City Engineer:

J. Andy Dickey, PE
 (928) 203-5039

ADickey@SedonaAZ.gov

\$ FY18 Project Budget: \$150,000

Total Project Budget: \$980,000

The Wastewater Master Plan Update is a project that will evaluate the wastewater collections system. The report that is completed as part of this project will be an update to the previous Wastewater Master Plan, which was completed in 2000.

The report will identify service areas, system capacities, and future capital projects needed for repair or extension of the collection system.

Status: Information on the project can be found at www.SedonaAZ.gov/wwmp.

Staff presented the final draft to Council and the public at a special City Council meeting on November 29, 2017. Council provided direction to staff to further analyze the cost and options for sewer extensions into areas that do not currently have sewer availability. Staff will present that analysis to Council in Spring 2018.

The final draft of the 2017 Wastewater Master Plan Update is 100% complete.

For a copy of this update, or updates for other projects, visit the projects website at: www.sedonaaz.gov/CIP.
