# Monthly Financial Report

February 2018

## Executive Summary

The City's largest revenue sources are sales and bed tax revenues. Year-to-date **City sales taxes are 8% higher** than the prior year and year-to-date **bed taxes are 229% higher** than the prior year.

February YTD Increase (Decrease) Over Prior Year	
City Sales Taxes	\$ 834,149
Bed Taxes	470,863
<b>Total</b>	<b>\$ 1,305,013</b>

The largest sales tax increases for the month were in the Restaurant & Bar (22%) and Hotel/Motel (44) categories. These categories are heavily impacted by tourism. The Construction (-21%) and Leasing (-23%) categories had significant decreases for the month.

## Revenues

In total, **General Fund revenues are up 12%** over last year, and Wastewater Fund revenues are down 5% from last year. Excluding the impacts of significant one-time capacity fees received in the prior year and significant one-time settlement revenues received in the current year, the **remaining Wastewater Fund revenues are up 3%** over last year.

All revenue categories are **expected to be generally on target or exceed targets** by the end of the fiscal year, with the exception of Other Intergovernmental (61% under YTD target), which includes a \$300,000 contingency in

case a significant grant opportunity arises. Grant revenues match grant expenditures. When grant expenditures are lower, the grant revenues are also lower. The effect is no net impact to the City's financial position.

## Expenditures

In total, **General Fund expenditures are at 66% of budget** for the year-to-date, and **Wastewater Fund expenditures are 39% of budget** for the year-to-date, with 67% of the year completed so far.

Expenditures are **expected to be on or under target** by the end of the fiscal year. City Manager's Office expenditures are high for eight months but are on track due to the nature of semiannual payments for community contracts.

Expenditures for capital improvements (17%) and streets rehabilitation and preservation (35%) are not incurred consistently throughout the year and, as of February 2018, are overall under targets for the fiscal year.

2014	\$ 7,824,075	\$ 12,520,234	62%		
2015	\$ 9,938,861	\$ 14,282,455	70%	27%	14%

#### YTD and Annual Increase from FY 2014 to FY 2015:

- (1) Information Technology hardware and software expenditures increased approximately \$277,000 due largely to the replacement of mobile data equipment and software upgrades for the Police Department.
- (2) The Council increased the commitment to destination marketing, resulting in an increase of approximately \$860,000.
- (3) Salary and benefits increased approximately \$575,000. The increase in salaries was primarily due to budgeted cost-of-living adjustments of 1.5% and average merit increases of 2.5%. The most significant increases in benefits were an increase of 27% to the required contributions to the Public Safety Personnel Retirement System (PSPRS) and a 9% increase to health insurance premiums.

#### Annual Increase from FY 2016 to FY 2017:

- (1) For FY 2017, Council approved the transfer of all streets related expenditures other than rehabilitation and pavement preservation to the General Fund. This increase to the General Fund was approximately \$818,000.
- (2) The allocation to the destination marketing program increased approximately \$365,000 as a result of the higher bed tax revenue collections.
- (3) Salaries & Benefits increased approximately \$410,000. This was partly due to three new full-time positions and two part-time positions added in the budget process. In addition, salaries increased due to budgeted cost-of-living adjustments of 1.8% and average merit increases of 2.5%, as well as increases to benefits due to a 3% increase to the required contributions to the Public Safety Personnel Retirement System (PSPRS) and a 2% increase to health insurance premiums.

#### YTD Increase from FY 2017 to FY 2018:

- (1) The increase was partly due to payments related to the refunds of PSPRS contributions to employees that were deemed to be unconstitutional.
- (2) The allocation to the destination marketing program increased approximately \$406,000 as a result of higher estimated bed tax revenue collections.
- (3) Accrued bond payments are approximately \$511,000 higher than the prior year.
- (4) The increase is also due to a change in allocation of property and liability insurance premium payments. In FY 2017, a portion of the premium was charged directly to the Wastewater Fund. In FY 2018, the premium is allocated based on an indirect cost allocation plan.
- (5) Vacancy savings were experienced in the prior year, in addition to budgeted cost-of-living adjustments of 2.5% and average merit increases of 2.5%, as well as an increase of 30% to the required contributions to PSPRS and a 4% increase in health insurance premiums.
- (6) The increase is also partly due to additional lease payments of approximately \$190,000 for the assigned vehicle program for patrol officers.

#### Annual Increase from FY 2017 to FY 2018:

- (1) The FY 2018 budget includes the addition of one full-time position and six part-time positions.
- (2) In addition, salaries increased due to budgeted cost-of-living adjustments of 2.5% and average merit increases of 2.5%, as well as increases to benefits due to a 30% increase to the required contributions to PSPRS and a 4% increase to health insurance premiums.
- (3) A one-time placeholder was added to the FY 2018 budget relating to the results of a lawsuit, in which the courts found the increase in the employee share of the PSPRS contribution to be unconstitutional. The City is responsible for refunding the amounts to employees, plus interest.
- (4) Bond payments will be approximately \$753,000 higher in FY 2018 compared to FY 2017.
- (5) Capital lease payments will be approximately \$73,000 higher in FY 2018 compared to FY 2017 for the assigned vehicle program for patrol officers.
- (6) A placeholder of \$100,000 was included in the FY 2018 budget to cover costs of the paid parking program.
- (7) The FY 2018 budget includes approximately \$136,000 additional for continued updates to the Land Development Code.

(1) The increase is partly due to the timing of in lieu fees for the Community Facilities Districts.

Approximately \$20,000 of FY 2016 revenue was recognized in FY 2017 due to the lateness of receipt.\*\*

(2) The increase is also due to the receipt of one-time Arts and Affordable Housing in-lieu revenues received in FY 2017.

**YTD Decrease from FY 2017 to FY 2018:**

The decrease is due to the timing of in lieu fees for the Community Facilities Districts.

**On Target for FY 2018:** The in lieu fees are received quarterly, with the largest payments typically in the second and third quarters of the fiscal year. Due to the effect of the timing of these revenues, year-to-date revenues are low but on target for this point in the fiscal year.

\*\*Revenues are recognized when they are measurable and available. The period of availability is defined as 60 days. These revenues were received after the period of availability.
