Monthly Financial Report

December 2017

Executive Summary

The City's largest revenue sources are sales and bed tax revenues. Year-to-date City sales taxes are 8% higher than the prior year and year-to-date bed taxes are 19% higher than the prior year.

December YTD Increase (Decrease) Over Prior Year									
City Sales Taxes	\$ 612,151								
Bed Taxes	315,152								
Total	\$ 927,303								

The largest sales tax increases for the month were in the Hotel/Motel (29%), Leasing (63%), and Amusements & Other (26%) categories. The Hotel/Motel and Amusements & Other categories are heavily impacted by tourism. The Construction (-42%) category had a significant decrease for the month.

Revenues

In total, **General Fund revenues are up 12%** over last year, and Wastewater Fund revenues are down 16% from last year. Excluding the impacts of significant one-time capacity fees received in the prior year, the **remaining Wastewater Fund revenues are up 4%** over last year.

All revenue categories are **expected to be generally on target or exceed targets** by the end of the fiscal year, with the exception of Other Intergovernmental (55% under YTD target), which includes a \$300,000 contingency in case a significant grant opportunity arises. Grant revenues match grant expenditures. When grant expenditures are lower, the grant revenues are also lower. The effect is no net impact to the City's financial position.

Expenditures

In total, **General Fund expenditures are at 51% of budget** for the year-to-date, and **Wastewater Fund expenditures are 28% of budget** for the year-to-date, with 50% of the year completed so far.

Expenditures are **expected to be on or under target** by the end of the fiscal year. City Manager's Office and General Services expenditures are high for six months but are on track due to the nature of semiannual payments for community contracts.

Expenditures for capital improvements (7%) and streets rehabilitation and preservation (23%) are not incurred consistently throughout the year and, as of December 2017, are overall under targets for the fiscal year.

Report Format

The format for the City of Sedona Monthly Financial Report has been modified to provide both summarized financial information and additional historical information. The City's fiscal year (FY) is July 1through June 30. This report for December 2017 is the sixth month of the current fiscal year, FY2017, and **represents 50% of the fiscal year**.

The report consists of the following sections:

- **Executive Summary** This summary includes a narrative discussion of the most significant information in this report.
- Table of Contents The table of contents includes hyperlinks to the sections and tables in this report. It also includes the status for the City's expenditures and revenues, highlighted as follows:
 - Green represents a status favorable, including expenditures on or under target and revenues on or exceeding target. Comments have been included regarding any significant favorable status, better than the target by more than 10%.
 - Yellow represents a cautionary status indicating that the particular category should be observed but is expected to be on target by the end of the fiscal year. Comments have been included regarding the cautionary status.
 - Red represents an unfavorable status indicating that particular category is not expected to be on target by more than 10% by the end of the fiscal year. Comments have been included regarding the unfavorable status.
- Expenditures and Revenues Expenditure and revenue Information has been provided both by fund (including the two Community Facilities Districts managed by the City) and by department for non capital improvement expenditures (excluding internal charges) and by type for revenues. The information includes:
 - Year-to-date (YTD) expenditures and revenues for the current fiscal year and the four previous fiscal years
 - Total annual expenditures and revenues, excluding contingencies, for the four previous fiscal years and budget amounts for the current fiscal year
 - Comparison of YTD amounts to annual amounts, which is used to determine if current year YTD
 amounts are on target, and any applicable comments regarding the status compared to targets
 - Increases and decreases in YTD and annual amounts and color-coded explanations of significant increases and decreases

- ➤ Sales & Bed Tax Revenues These revenues are the most significant funding sources for the City and historically have been susceptible to fluctuations in the economy. The information includes comparisons by taxing category and by month.
- Fund Summaries The City's two most significant funds, the General Fund and the Wastewater Enterprise Fund, are presented with detailed comparisons of YTD amounts to the budgets and prior fiscal year. A summary of all City funds, plus the two Community Facilities Districts, is also included. The schedules include encumbrances, which represents the balance of purchase orders not yet fulfilled.
- ➤ Bonds And Capital Leases Outstanding A table of the City's outstanding bonds and capital leases has been presented by fund with the remaining principal and interest payments for each. Bond payments are made on July 1 and January 1 in accordance with the bond debt repayment schedules. The capital lease payments are made annually when due.
- ➤ Capital Projects Summary A table of the current fiscal year capital improvement projects has been presented with the total project amounts for projects spanning more than one fiscal year.
- ➤ Investment Summaries A table of the investments held by the City has been presented with the average remaining duration of the portfolio, as well as the average yield of the portfolio compared to the policy benchmark. In addition, a table of the investment transactions has been presented including acquisitions, dispositions, investment earnings, and expenses.

Additional Detail

This report provides broad summary information and analysis of the City's financial data. Additional detailed information is offered on the City's website at www.sedonaaz.gov/transparency. It is a searchable, user-friendly site that citizens and other interested parties can use to access real time financial data.

- (1) Starting FY 2015, debt service costs were accrued monthly. Previously, debt service costs were recorded on a cash basis semiannually in December and June.
- (2) The Council increased its commitment to destination marketing.
- (3) Other differences were a result of timing of property and liability insurance premiums.

Annual Increase from FY 2014 to FY 2015:

- (1) Information Technology hardware and software expenditures increased approximately \$277,000 due largely to the replacement of mobile data equipment and software upgrades for the Police Department.
- (2) The Council increased the commitment to destination marketing, resulting in an increase of approximately \$860,000.
- (3) Salary and benefits increased approximately \$575,000. The increase in salaries was primarily due to budgeted cost-of-living adjustments of 1.5% and average merit increases of 2.5%. The most significant increases in benefits were an increase of 27% to the required contributions to the Public Safety Personnel Retirement System (PSPRS) and a 9% increase to health insurance premiums.

YTD and Annual Increase from FY 2016 to FY 2017:

- (1) For FY 2017, Council approved the transfer of all streets related expenditures other than rehabilitation and pavement preservation to the General Fund. This increase to the General Fund was approximately \$818,000.
- (2) The allocation to the destination marketing program increased approximately \$365,000 as a result of the higher bed tax revenue collections.
- (3) Salaries & Benefits increased approximately \$410,000. This was partly due to three new full-time positions and two part-time positions added in the budget process. In addition, salaries increased due to budgeted cost-of-living adjustments of 1.8% and average merit increases of 2.5%, as well as increases to benefits due to a 3% increase to the required contributions to the Public Safety Personnel Retirement System (PSPRS) and a 2% increase to health insurance premiums.

YTD Increase from FY 2017 to FY 2018:

- (1) The increase was partly due to payments related to the refunds of PSPRS contributions to employees that were deemed to be unconstitutional.
- (2) The allocation to the destination marketing program increased approximately \$406,000 as a result of higher estimated bed tax revenue collections.
- (3) Accrued bond payments are approximately \$372,000 higher than the prior year.
- (4) The increase is also due to a change in allocation of property and liability insurance premium payments. In FY 2017, a portion of the premium was charged directly to the Wastewater Fund. In FY 2018, the premium is allocated based on an indirect cost allocation plan.
- (5) Vacancy savings were experienced in the prior year, in addition to budgeted cost-of-living adjustments of 2.5% and average merit increases of 2.5%, as well as an increase of 30% to the required contributions to PSPRS and a 4% increase in health insurance premiums.
- (6) The increase is also partly due to additional lease payments of approximately \$73,000 for the assigned vehicle program for patrol officers.
- PSPRS and a 4% increase to health insurance premiums.
- (3) A one-time placeholder was added to the FY 2018 budget relating to the results of a lawsuit, in which the courts found the increase in the employee share of the PSPRS contribution to be unconstitutional. The City is responsible for refunding the amounts to employees, plus interest.
- (4) Bond payments will be approximately \$753,000 higher in FY 2018 compared to FY 2017.
- (5) Capital lease payments will be approximately \$73,000 higher in FY 2018 compared to FY 2017 for the assigned vehicle program for patrol officers.
- (6) A placeholder of \$100,000 was included in the FY 2018 budget to cover costs of the paid parking program.
- (7) The FY 2018 budget includes approximately \$136,000 additional for continued updates to the Land Development Code.

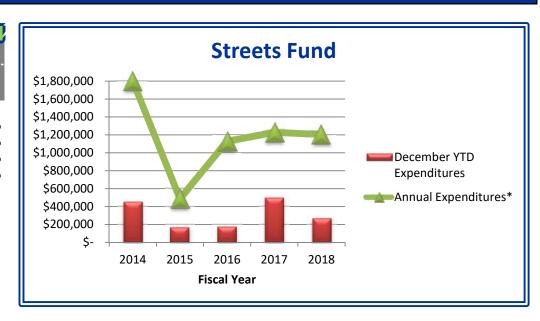

Annual Increase from FY 2017 to FY 2018: (1) The FY 2018 budget includes the addition of one full-time position and six part-time positions. (2) In addition, salaries increased due to budgeted cost-of-living adjustments of 2.5% and average merit increases of 2.5%, as well as increases to benefits due to a 30% increase to the required contributions to

YTD Increase from FY 2014 to FY 2015:

Starting FY 2015, debt service costs were accrued monthly. Previously, debt service costs were recorded on a cash basis semiannually in December and June.

Annual Increase from FY 2014 to FY 2015:

Capital improvement expenditures increased by approximately \$1.2 million due to the wastewater treatment plant capacity enhancement upgrades and drilling of injection wells performed in FY 2015.

YTD Increase from FY 2015 to FY 2016:

The increase is primarily due to expenditures incurred for the plant upgrade and injection well drilling.

Annual Increase from FY 2015 to FY 2016:

The increase is primarily due to expenditures incurred for the plant upgrade and injection well drilling.

YTD and Annual Decrease from FY 2016 to FY 2017:

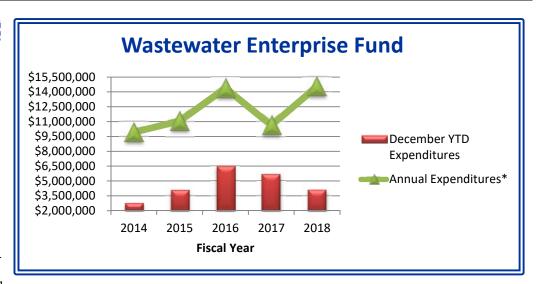

The decrease is primarily due to expenditures incurred for the plant upgrade and injection well drilling in the prior year.

YTD Decrease from FY 2017 to FY 2018:

- (1) The decrease is largely due to the expenditures incurred for the injection well drilling in the prior year.
- (2) The debt service costs are approximately \$368,000 lower and are based on the monthly accruals of scheduled bond principal and interest payments.

Annual Increase from FY 2017 to FY 2018:

- (1) Budgeted capital improvement expenditures increased by approximately \$3 million, including construction of injection wells 3 & 4, improvements to lift stations, and replacement of bar screens and tertiary filters.
- (2) The increase is partly a result of a generator replacement and rental.
- (3) The FY 2018 budget includes the addition of a plant operator position.
- (4) The FY 2018 budget also includes rebuilding and replacing of pumps and the replacement of pump station roofs.
- (5) Injection well maintenance was added for the new injection wells coming on line.
- (6) The budgeted offset for vacancy savings was reduced by \$50,000, which results in an increase to the overall budget.
- (7) Indirect cost allocations were implemented for FY 2018. Compared to the direct allocations previously used, the use of the "cost drivers" to determine cost allocations is generally considered to be a better representation of the service levels provided. The increase in the allocations is budgeted at approximately \$235,000.

YTD Increase from FY 2014 to FY 2015:

- (1) Bed tax revenues increased 30%, mostly due to the increase in the tax rate from 3% to 3.5% effective January 1, 2014.
- (2) City sales taxes increased 12%, largely due to the reduction in the Wastewater Fund subsidy from 35% in FY 2014 to 30% in FY 2015.

Annual Increase from FY 2014 to FY 2015:

(1) City sales taxes increased 18%. Of this amount, approximately 8% is due to the reduction in the Wastewater Fund subsidy from 35% in FY 2014 to 30% in FY 2015. The remaining increase is largely due to the effects of the implementation of the destination marketing program.

(2) Bed tax revenues increased 27%. A portion of the increase was the result of the increase in the tax rate from 3% to 3.5% effective January 1, 2014. Adjusting for the increase in the tax rate, bed tax revenues were up 17% over FY 2014. The remaining increase is largely due to the effects of the implementation of the destination marketing program.

YTD Increase from FY 2016 to FY 2017:

- (1) An accounting change was made in the recording of City sales taxes in FY 2017. Previously, the portion of City sales tax designated for the Wastewater Fund subsidy was recorded as revenue in the Wastewater Fund. For FY 2017, the entire City sales tax collections are recorded in the General Fund, and the subsidy to the Wastewater Fund is recorded as a transfer. In addition, the subsidy was reduced from 30% to 25%.
- (2) Bed tax revenues increased 26%, and City sales tax revenues increased 13%.

YTD and Annual Increase from FY 2016 to FY 2017:

The increase was primarily due to fees assessed with the permitting of the new Marriott facility and the new CVS.

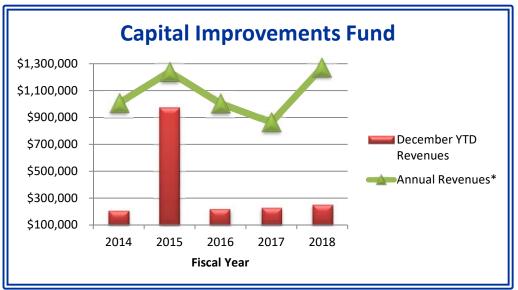

Other Increases/Decreases: The activity of the Development Impact Fees Funds is based on development and permitting so revenues will not necessarily be consistent from month to month or year to year. As the City approaches build-out, these revenues are expected to decrease.

Increases/Decreases: The activity of the Capital Improvements Fund is based on the timing of budgeted capital improvement projects and the receipt of funding designated for those projects so revenues will not necessarily be consistent from month to month or year to year.

Under Target for FY 2018: Due to the effect of the timing of these revenues, year-todate revenues are low but expected to be on target by the end of the fiscal year.

YTD Increase from FY 2017 to FY 2018:

An unbudgeted one-time additional State funding for FY 2018 resulted in an extra \$35.343 for Sedona.

Annual Decrease from FY 2017 to FY 2018:

The decrease is primarily due to one-time additional State funding in FY 2017 resulting in an extra \$35,631 for Sedona. No one-time funding was budgeted for FY 2018.

Other Increases/Decreases: The activity of the Highway User revenues is based on gasoline sales within each county and across the state and allocated primarily based on population. The amount can fluctuate based on the portion that the legislature appropriates to the state Highway User Revenue Fund.

YTD Increase from FY 2014 to FY 2015:

The increase is primarily due to grant activity and outside participation in capital projects, which is based on the funding awarded and received and timing of capital projects so revenues will not necessarily be consistent from month to month or year to year.

Annual Increase from FY 2014 to FY 2015:

The increase was primarily due to an intergovernmental agreement with Yavapai County for reconstruction of Airport Road.

YTD Decrease from FY 2015 to FY 2016:

The decrease is primarily due to grant activity and outside participation in capital projects, which is based on the funding awarded and received and timing of capital projects so revenues will not necessarily be consistent from month to month or year to year. *Annual Decrease from FY 2015 to FY 2016:*

The decrease was primarily due to an intergovernmental agreement with Yavapai County for reconstruction of Airport Road in the prior fiscal year.

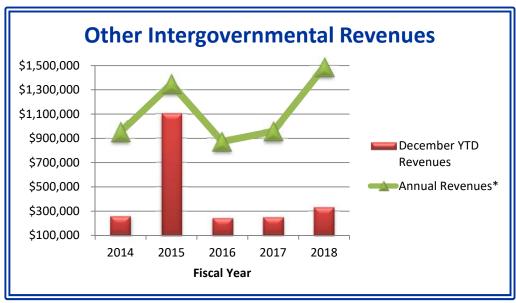

YTD Increase from FY 2017 to FY 2018:

The increase was primarily due to grant activity, which is based on the funding awarded and received so revenues will not necessarily be consistent from month to month or year to year.

Annual Increase from FY 2017 to FY 2018:

The increase was primarily due to budgeted grant funding anticipated for capital improvement projects.

Under Target for FY 2018: The FY 2018 budget includes \$300,000 of contingent grant revenues in case a significant grant opportunity arises. In addition, grants and intergovernmental agreements tied to various projects are received as awarded or based on the timing of the project. Due to the effect of the timing of these revenues, year-to-date revenues are low and may be under target by the end of the fiscal year due to the contingent revenues.

YTD Increase from FY 2015 to FY 2016:

The increase was primarily due to a result of increases in building permits.

YTD Decrease from FY 2016 to FY 2017:

The decrease was primarily due to a result of decreases in building permits.

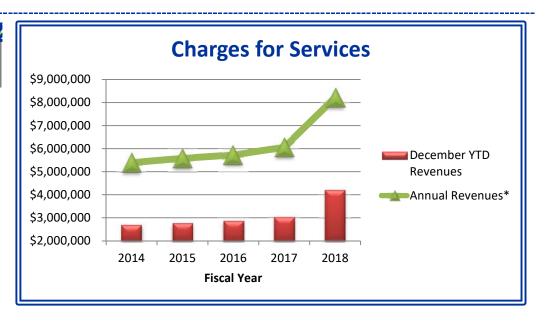

Under Target for FY 2018: Building permit revenues are lower than anticipated. While building permit activity has been high, the revenues are lower due primarily a decrease in the average permit valuations. Many of the permit fees are assessed based on the estimated valuation of the improvements. Year-to-date revenues are low but expected to be on target by the end of the fiscal year.

Annual Decrease from FY 2014 to FY 2015:

The decrease was primarily due to losses incurred in the LGIP accounts and lower interest earnings received on sales tax audits.

Annual Increase from FY 2015 to FY 2016:

- (1) One-time incentive payments were received from APS during FY 2016.
- (2) Interest earnings in LGIP accounts were higher than the prior year.
- (3) Outside participation in capital projects is not always consistent from year to year.

YTD and Annual Decrease from FY 2016 to FY 2017:

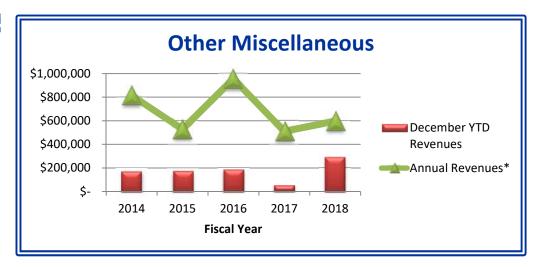

- (1) The decrease was mostly due to losses and a decrease in the interest earnings in LGIP accounts.
- (2) One-time Insurance proceeds were received in FY 2016.
- (3) Outside participation in capital projects is not always consistent from year to year.

YTD Increase from FY 2017 to FY 2018:

- (1) The increase was largely due to an increase in the interest earnings in LGIP accounts and pooled investment accounts.
- (2) The increase was also partly due to insurance proceeds for the City Hall flood damage.
- (3) In addition, unanticipated donations of \$15,000 were received for park benches.

General Fund	\$ 107,530

^{**}The Series 1998 bonds are comprised of capital appreciation bonds (CABs). CABs offer an investment return on an initial principal amount and are reinvested at a stated compounded rate until maturity. At maturity, the investor receives a single payment (the "maturity value") representing both the initial principal amount and the total investment return. The next maturity date is not until July 1, 2020.
