Monthly Financial Report

December 2016

Executive Summary

The City's sales and bed tax revenues continue to see significant increases. City sales taxes are 13% higher than the prior year and bed taxes are 26% higher than the prior year. A portion of the increase in bed taxes represents an increase in late payments (collection of taxes for prior taxing periods) and payments made on time in FY 2017 that were made late in FY 2016.

The categories with strong ties to tourism (Restaurant & Bar and Hotel/Motel) showed significant increases and may be partly due to assumed timing differences in November. In addition, the Leasing categories increased significantly. The Amusements & Other category, which is a consolidation of many smaller categories, had a significant decrease for the month.

Revenues

All revenue categories are **expected to be generally on target** by the end of the fiscal year, with the exception of fines and forfeitures. The largest decrease in fines and forfeitures is related to court fines, which are 29% lower than the prior fiscal year. There are a number of variables that could explain the decrease. Examples include (1) lower cash collections on outstanding balances which would result in an increase in receivables and/or (2) a change in the types of case filings that result in lower fine amounts. Preliminary analysis also shows that there has been a decrease in the caseload.

Expenditures

Expenditures are **expected to be on or under target** by the end of the fiscal year. General Services expenditures are high for six months but are on track due to the nature of semiannual payments for community contracts.

Expenditures for capital improvements and streets maintenance are not incurred consistently throughout the year and, as of December 2016, are overall under targets for the fiscal year.

Report Format

The format for the City of Sedona Monthly Financial Report has been modified to provide both summarized financial information and additional historical information. The City's fiscal year (FY) is July 1through June 30. This report for December 2016 is the sixth month of the current fiscal year, FY2017, and **represents 50% of the fiscal year**.

The report consists of the following sections:

- **Executive Summary** This summary includes a narrative discussion of the most significant information in this report.
- ➤ **Table of Contents** The table of contents includes hyperlinks to the sections and tables in this report. It also includes the status for the City's expenditures and revenues, highlighted as follows:
 - Green represents a status favorable, including expenditures on or under target and revenues on or exceeding target. Comments have been included regarding any significant favorable status, better than the target by more than 10%.
 - Yellow represents a cautionary status indicating that the particular category should be observed but is expected to be on target by the end of the fiscal year. Comments have been included regarding the cautionary status.
 - Red represents an unfavorable status indicating that particular category is not expected to be on target by more than 10% by the end of the fiscal year. Comments have been included regarding the unfavorable status.
- **Expenditures and Revenues** Expenditure and revenue Information has been provided both by fund (including the two Community Facilities Districts managed by the City) and by department for non capital improvement expenditures and by type for revenues. The information includes:
 - Year-to-date (YTD) expenditures and revenues for the current fiscal year and the three previous fiscal years
 - Total annual expenditures and revenues, excluding contingencies, for the three previous fiscal years and budget amounts for the current fiscal year
 - Comparison of YTD amounts to annual amounts, which is used to determine if current year YTD
 amounts are on target, and any applicable comments regarding the status compared to targets
 - Increases and decreases in YTD and annual amounts and color-coded explanations of significant increases and decreases
- > Sales & Bed Tax Revenues The revenues are the most significant funding sources for the City and historically have been susceptible to fluctuations in the economy. The information includes comparisons by taxing category and by month.
- Fund Summaries The City's two most significant funds, the General Fund and the Wastewater Enterprise Fund, are presented with detailed comparisons of YTD amounts to the budgets and prior fiscal year. A summary of all City funds, plus the two Community Facilities Districts, is also included. The schedules include encumbrances, which represents the balance of purchase orders not yet fulfilled.
- **Bonds Outstanding** A table of the City's outstanding bonds has been presented by fund with the remaining principal and interest payments for each. Bond payments are made on July 1 and January 1 in accordance with the bond debt repayment schedules.
- ➤ Capital Projects Summary A table of the current fiscal year capital improvement projects has been presented with the total project amounts for projects spanning more than one fiscal year.

Additional Detail

This report provides broad summary information and analysis of the City's financial data. Additional detailed information is offered on the City's website at www.sedonaaz.gov/transparency. It is a searchable, user-friendly site that citizens and other interested parties can use to access real time financial data.

YTD Increase from FY 2014 to FY 2015:

- (1) Starting FY 2015, debt service costs are accrued monthly. Previously, debt service costs were recorded on a cash basis semiannually in December and June.
- (2) The Council increased its commitment to destination marketing.
- (3) Other differences are result of timing of property and liability insurance premiums.

Annual Increase from FY 2014 to FY 2015:

- (1) Information Technology hardware and software expenditures increased approximately \$277,000 due largely to the replacement of mobile data equipment and software upgrades for the Police Department.
- (2) The Council increased the commitment to destination marketing, resulting in an increase of approximately \$860,000.
- (3) Salary and benefits increased approximately \$575,000. The increase in salaries was primarily due to budgeted cost-of-living adjustments of 1.5% and average merit increases of 2.5%. The most significant increases in benefits were an increase of 27% to the required contributions to the Public Safety Personnel Retirement System (PSPRS) and a 9% increase to health insurance premiums.

- (1) For FY 2017, Council approved the transfer of all streets related expenditures other than rehabilitation and pavement preservation to the General Fund. This increase to the General Fund was approximately \$818,000.
- (2) Three new full-time positions and two part-time positions were added at a cost of approximately \$327,000.
- (3) Other salary and benefit increases were approximately \$660,000. The increase in salaries was primarily due to budgeted cost-of-living adjustments of 1.8% and average merit increases of 2.5%. The most significant increases in benefits were an increase of 3% to the required contributions to the Public Safety Personnel Retirement System (PSPRS) and a 2% increase to health insurance premiums.
- (4) Capital outlay expenditures increased approximately \$241,000 due primarily to budgeted vehicle replacements, computer and hardware upgrades, and the implementation of an assigned vehicle program for the Police Department.
- (5) A comprehensive update of the Land Development Code was budgeted as \$200,000 in FY 2017.

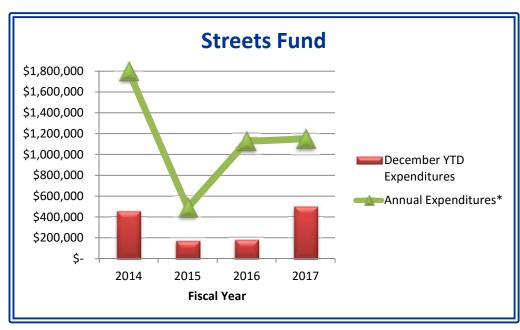

^{*} For the current year, Annual Expenditures represents total budgeted expenditures, excluding contingencies. For the prior years, the Annual Expenditures represent total actual expenditures.

YTD Increase from FY 2014 to FY 2015:

- (1) Starting FY 2015, debt service costs are accrued monthly. Previously, debt service costs were recorded on a cash basis semiannually in December and June.
- (2) The Council increased its commitment to destination marketing.
- (3) Other differences are result of timing of property and liability insurance premiums.

YTD Increase from FY 2016 to FY 2017:

The increase is mostly due to timing differences in community service contract payments.

Annual Increase from FY 2014 to FY 2015:

The Council increased the commitment to destination marketing, resulting in an increase of approximately \$860,000.

On Target for FY 2017: The percentage of annual expenditures is high for six months of the fiscal year (70% actual compared to six-month budget of 50%). Approximately 69% of the budget represents costs for the community service contracts and destination marketing program, and those costs are paid semiannually. One half of these contracts are generally paid in either July or August. Based on the timing and size of these payments, the General Services Department expenditures are on track for FY 2017.

YTD Increase from FY 2014 to FY 2015:

The increase is primarily due to increases in sales and bed tax revenues.

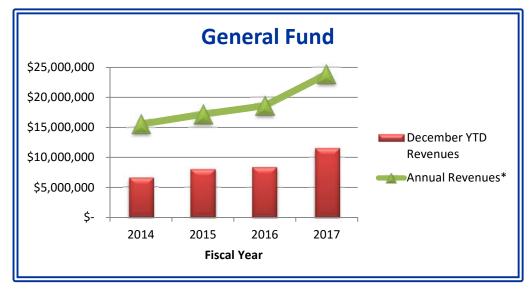

YTD Increase from FY 2016 to FY 2017:

- (1) An accounting change was made in the recording of City sales taxes in FY 2017. Previously, the portion of City sales tax designated for the Wastewater Fund subsidy was recorded as revenue in the Wastewater Fund. For FY 2017, the entire City sales tax collections are recorded in the General Fund, and the subsidy to the Wastewater Fund is recorded as a transfer. In addition, the subsidy was reduced from 30% to 25%.
- (2) Bed tax revenues increased 23%, and City sales tax revenues increased 12%.

Annual Increase from FY 2014 to FY 2015:

- (1) City sales taxes increased 18%. Of this amount, approximately 8% is due to the reduction in the Wastewater Fund subsidy from 35% in FY 2014 to 30% in FY 2015. The remaining increase is largely due to the effects of the implementation of the destination marketing program.
- (2) Bed tax revenues increased 27%. A portion of the increase was the result of the increase in the tax rate from 3% to 3.5% effective January 1, 2014. Adjusting the increase in the tax rate, bed tax revenues were up 17% over FY 2014. The remaining increase is largely due to the effects of the implementation of the destination marketing program.

- (1) An accounting change was made in the recording of City sales taxes in FY 2017. Previously, the portion of City sales tax designated for the Wastewater Fund subsidy was recorded as revenue in the Wastewater Fund. For FY 2017, the entire City sales tax collections are recorded in the General Fund, and the subsidy to the Wastewater Fund is recorded as a transfer. In addition, the subsidy was reduced from 30% to 25%. In addition, a factor was included to estimate an increase in sales tax revenues due to growth in economy and new businesses opening. The total effect of the changes represents an increase in revenues of approximately \$5.0 million.
- (2) Bed tax revenues are projected to increase approximately \$162,000, primarily due to growth in the economy, new facilities, and the continued impacts of the destination marketing program.
- (3) The revenue projections include \$100,000 as a placeholder for estimated revenues of the new paid parking program.

Annual Decrease from FY 2016 to FY 2017:

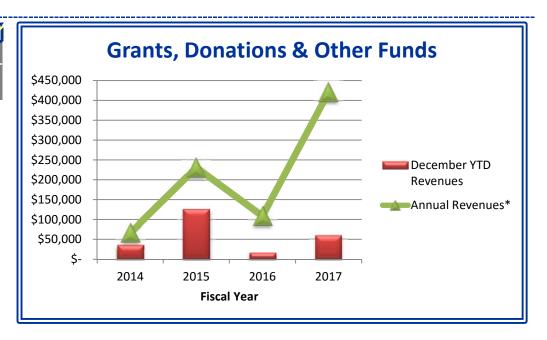

Based on the estimates provided by the State, HURF revenues are estimated to decrease approximately \$98,000. Population is one of the factors used in the State formula for distribution of HURF revenues. Since the City's population has been relatively flat while many other cities in Arizona are increasing, the City's share of the distributions are expected to decrease.

^{*} The Series 1998 bonds are comprised of capital appreciation bonds (CABs). CABs offer an investment return on an initial principal amount and are reinvested at a stated compounded rate until maturity. At maturity, the investor receives a single payment (the "maturity value") representing both the initial principal amount and the total investment return. The next maturity date is not until July 1, 2020.
