Monthly Financial Report

August 2016

Executive Summary

The City's sales and bed tax revenues continue to see significant increases. City sales taxes are 11% higher than the prior year and bed taxes are 21% higher than the prior year. A portion of the increase in bed taxes represents an increase in late payments (collection of taxes for prior taxing periods) and payments made on time in FY 2017 that were made late in FY 2016.

The Construction category had the most significant increase for the month. The other categories were at similar levels as the month of August for the prior year.

Sales Tax Revenues by Category

Revenues

All revenue categories are expected to be generally on target by the end of the fiscal year, with the exception of fines and forfeitures. The largest decrease in fines and forfeitures is related to court fines, which are 31% lower than the prior fiscal year. There are a number of variables that could explain the decrease. Examples include (1) lower cash collections on outstanding balances which would result in an increase in receivables and/or (2) a change in the types of case filings that result in lower fine amounts. Preliminary analysis also shows that there has been a decrease in the caseload.

Expenditures

Expenditures are expected to be on or under target by the end of the fiscal year. General Services and Information Technology expenditures are high for two months but are on track due to the nature of semiannual payments for community contracts and annual software maintenance contracts.

Expenditures for capital improvements and streets maintenance are not incurred consistently throughout the year and, as of August 2016, are under targets for the fiscal year.

Report Format

The format for the City of Sedona Monthly Financial Report has been modified to provide both summarized financial information and additional historical information. The City's fiscal year (FY) is July 1through June 30. This report for August 2016 is the second month of the current fiscal year, FY2017, and represents 16.67% of the fiscal year.

The report consists of the following sections:

- Executive Summary This summary includes a narrative discussion of the most significant information in this report.
- ➤ **Table of Contents** The table of contents includes hyperlinks to the sections and tables in this report. It also includes the status for the City's expenditures and revenues, highlighted as follows:
 - Green represents a status favorable, including expenditures on or under target and revenues on or exceeding target. Comments have been included regarding any significant favorable status, better than the target by more than 10%.
 - Yellow represents a cautionary status indicating that the particular category should be observed but is expected to be on target by the end of the fiscal year. Comments have been included regarding the cautionary status.
 - Red represents an unfavorable status indicating that particular category is not expected to be on target by more than 10% by the end of the fiscal year. Comments have been included regarding the unfavorable status.
- Expenditures and Revenues Expenditure and revenue Information has been provided both by fund (including the two Community Facilities Districts managed by the City) and by department for non capital improvement expenditures and by type for revenues. The information includes:
 - Year-to-date (YTD) expenditures and revenues for the current fiscal year and the three previous fiscal years
 - Total annual expenditures and revenues, excluding contingencies, for the three previous fiscal years and budget amounts for the current fiscal year
 - Comparison of YTD amounts to annual amounts, which is used to determine if current year YTD
 amounts are on target, and any applicable comments regarding the status compared to targets
 - Increases and decreases in YTD and annual amounts and color-coded explanations of significant increases and decreases
- > Sales & Bed Tax Revenues The revenues are the most significant funding sources for the City and historically have been susceptible to fluctuations in the economy. The information includes comparisons by taxing category and by month.
- Fund Summaries The City's two most significant funds, the General Fund and the Wastewater Enterprise Fund, are presented with detailed comparisons of YTD amounts to the budgets and prior fiscal year. A summary of all City funds, plus the two Community Facilities Districts, is also included. The schedules include encumbrances, which represents the balance of purchase orders not yet fulfilled.
- ➤ Bonds Outstanding A table of the City's outstanding bonds has been presented by fund with the remaining principal and interest payments for each. Bond payments are made on July 1 and January 1 in accordance with the bond debt repayment schedules.
- ➤ Capital Projects Summary A table of the current fiscal year capital improvement projects has been presented with the total project amounts for projects spanning more than one fiscal year.

YTD Increase from FY 2014 to FY 2015:

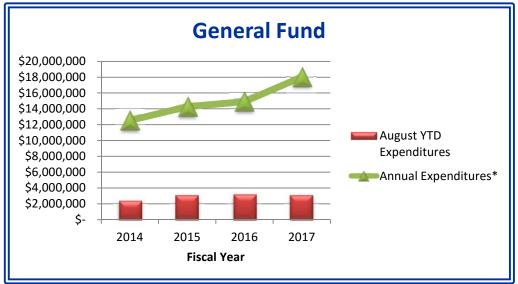

- (1) Starting FY 2015, debt service costs are accrued monthly. Previously, debt service costs were recorded on a cash basis semiannually in December and June.
- (2) The Council increased its commitment to destination marketing.
- (3) Other differences are result of timing of property and liability insurance premiums and community contract payments.

Annual Increase from FY 2014 to FY 2015:

- (1) Information Technology hardware and software expenditures increased approximately \$277,000 due largely to the replacement of mobile data equipment and software upgrades for the Police Department.
- (2) The Council increased the commitment to destination marketing, resulting in an increase of approximately \$860,000.
- (3) Salary and benefits increased approximately \$575,000. The increase in salaries was primarily due to budgeted cost-of-living adjustments of 1.5% and average merit increases of 2.5%. The most significant increases in benefits were an increase of 27% to the required contributions to the Public Safety Personnel Retirement System (PSPRS) and a 9% increase to health insurance premiums.

Annual Increase from FY 2016 to FY 2017:

- (1) For FY 2017, Council approved the transfer of all streets related expenditures other than rehabilitation and pavement preservation to the General Fund. This increase to the General Fund was approximately \$818,000.
- (2) Three new full-time positions and two part-time positions were added at a cost of approximately \$327,000.
- (3) Other salary and benefit increases were approximately \$660,000. The increase in salaries was primarily due to budgeted cost-of-living adjustments of 1.8% and average merit increases of 2.5%. The most significant increases in benefits were an increase of 3% to the required contributions to the Public Safety Personnel Retirement System (PSPRS) and a 2% increase to health insurance premiums.
- (4) Capital outlay expenditures increased approximately \$241,000 due primarily to budgeted vehicle replacements, computer and hardware upgrades, and the implementation of an assigned vehicle program for the Police Department.
- (5) A comprehensive update of the Land Development Code was budgeted as \$200,000 in FY 2017.

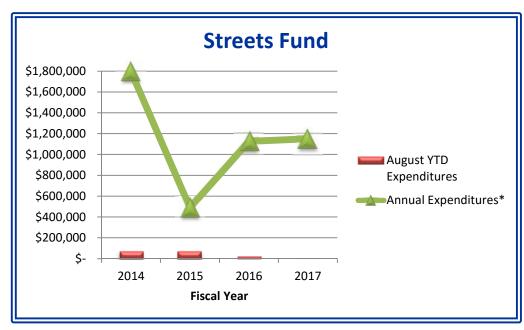

^{*} For the current year, Annual Expenditures represents total budgeted expenditures, excluding contingencies. For the prior years, the Annual Expenditures represent total actual expenditures.

Annual Increase from FY 2014 to FY 2015:

- (1) Hardware and software expenditures increased approximately \$277,000 due largely to the replacement of mobile data equipment and software upgrades for the Police Department.
- (2) Annual software maintenance contracts increased approximately \$19,000.
- (3) Salaries were increased due to budgeted cost-of-living adjustments of 1.5% and average merit increases of 2.5%. The most significant increase in benefits was a 9% increase to health insurance premiums.
- (4) Increase in internet service of approximately \$18,000 to improve connectivity.

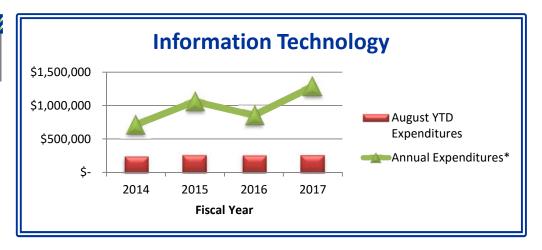

Annual Decrease from FY 2015 to FY 2016:

The decrease is primarily due to the hardware and software upgrades performed in FY 2015.

Annual Increase from FY 2016 to FY 2017:

- (1) Prior to FY 2017, salary and other cost allocations to the Wastewater Enterprise Fund were coded to the Wastewater Administration Department. Starting in FY 2017, these are coded to each individual department within the Wastewater Enterprise Fund.
- (2) Salaries were increased due to budgeted cost-of-living adjustments of 1.8% and average merit increases of 2.5%. The most significant increase in benefits was a 2% increase to health insurance premiums.
- (3) A part-time Support/Help Desk Technician and supporting equipment was budgeted at a cost of approximately \$41,000.
- (4) Budgeted communications costs previously recorded in the General Services Department of approximately \$32,500 were transferred to Information Technology.
- (5) A budgeted city-wide upgrade to Microsoft Office 365 was included for \$40,000.
- (6) The following budgeted hardware and software upgrades were included: 9-1-1 phone system maintenance for \$15,000, e-citations upgrade for \$70,000, digital evidence logger recorder upgrade for \$38,000, storage area network upgrade/replacement for \$85,000.

On Target for FY 2017: The percentage of annual expenditures is high for two months of the fiscal year (20% actual compared to two-month budget of 17%). Since approximately 22% of the budget represents annual software maintenance contracts and many of those are paid early in the fiscal year, the Information Technology Department expenditures are on track for FY 2017.

YTD Increase from FY 2014 to FY 2015:

- (1) Starting FY 2015, debt service costs are accrued monthly. Previously, debt service costs were recorded on a cash basis semiannually in December and June.
- (2) The Council increased its commitment to destination marketing.
- (3) Other differences are result of timing of property and liability insurance premiums and community contract payments.

Annual Increase from FY 2014 to FY 2015:

The Council increased the commitment to destination marketing, resulting in an increase of approximately \$860,000.

On Target for FY 2017: The percentage of annual expenditures is high for two months of the fiscal year (35% actual compared to two-month budget of 17%). Approximately 69% of the budget represents costs for the community service contracts and destination marketing program, and those costs are paid semiannually. One half of these contracts are generally paid in either July or August. Based on the timing and size of these payments, the General Services Department expenditures are on track for FY 2017.

YTD Increase from FY 2014 to FY 2015:

- (1) An accounting entry was recorded in July 2014 to accrue sales tax audit revenue that was deferred in the prior year for approximately \$343,000.
- (2) Bed tax revenues increased 36%, mostly due to the increase in the tax rate from 3% to 3.5% effective January 1, 2014.
- (3) Excluding the accounting entry for sales tax audits, City sales taxes increased 7%, primarily due to the reduction in the Wastewater Fund subsidy from 35% in FY 2014 to 30% in FY 2015.

YTD Increase from FY 2016 to FY 2017:

- (1) An accounting change was made in the recording of City sales taxes in FY 2017. Previously, the portion of City sales tax designated for the Wastewater Fund subsidy was recorded as revenue in the Wastewater Fund. For FY 2017, the entire City sales tax collections are recorded in the General Fund, and the subsidy to the Wastewater Fund is recorded as a transfer. In addition, the subsidy was reduced from 30% to 25%.
- (2) Bed tax revenues increased 46%. Of this amount, 10% represents an increase in late payments (collection of taxes for prior taxing periods) and 29% represents payments made on time in FY 2017 that were made late in FY 2016.

Annual Increase from FY 2014 to FY 2015:

- (1) City sales taxes increased 18%. Of this amount, approximately 8% is due to the reduction in the Wastewater Fund subsidy from 35% in FY 2014 to 30% in FY 2015. The remaining increase is largely due to the effects of the implementation of the destination marketing program.
- (2) Bed tax revenues increased 27%. A portion of the increase was the result of the increase in the tax rate from 3% to 3.5% effective January 1, 2014. Adjusting the increase in the tax rate, bed tax revenues were up 17% over FY 2014. The remaining increase is largely due to the effects of the implementation of the destination marketing program.

Annual Increase from FY 2016 to FY 2017:

- (1) An accounting change was made in the recording of City sales taxes in FY 2017. Previously, the portion of City sales tax designated for the Wastewater Fund subsidy was recorded as revenue in the Wastewater Fund. For FY 2017, the entire City sales tax collections are recorded in the General Fund, and the subsidy to the Wastewater Fund is recorded as a transfer. In addition, the subsidy was reduced from 30% to 25%. In addition, a factor was included to estimate an increase in sales tax revenues due to growth in economy and new businesses opening. The total effect of the changes represents an increase in revenues of approximately \$5.0 million.
- (2) Bed tax revenues are projected to increase approximately \$162,000, primarily due to growth in the economy, new facilities, and the continued impacts of the destination marketing program.
- (3) The revenue projections include \$100,000 as a placeholder for estimated revenues of the new paid parking program.

Under Target for FY 2017: Franchise fees are received and accrued quarterly, with the first accrual occurring in September. Annual Increase from FY 2014 to FY 2015:

The revenues of the Streets Fund are primarily Highway User Revenue Fund (HURF) monies. HURF revenues are the gas tax monies distributed by the State based on population and the gallons of gas sold within Sedona. The HURF distributions received increase approximately \$76,000.

Annual Decrease from FY 2016 to FY 2017:

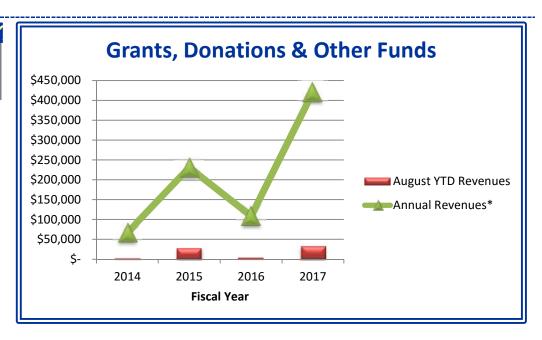

Based on the estimates provided by the State, HURF revenues are estimated to decrease approximately \$98,000. Population is one of the factors used in the State formula for distribution of HURF revenues. Since the City's population has been relatively flat while many other cities in Arizona are increasing, the City's share of the distributions are expected to decrease.

YTD Increase from FY 2014 to FY 2015:

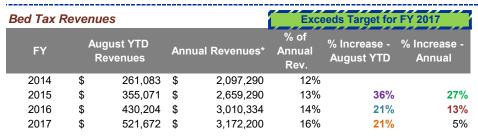

An accounting entry was recorded in July 2014 to accrue sales tax audit revenue that was deferred in the prior year for approximately \$343,000.

Annual Increase from FY 2015 to FY 2016:

The increase was mostly attibutable to increases in the Restaurant & Bar, Hotel/Motel, and Retail categories. These are largely impacted by the level of tourism activity.

See City Sales Tax Revenues by Category and City Sales Taxes by Month for more information.

YTD Increase from FY 2014 to FY 2015:

The increase was mostly due to the increase in the tax rate from 3% to 3.5% effective January 1, 2014.

YTD Increase from FY 2015 to FY 2016:

The continued increase in the bed tax revenues is largely due to the effects of the implementation of the destination marketing program.

YTD Increase from FY 2016 to FY 2017:

A portion of the increase represents an increase in late payments (collection of taxes for prior taxing periods) and payments made on time in FY 2017 that were made late in FY 2016.

Annual Increase from FY 2014 to FY 2015:

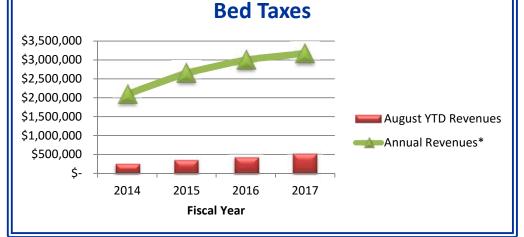

A portion of the increase was the result of the increase in the tax rate from 3% to 3.5% effective January 1, 2014. Adjusting the increase in the tax rate, bed tax revenues were up 17% over FY 2014. The remaining increase is largely due to the effects of the implementation of the destination marketing program.

^{*} The Series 1998 bonds are comprised of capital appreciation bonds (CABs). CABs offer an investment return on an initial principal amount and are reinvested at a stated compounded rate until maturity. At maturity, the investor receives a single payment (the "maturity value") representing both the initial principal amount and the total investment return. The next maturity date is not until July 1, 2020.
