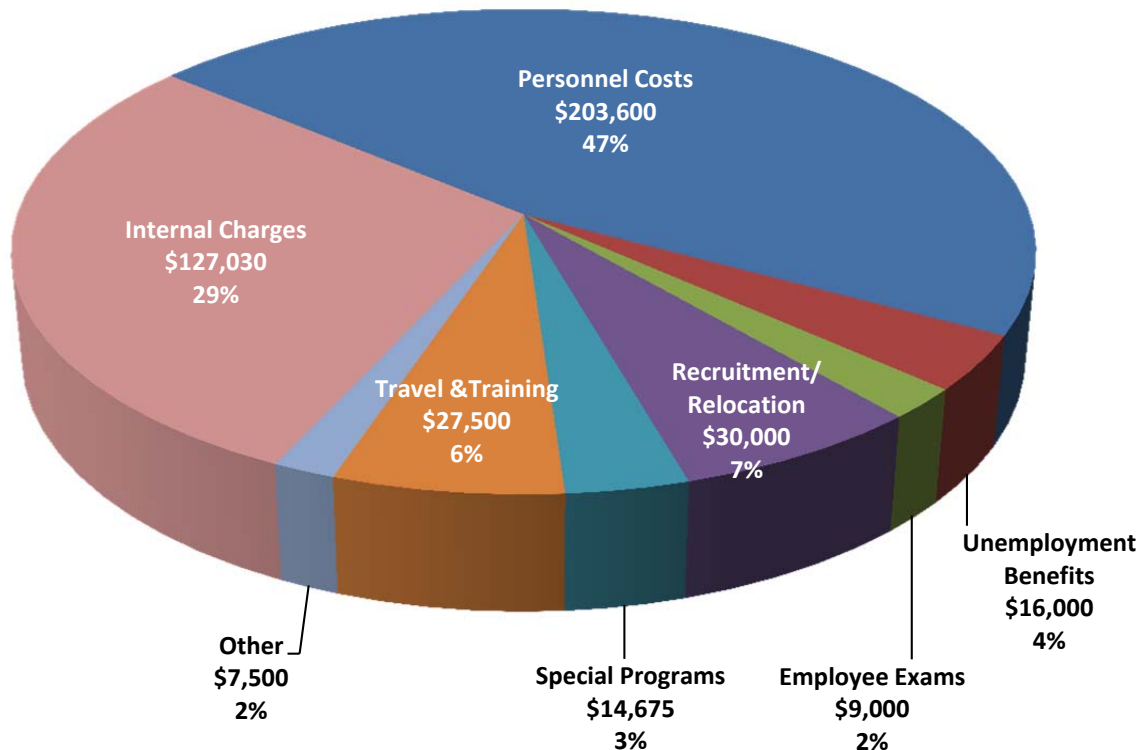

## Description

The Human Resources Department provides a full range of services to regular and seasonal employees. The two-person department implements recruitment procedures, interview processes, and hiring and retention development. The department provides information regarding benefits, salary studies, working conditions and relationships, employee development, and safety training and concerns.

Human Resources oversees the Personnel Board which consists of five citizens who serve as an advisory board to the City Manager in determining that proper procedures have been followed in certain disciplinary matters.

A portion of the Human Resources Department is allocated to the Wastewater Enterprise Fund and represents the Fund's share of the cost for support services.

# FINANCIAL SERVICES

## Mission Statement

Dedicated to providing thoughtful, accurate, and timely financial services to all.

## Description

The Financial Services Department is responsible for the following program areas:

- Administration
- Payment Processing
- Budget
- Revenue Management

## FY 2018 PROGRAM EXPENDITURES: \$1,387,125

## FINANCIAL SERVICES - Administration

<b>Program Expenditures:</b>	<b>\$389,305</b>
<b>Personnel Costs:</b>	<b>\$193,640 (50%)</b>
<b>Supplies &amp; Services:</b>	<b>\$154,775 (40%)</b>
<b>Internal Charges:</b>	<b>\$ 40,890 (10%)</b>
<b>Employee Time Allocation:</b>	<b>1.65 FTEs</b>

**Charges Allocated to Other  
Departments: \$364,300**

The Administration program is responsible for the supervision of the Financial Services Department as well as financial reporting, debt management, and treasury services.

### FY 17 Accomplishments

- Received the Certificate of Achievement for Excellence in Financial Reporting for the Comprehensive Annual Financial Report for FY 2016 – the 18th year the City has received this award.
- Review and reconciled all significant balance sheet accounts resulting in clean-up of many accounts and numerous prior period adjustments
- Changed accounting of sales tax subsidies to the Wastewater Fund to reflect more accurate picture of the revenues
- Reviewed, reconciled and implemented accounting structure to track all assigned, committed, and restricted fund balances.
- Developed and implemented plan for restructuring of the department and better streamlining of processes.
- Started first biennial audit of development impact fees recently required as a result of legislative changes

### FY 18 Objectives

- Obtain the GFOA's Certificate of Achievement for Excellence in Financial Reporting for the Comprehensive Annual Financial Report for FY 2017.
- Close each month within five business days after all revenue accrual documents are received.
- Prepare monthly financial reports within ten business days after all revenue accrual documents are received.
- Complete all account reconciliations in a timely manner.
- Implement a grants management program.

# INFORMATION TECHNOLOGY

## Mission Statement

- Provide reliable state-of-the-art technologies that empower city staff to be successful.
- Be prepared for future organizational needs and changes.
- Use sound judgment in identifying and recommending reasonable solutions.

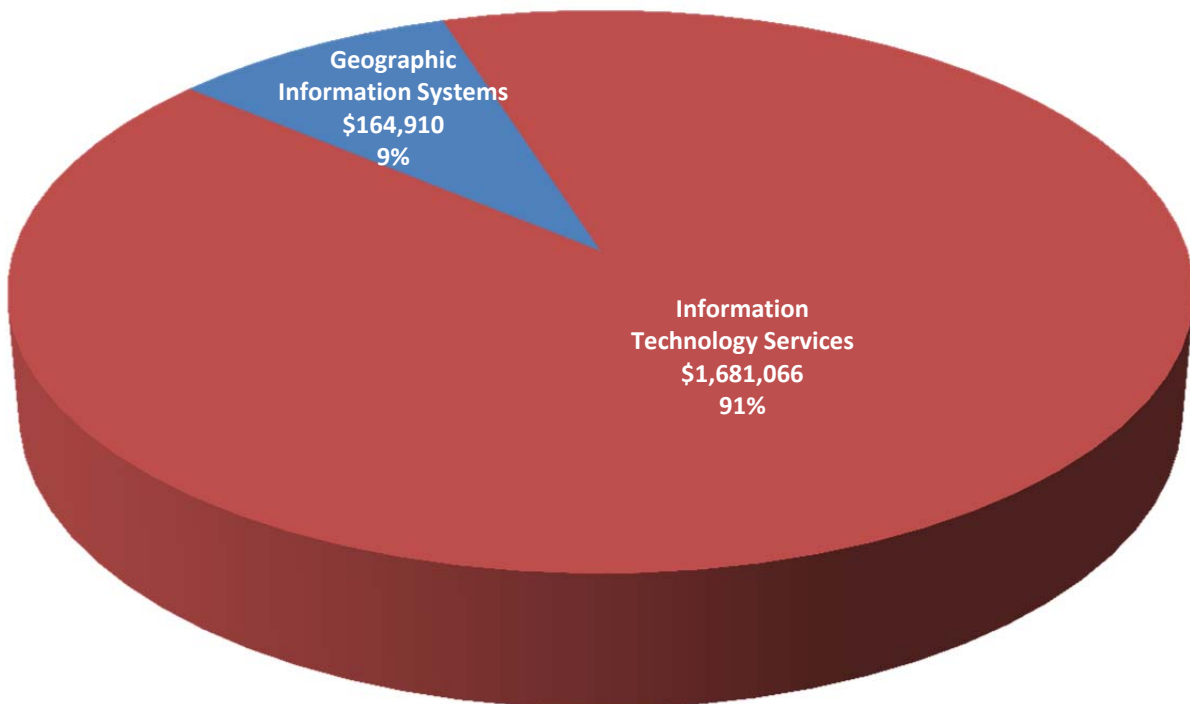

**Vision:  
Proactive**

## Description

The Information Technology Department is responsible for the following program areas:

- Information Technology Services
- Geographic Information Systems (GIS)

## FY 2018 PROGRAM EXPENDITURES \$1,845,976

## INFORMATION TECHNOLOGY - Information Technology Services

<b>Program Expenditures:</b>	<b>\$1,681,066</b>
<b>Personnel Costs:</b>	<b>\$ 423,540 (25%)</b>
<b>Supplies &amp; Services:</b>	<b>\$ 654,166 (39%)</b>
<b>Capital &amp; Debt Service:</b>	<b>\$ 145,500 (9%)</b>
<b>Internal Charges:</b>	<b>\$ 457,860 (27%)</b>
<b>Employee Time Allocation:</b>	<b>3.60 FTEs</b>
<b>Wastewater Fund Portion:</b>	
	<b>\$ 79,150 (5%)</b>
<b>Information Technology Fund Portion:</b>	
	<b>\$1,601,916 (95%)</b>

The Information Technology Services program manages the acquisition, maintenance, and support of the City's computer, network, and communication systems, including computer hardware and software, servers, network switches, routers and firewalls, telephone systems, voice mail and e-mail, the City's Internet and Intranet sites, and database and application maintenance and development. A portion of the Information Technology Services program is allocated to the Wastewater Enterprise Fund and represents the Fund's share of the cost for support services.

### FY 17 Accomplishments

- Upgraded city's Storage Area Network (SAN) to state-of-the-art Solid State Drive array, supporting data compression and data de-duplication, with total capacity up to 11TB.
- Upgraded digital audio recording system for Police Department to capture all phone and radio communications.
- Completed in-house development of sales tax database and reporting system.
- Assisted Wastewater with implementation of SCADA data capture and reporting system.
- Hired part time PC Support/Help Desk Technician.

### FY 18 Objectives

- Migrate to Microsoft Office 365.
- Improve quality of content on government access cable channel and on-line streaming, as well as City Hall digital information displays.
- Implement fiber-optic network connection between City Hall and Wastewater to replace outdated T-1 data circuits.

<b>Employee Time Allocation:</b>	<b>1.00 FTEs</b>

The Geographic Information Systems (GIS) program within the Information Technology Department provides maps, data, and spatial analysis to City departments and to the public through the City's comprehensive GIS database and the City's website ([www.SedonaAZ.gov](http://www.SedonaAZ.gov)).

A portion of the Geographic Information Systems program is allocated to the Wastewater Enterprise Fund and represents the Fund's share of the cost for support services.

### **FY 17 Accomplishments**

- Implemented updated on-line GIS maps for staff and public with improved tools and interface
- Completed updates to metadata for City GIS Layers

### **FY 18 Objectives**

- Update street centerline information to be compliant with state, county, and 911 standards

<b>Wastewater Fund Portion:</b>	<b>\$100,000 (33%)</b>
<b>Charges Allocated to Other Departments:</b>	<b>\$198,580</b>

The City Attorney's Office provides legal advice to the Mayor and Council, the City Manager, the City departments and the City's boards and commissions. The office defends claims and suits brought against the City; drafts, reviews, and approves all contracts entered into by the City; assists in drafting all resolutions and ordinances submitted for City Council approval; and manages the activities of retained legal counsel.

A portion of the Administration program is allocated to the Wastewater Enterprise Fund and represents the Fund's share of the cost for support services.

### **FY 17 Accomplishments**

- Assisted with the process for consideration of franchising solid waste disposal and recycling franchising.
- Completed an intergovernmental agreement for reciprocal legal services with neighboring municipalities.
- Worked with City staff on development of City Council priorities, including the Sign Code review and update.
- Implement the City Attorney Annual Action Plan.
- Initiated litigation to recover damages related to construction of the solar generation infrastructure at the City's wastewater treatment facility.

### **FY 18 Objectives**

- Develop an entry level attorney position to provide support in all program areas.
- Assist with the revisions to the Sedona Land Development Code.
- Continue to engage in legislative activity and strengthen the City's position on significant issues.
- Implement the City Attorney Annual Action Plan.
- Work with Community Development to resolve high profile code enforcement issues.
- Review City Code for possible areas of revision.

There are nine (9) City parks totaling 123.18 acres owned and/or maintained by the City of Sedona. This system includes a neighborhood and community park as well as unique sites such as a small botanical garden, pocket parks, a historical park, a wetlands preserve and most recently a neighborhood park property with historical significance. Overall, the City of Sedona is an active community with a hearty appetite for high quality park and recreation sites, facilities, and services. The City parks and facilities are maintained by the Public Works Department.

While most features within a park can be rented/reserved there are six (6) facilities that generate the most attention. These include: ramadas (2) at Sunset Park, ramadas (10) at Posse Grounds Park, recreation room, multi-use field, softball fields and the Posse Grounds Pavilion. The facilities are rented for a variety of reasons which include special events, sports leagues and practices, birthday parties, baby showers, weddings and concerts.

### FY 17 Accomplishments

- Brand new Fitness Trail built at Posse Grounds Park.
- Completed Phase II of the Bike Skills Park.
- Completed a comprehensive rental package for the Pavilion.
- Continued success with outside organizations renting our fields for large community events. New this year, a success road closure of Posse Grounds Park during and event.
- Assisted with CIP projects: bike park, dog park, fitness trail.

### FY 18 Objectives

- Promote the Pavilion.
- Promote Bike Skills Park.
- Work alongside the Public Works Department to maintain parks and facilities.

## GENERAL SERVICES

The General Services Department is established as an accounting unit in order to capture the various “non-departmental” and other centralized expenses. These include service contracts with non-profits, Citywide liability and other insurances, the City’s destination marketing program, and debt service. The debt service costs include both General Fund and Wastewater Enterprise Fund debt. Additional information on the City’s debt service can be found in the Debt Service section.

The General Services Department also includes the General Fund, Grants & Donation Funds, and Wastewater Enterprise Fund contingency budgets, which include the following:

- \$250,000 general operating contingency (General Fund)
- \$100,000 general operating contingency (Wastewater Enterprise Fund)
- \$100,000 contingency for judgments (General Fund)
- \$300,000 contingency for potential bed tax revenue increases (55% pledged to the destination marketing program) (General Fund)
- \$250,000 contingency for potential bed tax revenue increases (45% available for other City purposes) (General Fund)
- \$300,000 contingency for unknown grants and donations revenues that may be received during the year (Grants & Donations Funds)

NOTE: Excluding the impact of costs transferred from the Wastewater Department for insurance premiums and vacancy savings offset, and various costs transferred to departments, the increase in ongoing direct costs would be 13%.

## COMMUNITY DEVELOPMENT - Historic Preservation Commission

<b>Program Expenditures:</b>	<b>\$75,560</b>
<b>Personnel Costs:</b>	<b>\$50,970 (68%)</b>
<b>Supplies &amp; Services:</b>	<b>\$ 9,950 (13%)</b>
<b>Internal Charges:</b>	<b>\$14,640 (19%)</b>
<b>Employee Time Allocation:</b>	<b>0.47 FTEs</b>

The Historic Preservation Commission is comprised of seven members appointed by the City Council. The Commission was created in 1998 as a working Commission and was allocated 20% of one full-time employee's time. However, the amount of staff time dedicated is now approximately twice the original 20% allocation.

The purpose of this seven member Commission is to:

- Identify and preserve the City's historic properties.
- Promote the use of historic properties for the education, pleasure, and welfare of the City.
- Foster civic pride in the accomplishments of the past.
- Protect and enhance Sedona's attractiveness to visitors and the resulting support and stimulus to the economy.
- Stabilize and improve property values of rehabilitated and protected sites.
- Provide incentives for restoration by owners of landmarks or historic properties.
- Provide standards for restoration of designated properties and new construction within Historic Districts.

### FY 17 Accomplishments

- Article 15 (HP Ordinance): Adopted Jan 2017
- USFS Ranger Station Brewer Road property conceptual master plan: Completed
- Landmark Properties Appreciation Open House and Ranger Station 100 Year Anniversary Party: May 2017

### FY 18 Objectives

- Update Historic Landmark Information and Historic Resource Survey
- Create a Historic Resource Recognition Program
- Assist the City and stakeholders in implementing USFS Ranger Station Master Plan
- Prepare an Annual Report for City Council and State Historic Preservation Office
- Schedule a Joint City Council/Commission Work Session
- Establish a new Commissioner Training Program

The Sedona Community Plan (Plan) is an expression of Sedona citizens' vision of their community and is the City's "general plan" required by the State of Arizona. The Plan proposes desired conditions for the future of the community. It is intended to guide future growth, not to regulate it. On-going functions related to the Community Plan include implementation of identified goals and strategies, specific planning efforts (Community Focus Areas (CFAs)), and minor and major amendments to the Plan.

### FY 17 Accomplishments

The Planning & Zoning Commission is comprised of seven citizens who have been appointed by the City Council to review matters relating to planning and development. The Commission is the decision-making authority for conditional use permits and development review applications. The Commission makes recommendations to the City Council on such things as amendments to the Community Plan and the Land Development Code, specific planning projects, re-zonings, and subdivision requests.

### FY18 Additional Objectives

Staff:

- Prepare accurate, well-documented, and well-written reports
- Establish a new Commissioner Training Program
- Respond to requests for information in a timely and professional manner
- Provide exhibits, illustrations, and/or pictures to help commissioners visualize the project/proposal

Commission:

- Hold hearings to review and act upon matters related to planning and development
- Conduct meeting in accordance with Open Meeting Laws, Rules & Operating Procedures
- Decisions are made based on a rational decision-making process, utilizing codes, regulations, reports, testimony, data, and other applicable documentation

The Public Works Department has 25.6 full-time equivalent employees. Employee time allocations are as shown below.

## PUBLIC WORKS - Maintenance Services

**Program Expenditures: \$4,209,355**

**Streets Maintenance** - Streets rehabilitation, pavement preservation, equipment and machinery operation and maintenance, utilities, landscaping, right-of-way maintenance, traffic control, drainage maintenance and multi-modal facility maintenance in the public right-of-way.

<b>Program Expenditures:</b>	<b>\$2,662,030</b>
<b>Personnel Costs:</b>	<b>\$ 346,100 (13%)</b>
<b>Supplies &amp; Services:</b>	<b>\$1,877,800 (70%)</b>
<b>Internal Charges:</b>	<b>\$ 366,130 (14%)</b>
<b>Capital &amp; Debt Service:</b>	<b>\$ 72,000 (3%)</b>
<b>Employee Time Allocation:</b>	<b>5.17 FTEs</b>
<b>General Fund Portion:</b>	<b>\$1,458,640 (55%)</b>
<b>Streets Fund Portion:</b>	<b>\$1,203,390 (45%)</b>

The streets rehabilitation and pavement preservation costs are paid from the Streets Fund. The Streets Fund is primarily funded by Highway User Revenue Funds (HURF) revenues (the state shared gas revenues), which are restricted for the maintaining, repairing, and upgrading of streets. Major street improvements and construction are included in the Capital Improvement Plan budget and paid from the Capital Improvement Fund. All other streets related costs are paid from the General Fund.

**Facilities Maintenance** - Maintenance of City buildings, service contracts, facility utilities, and facility improvements.

<b>Program Expenditures:</b>	<b>\$567,600</b>
<b>Personnel Costs:</b>	<b>\$116,510 (21%)</b>
<b>Supplies &amp; Services:</b>	<b>\$353,850 (62%)</b>

## PUBLIC WORKS - Maintenance Services - continued

### FY 17 Accomplishments

- Milled and overlaid Sunset Drive, Mountain Shadows Drive and Navahopi Road.
- Fractured Aggregate Surface Treatment (FAST) on Sedona West Subdivision streets, Elberta Drive, Orchard Lane, Tonto Road, Sedona Vista Drive and Mormon Hill Road.
- Completed budgeted streets rehabilitation and preservation projects.
- Completed Pre-Monsoon Program for FY 2016-17.
- Met Arizona Department of Environmental Quality (ADEQ) requirements for Municipal Separate Storm Sewer (MS4) compliance.
- Developed Property Management Maintenance Plan.
- Assisted with Community Clean-Up Event, for fire abatement and pre-monsoon drainage cleanup.

### FY 18 Objectives

- Continue to accelerate re-paving program with a target to complete 4 to 5 miles of street rehabilitation per year.
- Complete Pre-Monsoon Program for FY 2017-18.
- Continue to enhance bicycle route signage.
- Continue to enhance Property Management Maintenance Plan.
- Meet ADEQ requirements for Municipal Separate Storm Sewer (MS4) compliance.
- Continue to refine processes for efficiency.

### Council Priorities

- **Construct Beautification of SR 89A** – These improvements are on hold pending recommendations from the Western Gateway CFA and reprioritization based on the needs of other projects.
- **CSA Program** – Public Works staff are working with the Police Department, Communications, and City Management staff to address the traffic control needs portion of this program. The current method for addressing the immediate need, for the peak tourism season of 2017, is based on utilizing resources from other programs, and existing staff on overtime pay. This is not expected to be a long-term sustainable method for this program. A decision package has been proposed in the operating budget as a method to address the long term traffic control need.

The Public Works Department manages projects for multiple budget programs. As shown below, the Capital Improvement Program (CIP) includes:

- **Art in Public Places** – Art in the Roundabouts (nothing budgeted for FY 2017-18).
- **Community Development** – Brewer Road Property.
- **Drainage** – Brewer Road/Tlaquepaque improvements, Juniper Hills Drainage, easement acquisition, Coffee Pot Drainage Basin improvements.
- **Police** – Shooting Range Improvements, Police facility renovations, records management upgrades.
- **Public Works** – General public works projects like the Uptown Restroom Improvements (nothing budgeted for FY 2017-18).
- **Parks and Recreation** – Concession stand improvements, park land acquisition, Dog Park upgrade, Bike Skills Park improvements.
- **Streets** – Transportation master plan implementation projects, road projects, sidewalk extensions.
- **Wastewater** – Collections system master plan implementation projects, effluent management project (recharge wells), SCADA system upgrades, air drying bed drive pad, bar screen and filter system upgrades, headworks replacement.

A portion of the Capital Projects Management program is allocated to the Wastewater Enterprise Fund and represents the Fund's share of the cost for support services.

### FY 17 Accomplishments

- Maintained and further developed a comprehensible communication report for capital improvement project updates. See [www.sedonaaz.gov/CIP](http://www.sedonaaz.gov/CIP).
- Completed 97% of budgeted capital improvement projects across multiple departments.

### FY 18 Objectives

- Incorporate and complete traffic improvement projects recommended in the Transportation Master Plan Update.
- Incorporate and complete wastewater projects recommended in the Wastewater Master Plan Update.
- Complete design and construction of budgeted capital improvement projects on time.
- Complete design and construction of budgeted capital improvement projects within budget.

### Council Priorities

- **Complete Various Traffic Improvements** – Phased improvements have been proposed in the capital improvement program.
- **Brewer Road Park** – The master plan design is complete. Phase 1 improvements are under design and phased improvements have been proposed in the capital improvement program.

## Mission Statement

The mission of the Sedona Police Department, in partnership with the citizens of Sedona, is to serve our community by protecting life and property, creating a safe environment through professional and purpose-driven policing that demonstrates responsiveness, integrity, and commitment with dignity and respect to everyone.

## Description

Under the philosophy of community policing and problem solving partnerships, the Department provides professional law enforcement, traffic safety and crime prevention services to the residents, business owners and visitors of Sedona. The Department deploys personnel twenty-four hours a day, seven days a week in our Communications center and in the field responding to emergency incidents and non-emergency calls for service, and conducting proactive patrol operations. Additional administrative and support personnel work various shifts throughout the week to provide field personnel and the public with timely information, documents, and other important material and services. The Police Department is the sole public safety agency within the Sedona city government.

The Police Department is responsible for the following program areas:

- Administration (includes the Chief's Office and Support Services Division)
- Patrol (includes K-9, SWAT and the School Resource Officer)
- Investigations (includes PANT Investigator and GIITEM Investigator)
- Communications/Records
- Community Relations (includes Community Services Officer/Animal Control, Police Volunteers, Police Explorers and Special Olympics volunteer time)
- Traffic & Parking Services (includes Community Services Aides)

The Police Administration program consists of the Chief of Police, one commanding officer (currently a Lieutenant) and the Department's Administrative Assistant. The personnel within the program provide essential administrative services such as the development and implementation of policy and procedure; budget planning and management; long range planning; grant development and management; coordination of all training and travel; facility maintenance coordination; and, conducting the Police Citizens Academy. City Management and City Council liaison are also assigned to this program, as well as media relations, and the investigations and reporting of all Department complaints and commendations.

### FY 17 Accomplishments

- Implemented the Lexipol Policy Manual System.
- Conducted a Department-wide survey on the leadership effectiveness of the management and supervisory personnel in July 2016.
- Transitioned to a new Chief of Police in January 2017 (David W. McGill).
- Began the process to hire a Police Commander for Field Operations, and the reorganization of the Department's command structure and field deployments.
- Conducted a Police Citizen Academies to enhance community interaction that started in August and ended in October 2016.
- Transitioned from the .40 caliber service weapon to the 9mm Service weapon in May 2017.
- Evaluated the current Patrol and Communications uniform standards and replaced current uniforms in June 2017.

### FY 18 Objectives

- Obtain funding to purchase a new Computer Aided Dispatch/Records Management System (CAD/RMS).
- Evaluate the cost to implement a new in-car camera system or upgrade the current system by March 1, 2018.
- Train all Department employees on Critical Incident Training (CIT) and mental health responses and recognition, by June 30, 2018.
- Develop and conduct at least two community interaction events to enhance the relationship between the Department and members of the public by June 30, 2018.
- Seek and obtain grant funding to enhance department operations and public safety by March 1, 2018.
- Work with the Sedona Fire District and local law enforcement agencies to develop training exercises to increase emergency preparedness and responses to critical incidents within the City of Sedona and the Verde Valley.

This program is managed by a Police Commander and consists of all sworn and civilian uniformed personnel who carry out the department's direct field operations to the community, respond to emergency and routine calls for service; deploy K-9 activities; enforce traffic laws and parking ordinances, and effectively deal with various quality of life matters. The personnel within the program are also responsible for jail operations; maintenance of the department's fleet of vehicles; coordination and maintenance of the police range and training facility; maintenance of all equipment utilized within the program; and, ensuring the on-going professional development of personnel within the program.

### FY 17 Accomplishments

- One Patrol Sergeant was placed into the acting Patrol Lieutenant position and one Detective was placed into an acting Patrol Sergeant position. On March 1, 2017, that acting Patrol Sergeant was promoted to a full-time Patrol Sergeant.
- All supervisors completed the Arizona POST Leadership Program.
- Evaluated the Department's current Field Mobile Records Management System (RMS) and compared it to alternative systems used by other local law enforcement agencies.
- Placed three permanent speed signs along SR 179 at Chapel Road, SR 89A at Foothills South, and SR 89A at Rolling Hills. One non-permanent speed sign was placed along Dry Creek Road during the month of March. These speed signs visually alert drivers of their vehicle's speed, and they record both the speed and the number of vehicles for later analysis.

### FY 18 Objectives

- Conduct at least four speed enforcement and awareness operations through the use of the portable electronic speed radar displays signs by June 30, 2017.
- Obtain grant or overtime funding to conduct at least four traffic-related operations, including impaired drivers, cellular telephone use, and speed violations, by June 30, 2017.
- Reduce injury traffic collisions by at least 8% as compared to FY 2017.
- Increase officer-initiated activity by 10% as compared to FY 2017.
- Raise sufficient funds to purchase and train a new K-9 Team, by September 1, 2017.
- Evaluate the School Resource Officer (SRO) program to increase the number of hours the SRO is on campus to as close to 100% as possible, depending on field deployment concerns, by September 1, 2017.

## POLICE - Patrol - continued

### Council Priorities

- Complete Various Traffic Improvements - Deploy the mobile digital speed indicator in high traffic areas on at least four occasions before June 30, 2018, to collect data and address concerns of unsafe driving.
- Complete Various Traffic Improvements - Patrol will continue to be an active participant in the Sedona Transportation Master Plan discussions and implementation, to address overall traffic concerns.

### School Resource Officer (SRO)

Under an intergovernmental agreement (IGA) with the Sedona-Oak Creek Unified School District, this program provides a full-time police officer (dependent upon field deployment needs) to conduct prevention, education, and enforcement activities for the students, staff, and parents at school campuses. The SRO also assists the district in developing, implementing, and evaluating school campus safety programs. The SRO acts as the Department liaison to youth-oriented service providers, such as MATFORCE and the Verde Valley Restorative Justice Program; assists in the counseling of students and parents; and, conducts presentations on crime, safety, and substance abuse matters. In addition, the SRO is the Department's liaison to the Arizona Special Olympics, and the Law Enforcement Torch Run to support the Special Olympics.

### FY 17 Accomplishments

- Assisted the Sedona Fire District with fire drills at both Sedona Red Rock High School and West Sedona School campuses.
- Conducted one campus safety plan evaluation at both Sedona Red Rock High School and West Sedona School.
- Implemented surveillance video access to all department staff, to the Sedona Red Rock High School campus.
- Actively participated in and assisted with the successful transfer of the middle schools of Big Park and West Sedona School to the Sedona Red Rock High School Campus.
- Worked closely with the Sedona Fire Department to bring the "Every 15 Minutes" Program to the Red Rock High School. This program is an educational program about drinking and driving and the effects of a fatal collision involving a drunk driver.
- Tripled the donations to the Special Olympics as compared to last year, and participated in the "Over the Edge" Challenge, which is a fund-raiser for the Arizona Special Olympics consisting of persons repelling from the top of a skyscraper in Phoenix, Arizona.
- Reviewed and updated the Intergovernmental Agreement (IGA) between the school district and the Police Department.

### FY 18 Objectives

- Deploy SRO on school campuses at least 90% of the officer's work time, when school is in session.
- Research and obtain grant funding to off-set cost of deploying a SRO.
- Implement surveillance video access to the West Sedona School campus.

<b>Internal Charges:</b>	<b>\$ 98,280 (19%)</b>
<b>Employee Time Allocation:</b>	<b>3.73 FTEs</b>

The Police Investigations program is managed by the Support Services Commanding Officer (currently a Lieutenant) and consists of sworn personnel who are assigned to conduct follow up criminal investigations; background investigations and reviews of various city permit and license applications; processing of criminal complaints assigned to the municipal and county courts; police employee background investigations; and, sex offender registrant monitoring. Personnel in this program are also assigned to specialized regional investigative task forces which bring resources and expertise to the Department and community that would not otherwise be feasible. Property and evidence processing and storage functions are also carried out within this program by civilian personnel.

### FY 17 Accomplishments

- Conducted one Sexual Offender Registrant compliance operation in July 2016.
- Participated in one regional enforcement task force to serve outstanding arrest warrants in August of 2016.
- Assigned a detective as an acting patrol sergeant, and a patrol officer was assigned into the investigation unit as a detective.
- Evaluated the department's current Record's Management System (RMS) for investigation-related purposes and compared it to alternative systems used by other local law enforcement agencies.

### FY 18 Objectives

- Conduct at least two Sexual Offender Registrant compliance operations by April 30, 2018.
- Participate in at least one regional enforcement task force to serve outstanding arrest warrants by June 30, 2018.
- Implement enhanced criminal investigations case management processes by December 31, 2017 to ensure that all follow up investigations are readily available and cases are completed in a timely manner.
- Conduct a review of deployment needs and investigator responsibilities by July 5, 2017.
- Increase clearance rates for violent crimes by 8%, and property crime by 5%.
- Focus on identifying human trafficking (HT) cases, and conduct seminars aimed at educating the public on human trafficking indicators; enhance law enforcement partnerships combating HT occurrences in our City and within the Verde Valley.

## POLICE - Communications/Records

<b>Program Expenditures:</b>	<b>\$1,085,800</b>
<b>Personnel Costs:</b>	<b>\$ 641,800 (59%)</b>
<b>Supplies &amp; Services:</b>	<b>\$ 50,290 (5%)</b>
<b>Internal Charges:</b>	<b>\$ 393,710 (36%)</b>
<b>Employee Time Allocation:</b>	<b>10.00 FTEs</b>

The Communications/Records program consists of civilian personnel who provide support to all Department personnel through radio communications, Computer-Aided Dispatching (CAD), Mobile Data Computer software applications, and records storage and retrieval. The Communications Section employs specially trained personnel who are responsible for answering 9-1-1 emergency telephone lines including all wireless and Voice Over Internet Protocol (VOIP) calls from all providers in our jurisdiction; interpreting the level of priority of the call; and, dispatching the call for service to field personnel. Additionally, personnel within this program are the answering and relay point for after-hours calls for emergency service or questions for other City departments.

The Records Section provides first-level contact for all Police Department business and is the primary service provider for public inquiries, report releases, and other front-counter customer services. This function is responsible for processing police reports, facilitating tow hearings, collecting bond and administrative fees, tracking and recording court dispositions and citations, and any other patrol related documentation. In addition, Records responds to all civil and criminal subpoenas and processes requests for the disclosure of public records. The Records Clerk verifies and inputs data into the department's Records Management System (RMS) and various other criminal justice databases for the purpose of collection and analyses of statistical data related to state and federal reporting requirements.

### FY 17 Accomplishments

- Promoted a Communication Specialist Supervisor from within the communication staff.
- Hired a new Communication Specialist in January 2017.
- Adopted new protocols that allow Police Volunteers to assist with citizen inquiries and public requests at the front desk.
- Constructed a separate Record's Office to allow the Records Clerk to attend to her primary duties away from the front desk.
- Upgraded the telephone recording system, Eventide Media Works.
- Evaluated the Department's current Computer Aided Dispatch/Records Management System (CAD/RMS) and compared it to alternative systems used by other local law enforcement agencies.
- Hired a Full-Time Support Services Clerk.

### FY 18 Objectives

- Upgrade 9-1-1 System from Viper to Vesta/Airbus through the CenturyLink Management Services.
- Review the current tow procedures and company commitments, and provide recommendations to enhance services if any.
- Become the project manager and systems expert for the new CAD/RMS system, when funded.

## POLICE – Community Relations

<b>Program Expenditures:</b>	<b>\$123,935</b>
<b>Personnel Costs:</b>	<b>\$121,800 (51%)</b>
<b>Supplies &amp; Services:</b>	<b>\$ 29,535 (24%)</b>
<b>Internal Charges:</b>	<b>\$ 30,690 (25%)</b>
<b>Employee Time Allocation:</b>	<b>1.00 FTEs</b>
<b>General Fund Portion:</b>	<b>\$107,585 (87%)</b>
<b>Grants &amp; Donations Portion:</b>	<b>\$ 16,350 (13%)</b>

The Community Relations program consists of all policing efforts focused on quality of life issues important to the public we serve. This program includes our Police Volunteers, the Community Services Officer (CSO), and the Police Explorer Post. These programs and the people who staff them work tirelessly to improve our way of life in Sedona by handling lower-level calls for service and other tasks so the sworn officers stay in the field and available for calls for service. The volunteers conduct home vacation checks; transport arrestees to County jails; direct traffic in highly congested areas of the City to relieve congestion; transport and set up roadway signs and speed indicators; transport and retrieve evidence; and, staff the lobby front desk.

The Community Service Officer (CSOs) is a civilian employee who is responsible for the enforcement of City and state regulations pertaining to animal welfare and other quality of life matters. Activities include enforcement of licensing requirements for the control of rabies for the safety of the community; interaction with the public to inform them on the control and over-population of unwanted animals; and advice for the care and treatment of pets. Responsibilities also include impound, care, and disposition of stray domestic animals, and responses to calls for service regarding problems with domestic animals and wildlife. The Community Service Officer also helps monitor traffic problems in the City and work to mitigate backups using available tools and techniques.

The Police Explorer program is open to all young men and women ages 14-21 who desire to learn about a law enforcement career. They meet often and learn about policing, decision-making, and building character, and they travel to various competitions in the Western US and apply their skills and abilities against other Explorer posts from Arizona and beyond. They also volunteer hundreds of hours of their personal time helping various non-profits and events in Sedona and the Verde Valley.

### **FY 17 Accomplishments**

- Volunteers worked 4,230 hours for community services in FY 17, including vacation home checks, fingerprinting, traffic mitigation, and staffing other events.
- Recruited, hired and trained the first Community Service Officer.
- Trained CSO on laws and policies related to domestic and wild animals.
- The Police Explorers participated in two national competitions, one in Chandler, Arizona, and the other in Las Vegas, Nevada.
- The Explorers received new uniforms compliments of the donations from two law enforcement vendors.
- Police Volunteers donated over 4,230 hours to provide prisoner/evidence transportation, house watch, crime/traffic scene assistance and special event services.

## POLICE – Community Relations - continued

### FY 18 Objectives

- Reinvigorate the Police Explorer Program, and growing the program by five Explorers.
- Participate in at least two Police Explorer competitions by June 30, 2018.
- Conduct at least two community presentations on leash laws and dog licensing requirements by June 30, 2018.

## POLICE - Traffic & Parking Services

<b>Program Expenditures:</b>	<b>\$220,300</b>
<b>Personnel Costs:</b>	<b>\$119,820 (54%)</b>
<b>Supplies &amp; Services:</b>	<b>\$ 13,000 (6%)</b>
<b>Internal Charges:</b>	<b>\$ 87,480 (40%)</b>
<b>Employee Time Allocation:</b>	<b>2.90 FTE</b>

The Traffic & Parking Services Program consists of part-time civilian personnel, known as Community Services Aides (CSAs) who are responsible for parking and traffic control (movement of traffic). The program also provides equipment and resources to the department which per State statute can only be used to fund traffic related activities.

### FY 17 Accomplishments

- In partnership with Engineering Services, developed and deployed a traffic management plan for State Route 89A in Uptown during periods of high traffic volumes.
- Recruited, hired and trained two new Community Service Aides.

### FY 18 Objectives

- Create and implement a process for collecting money from the new parking meters installed in the Uptown area.
- Deploy personnel efficiently and effectively to provide timely response to parking complaints and ensure effective levels of parking enforcement.
- Identify and develop key metrics to effectively track and measure workload and productivity factors for Community Service Aide activities in Uptown.
- Increase patrols in the parking lots and trailheads by 50%, due to Engineering Services assuming the traffic duties in Uptown.

### Council Priorities

- Sustainable Tourism - Community Service Aides will conduct selected parking enforcement operations in and around high volume trailheads to ensure roadways are passable, and to direct visitors to alternate parking or trailhead locations.
- Sustainable Tourism – Since Engineering Services has taken over the traffic movement plan in the uptown area, the CSAs will have more time to focus on their primary duties of enforcing parking regulations. The CSAs will now be able to focus at least 75% of their time enforcing the new three-hour parking limit in the Uptown area, and 25% of their time focused on the traffic issues that develop on State Route 89A and State Route 179.

PERFORMANCE MEASURES	FY 16 Actual	FY 17 Target	FY 17 Estimate	FY 18 Target
Increase enforcement level by 10% on all parking violations.	336 citations	N/A	410 citations	1,500 citations

# MUNICIPAL COURT

## Mission Statement

To serve the community and to protect individual rights through the administration of justice. We pledge to serve each member of our community promptly with integrity, fairness, and respect.

## Description

The Municipal Court is the judicial branch of Sedona City government and is also a part of the State of Arizona court system. The Court is responsible for the adjudication of several different types of cases including: civil traffic, parking, City code violations, criminal traffic including Driving Under the Influence cases (DUIs), and criminal misdemeanor violations. The Court handles petitions for orders of protection and injunctions prohibiting harassment. The Judge also performs weddings.

# WASTEWATER

## Mission Statement

The mission of the Wastewater Department is to protect public health and safety by providing professional and efficient maintenance and operation of the wastewater system in a manner that takes into account the requirements of the Arizona Department of Environmental Quality (ADEQ), the direction of the City Manager and the City Council, and the desires of the citizens of Sedona, as well as the professional standards governing wastewater system operations.

## Description

The Wastewater Department is responsible for the day-to-day operations of the wastewater collection, treatment, and disposal elements of the wastewater system. Several City departments assist in the operation and wastewater functions of the City and therefore expend wastewater funds. For instance, the Finance Department performs financial billing and bill collection functions as well as other administrative support functions. See the Finance Department and other support departments for administrative cost allocations. The Public Works Department undertakes capital improvements projects to the system, as well as performing inspections and plan reviews related to connections to the collection system. The Wastewater Department is fully paid by funding sources in the Wastewater Enterprise Fund.

The Wastewater Department consists of the following program areas:

- Administration
- Collection System
- Plant Operations (including the Lab)
- Capital Projects Management

## FY 2018 PROGRAM EXPENDITURES: \$4,195,546

### WASTEWATER FUND REVENUES & OTHER FINANCING SOURCES

The wastewater utility is mainly funded by charged fees and is subsidized with City sales tax. These revenues cover the operational costs included in this section, as well as support costs provided by other departments and debt service and capital improvement costs. See the complete wastewater enterprise fund in the Fund Summaries section.

The City is moving its wastewater utility toward operating fully as an enterprise fund. This is expected to take several years. During this time the utility will continue to receive a Sales Tax Subsidy. Below is a summary of the wastewater utility funding sources.

FUNDING SOURCES	FY 16 Actual	FY 17 Target	FY 17 Estimate	FY 18 Projection

The Administration program consists of the Wastewater Director and the Department's Administrative Assistant. The mission of the administrative division is to provide direction and assistance to the Wastewater Collection and Plant divisions, as well as serve as a primary link between the Wastewater Department and other City Departments. The personnel within the program provide essential administrative services such as the development and implementation of policy and procedure; budget planning and management; and long-range planning.

### FY 17 Accomplishments

- Completed preparation for receipt of power from Hoover Dam beginning in October 2017.
- Processed over 1,100 purchase transactions.
- Developed solicitations for Collections System Job Order Contract, Closed Circuit TV for collections system pipe along SR89A.
- Updated Multi-sector stormwater program for Wastewater Plant.
- Continued development of a cross-training program between collections and plant divisions.
- Sold over \$12,000 of surplus materials.
- Solicited lease for grazing rights in Area 4.
- Prepared FY 18 Departmental budget having an value of approximately \$2.3 million.
- Replaced two older vehicles (2009 Ford Explorer Sport Trac and 2007 Dodge RAM F2500) with 2016 model trucks.

### FY 18 Objectives

- Process purchase transactions with the goal of having 90% of invoices and p-card transactions each month processed with correct coding and within 30 days.
- Replace Ford Ranger with a vehicle useful for transporting four people at a time.
- Improve the Department web page layout to make finding information on good sewer uses practices easier to find by public.
- Implement purchasing and monitoring of Hoover Dam Power.
- Improve the internal filing system by reducing old files backlog and be more in compliance with paper work retention guidelines and create more filing space for old documents.
- Staff training on Incident Command System to be ready to work in emergency situations.
- Have plant office lighting (administration and operations building) replaced with more cost efficient lights to reduce long term lighting cost and replacement frequency.
- Continue programs to recover value from Department assets by sale of surplus material to recover remaining value of discarded materials and lease of land.
- Participate with City Finance Department in developing information needed to implement major maintenance reserve fund.

This program consists of a Chief Collections Officer and two collections operators who are responsible for managing collection of domestic sewage through a wastewater collection system comprised of sewer pipes and lift stations to the Wastewater Reclamation Plant for treatment. The mission of the Collection System division is to operate and maintain the Wastewater Collection system consistent with ADEQ regulations and direction of the Director of Wastewater. The collections system has 17 lift stations and 106 miles of sewer pipes. The average annual flow to the plant is about 403 million gallons. This is about 1.1 million gallons per day.

### FY 17 Accomplishments

- Participated in update of Wastewater Master Plan
- Installed a new odor control facility to reduce odor in Oak Creek Mobilodge
- System regulatory compliance for all but 3 days. Estimated overflow less than one day each incident
- Completed upgrade of in-city pump station communications to a web-based system.
- Complete inspection of sewer pipe along SR 89A

### FY 18 Objectives

- Maintain regulatory non-compliance time at less than 5 days in the year.
- Complete an inspection of main outfall sewer pipe between the City limits and Treatment Plant.
- Improve preventative maintenance Program
  - Improve review process for television inspection documents to enhance identification and repair of system deficiencies.
  - Use JobCal program to schedule pump repair work, routine contract inspection work, and system repairs for manholes, pump stations, and lines.

## WASTEWATER - Plant Operations

<b>Program Expenditures:</b>	<b>\$2,122,499</b>
<b>Personnel Costs:</b>	<b>\$ 520,230 (24%)</b>
<b>Supplies &amp; Services:</b>	<b>\$1,145,139 (54%)</b>
<b>Capital &amp; Debt Service:</b>	<b>\$ 62,500 (3%)</b>
<b>Internal Charges:</b>	<b>\$ 394,630 (19%)</b>
<b>Employee Time Allocation:</b>	<b>6.40 FTEs</b>

The Plant Operations program consists primarily of a Chief Plant Operator, three plant operators, a plant chemist, and the plant mechanic/electrician, who are responsible for the wastewater reclamation process including a treatment plant, three solids-handling facilities (drying beds, centrifuge, and digester), and effluent management facilities (spray irrigation areas, injection wells, and wetlands). The mission of the Treatment Plant division is to operate and maintain the Wastewater Treatment Plant consistent with ADEQ regulations and direction of the Director of Wastewater. The treatment process removes pollutants from the influent (wastewater flow coming into the treatment plant) and results in about 365 million gallons of A+ quality effluent annually. Besides highly treated water (effluent), a byproduct of the treatment process is a solid called sludge. The amount of sludge managed annual is about 525 dry tons. This material is taken to the Grey Wolf Landfill near Dewey-Humboldt. Laboratory operations are included as part of this division since the bulk of laboratory work is monitoring and reporting on the treatment plant process.

### FY 17 Accomplishments

- Worked with Public Works Department on plant upgrades including injection wells and headworks improvements.
- Used electronic report submittal process to ADEQ to more efficiently prepare and submit reports
- Conducted plant and wetland tours for 70 people.
- Maintained effluent on-site except for estimated 200 gallons flowing offsite due to irrigated line break
- Began operation of plant upgrades (digester, new aeration blowers, and clarifier tank)
- Upgraded portions of plant control system to allow parts of plant to operate separately. This reduces the impact of failures in the plant communication system.
- Reviewed new ADEQ permit and was able to improve permit conditions, although due to new processes the permit increased the plant monitoring workload

### FY 18 Objectives

- No overflow incidents of the plant effluent system. The aim is ADEQ permit compliance.
- Plant staff will learn to successfully operate the A+ project upgrades (new clarifier, digester, and blowers).
- Plant staff will learn to routinely use the JobCal system for planning and generating work assignments. The goal is to improve preventative maintenance.
- Operate injection wells as they come on line.

The City is not to allow runoff of treated wastewater from its plant site. Non-compliance with these regulatory standards is reportable to ADEQ.

\*Between June 2016 and January 2017, these incidents were due to the UV lights shutting off in one of two flow channels or showing below-permit-transmittance levels. This resulted in some effluent not receiving full disinfection. Permit required increased fecal coliform testing demonstrated permit compliance levels for most of the time of issues with the UV operation. The UV has been repaired and due to changes in the treatment process (injection) the newly issued permit requires that the City use the increased fecal coliform testing process to verify disinfection, rather than relying on UV transmittance readings in the future to demonstrate permit compliance. During much of this time the tests show the effluent was being treated to acceptable limits.

## WASTEWATER - Capital Projects Management

<b>Program Expenditures:</b>	<b>\$72,840</b>
<b>Personnel Costs:</b>	<b>\$60,540 (83%)</b>
<b>Internal Charges:</b>	<b>\$12,300 (17%)</b>
<b>Employee Time Allocation:</b>	<b>0.55 FTEs</b>

The Capital Projects Management program consists of wastewater staff allocations for support of the Public Works Department, which has primary responsibility for the management of capital projects. See the Capital Improvement Program (CIP) section of for more details. The goal of Wastewater staff involvement in capital projects is to provide input to Public Works Engineering that will help in understanding the system's current operation and provide input that will help in designing a facility that recognizes the impact of the new/changed facility on operational and maintenance resources.

### FY 18 Objectives

- Review concepts, plans, and specifications for operational and maintenance impacts
  - Comment on assumptions regarding current practices and layouts
  - Request analysis of impacts on personnel needs for operation and maintenance of new/changed facility
  - Request and comment on information on changes in process
  - Request and comment on lifecycle assumptions regarding the operation and maintenance of the new/changed facility.
