Monthly Financial Report

December 2018

Executive Summary

The City's largest revenue sources are sales and bed tax revenues. Year-to-date City sales taxes are 22% higher than the prior year and year-to-date **bed taxes are 11% higher** than the prior year. (See pg. 45) Excluding the impact of the additional half-cent sales tax for transportation projects effective March 1, 2018, **City sales taxes are 5% higher** than the prior year. (See pg. 46)

December YTD Increase (Decrease) Over Prior Year (General Fund Portion)								
City Sales Taxes	\$ 415,480							
Bed Taxes	210,243							
Total	\$ 625,724							

The largest sales tax increases for the month were in the Hotel/Motel (47%), Construction (73%), and Communications & Utilities (33%) categories. (See pg. 44) The Hotel/Motel categories is heavily impacted by tourism, and the additional half-cent sales tax is also a factor in the increases. Overall, the increases are not as significant as have been experienced over the past several years and may be an indication of a leveling off of tourism activity.

Sales Tax Revenues by Category

Revenues

In total, **General Fund revenues are up 5%** over last year, and **Wastewater Fund revenues are up 6%** from last year. (See pgs. 27 & 31) **Total City revenues are up 15% over last year and at 48% of budget**, with 50% of the year completed so far. (See pg. 33)

All individual revenue categories are **expected to be generally on target or exceed targets** by the end of the fiscal year, except for the following:

- Urban Revenue Sharing (3% under YTD target) (See pg. 37)
 - The final allocation for Urban Revenue Sharing will be approximately \$45,000 less than the preliminary estimate originally provided. This is expected to be offset by other revenue categories that are anticipated to be higher than targets by the end of the fiscal year.
- Other Intergovernmental (53% under YTD target) (See pg. 39)
 - A contingency of \$300,000 was included in case a significant grant opportunity arises. Grant revenues
 match grant expenditures. When grant expenditures are lower, the grant revenues are also lower. The
 effect is no net impact to the City's financial position.
- Capacity Fees (36% under YTD target) (See pg. 42)
 - Capacity fees are not consistent from month to month or year to year. The revenues may not achieve
 the target by the end of the fiscal year; however, sufficient surpluses exist in the Wastewater Fund to
 cover the potential shortage in this category.

Expenditures

In total, **General Fund expenditures are at 43% of budget** for the year-to-date, and **Wastewater Fund expenditures are 30% of budget** for the year-to-date, with 50% of the year completed so far. (See pgs. 6 & 10) **Total City expenditures, excluding capital improvements and internal charges, are at 41% of the budget.** (See pg. 13)

Expenditures for each department are **expected to be on or under target** by the end of the fiscal year.

Expenditures for capital improvements (5%) (See pg. 50) and streets rehabilitation and preservation (2%) (See pg. 7) are not incurred consistently throughout the year and, as of December 2018, are overall under targets for the fiscal year.

Report Format

The format for the City of Sedona Monthly Financial Report has been modified to provide both summarized financial information and additional historical information. The City's fiscal year (FY) is July 1through June 30. This report for December 2018 is the sixth month of the current fiscal year, FY 2019, and **represents 50% of the fiscal year**.

The report consists of the following sections:

- Executive Summary This summary includes a narrative discussion of the most significant information in this report.
- Table of Contents The table of contents includes hyperlinks to the sections and tables in this report. It also includes the status for the City's expenditures and revenues, highlighted as follows:
 - Green represents a status favorable, including expenditures on or under target and revenues on or exceeding target. Comments have been included regarding any significant favorable status, better than the target by more than 10%.
 - Yellow represents a cautionary status indicating that the particular category should be observed but is expected to be on target by the end of the fiscal year. Comments have been included regarding the cautionary status.

- Red represents an unfavorable status indicating that particular category is not expected to be on target by more than 10% by the end of the fiscal year. Comments have been included regarding the unfavorable status.
- Expenditures and Revenues Expenditure and revenue Information has been provided both by fund (including the two Community Facilities Districts managed by the City) and by department for non capital improvement expenditures (excluding internal charges) and by type for revenues. The information includes:
 - Year-to-date (YTD) expenditures and revenues for the current fiscal year and the four previous fiscal years
 - Total annual expenditures and revenues, excluding contingencies, for the four previous fiscal years and budget amounts for the current fiscal year
 - Comparison of YTD amounts to annual amounts, which is used to determine if current year YTD
 amounts are on target, and any applicable comments regarding the status compared to targets
 - Increases and decreases in YTD and annual amounts and color-coded explanations of significant increases and decreases
- ➤ Sales & Bed Tax Revenues These revenues are the most significant funding sources for the City and historically have been susceptible to fluctuations in the economy. The information includes comparisons by taxing category and by month.
- ➤ Fund Summaries The City's two most significant funds, the General Fund and the Wastewater Enterprise Fund, are presented with detailed comparisons of YTD amounts to the budgets and prior fiscal year. A summary of all City funds, plus the two Community Facilities Districts, is also included. The schedules include encumbrances, which represents the balance of purchase orders not yet fulfilled.
- ▶ **Debt Outstanding** A table of the City's outstanding debt has been presented by fund with the remaining principal and interest payments for each. Bond payments are made on July 1 and January 1 in accordance with the bond debt repayment schedules. The capital lease payments and installment purchase agreement payments are made annually when due.
- ➤ Capital Projects Summary A table of the current fiscal year capital improvement projects has been presented with the total project amounts for projects spanning more than one fiscal year.
- ➤ Investment Summaries A table of the investments held by the City has been presented with the average remaining duration of the portfolio, as well as the average yield of the portfolio compared to the policy benchmark. In addition, a table of the investment transactions has been presented including acquisitions, dispositions, investment earnings, and expenses.

Additional Detail

This report provides broad summary information and analysis of the City's financial data. Additional detailed information is offered on the City's website at www.sedonaaz.gov/transparency. YTD and A	\nnu	al Increase fr	om	FY 2016 to FY	2017:			

- (1) For FY 2017, Council approved the transfer of all streets related expenditures other than rehabilitation and pavement preservation to the General Fund. This increase to the General Fund was approximately \$818,000.
- (2) The allocation to the tourism management and destination marketing program increased approximately \$365,000 as a result of the higher bed tax revenue collections.
- (3) Salaries & Benefits increased approximately \$410,000. This was partly due to three new full-time positions and two part-time positions added in the budget

process. In addition, salaries increased due to budgeted cost-of-living adjustments of 1.8% and average merit increases of 2.5%, as well as increases to benefits due to a 3% increase to the required contributions to the Public Safety Personnel Retirement System (PSPRS) and a 2% increase to health insurance premiums.

YTD Increase from FY 2017 to FY 2018:

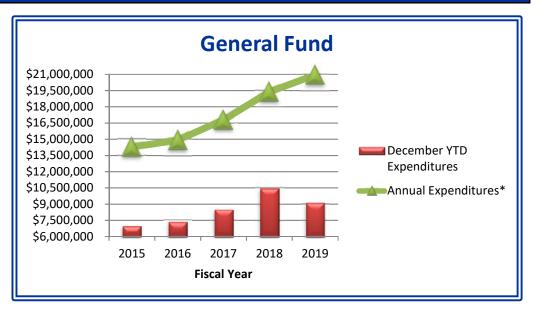

- (1) The increase was partly due to payments related to the refunds of PSPRS contributions to employees that were deemed to be unconstitutional.
- (2) The allocation to the destination marketing program increases approximately \$406,000 as a result of higher estimated bed tax revenue collections.
- (3) Accrued bond payments are approximately \$372,000 higher than the prior year.
- (4) The increase is also due to a change in allocation of property and liability insurance premium payments. In FY 2017, a portion of the premium was charged directly to the Wastewater Fund. In FY 2018, the premium is allocated based on an indirect cost allocation plan.
- (5) Vacancy savings were experienced in the prior year, in addition to budgeted cost-of-living adjustments of 2.5% and average merit increases of 2.5%, as well as an increase of 30% to the required contributions to PSPRS and a 4% increase in health insurance premiums.
- (6) The increase is also partly due to additional lease payments of approximately \$73,000 for the assigned vehicle program for patrol officers.

Annual Increase from FY 2017 to FY 2018:

- (1) The increase was partly due to payments related to the refunds of PSPRS contributions to employees that were deemed to be unconstitutional.
- (2) The allocation to tourism management and development increased approximately \$68,000 as a result of higher estimated bed tax revenue collections.
- (3) Accrued bond payments are approximately \$758,000 higher than the prior year.
- (4) Vacancy savings were experienced in the prior year, in addition to budgeted cost-of-living adjustments of 2.5% and average merit increases of 2.5%, as well as an increase of 30% to the required contributions to PSPRS and a 4% increase in health insurance premiums.
- (5) The increase is also partly due to additional lease payments of approximately \$73,000 for the assigned vehicle program for patrol officers.
- (6) Costs for the startup and ongoing costs of the paid parking program were approximately \$122,000.

YTD Decrease from FY 2018 to FY 2019:

- (1) The decrease was largely due to timing differences in payments for tourism management and development.
- (2) The decrease was also partly due to payments related to the refunds of PSPRS contributions in the prior year.

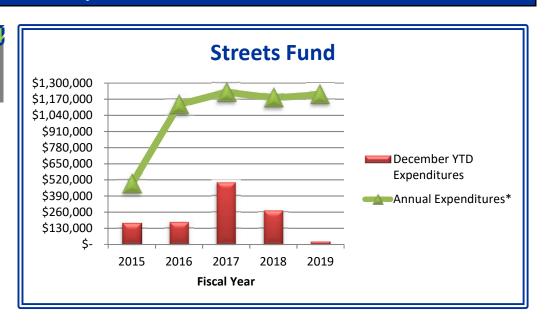

^{*} For the current year, Annual Expenditures represents total budgeted expenditures, excluding contingencies. For the prior years, the Annual Expenditures represent total actual expenditures.

YTD and Annual Increase from FY 2015 to FY 2016:

The increase is primarily due to expenditures incurred for the plant upgrade and injection well drilling.

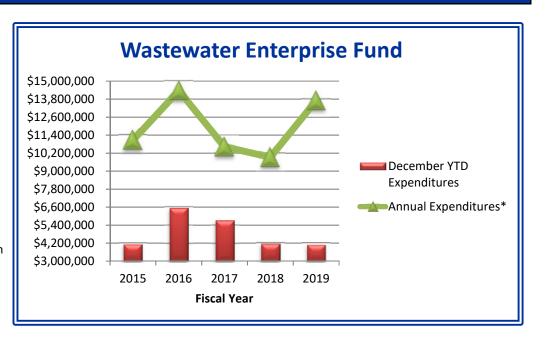

YTD and Annual Decrease from FY 2016 to FY 2017:

The decrease is primarily due to expenditures incurred for the plant upgrade and injection well drilling in the prior year.

YTD Decrease from FY 2017 to FY 2018:

- (1)The decrease is largely due to the expenditures incurred for the injection well drilling in the prior year.
- (2) The debt service costs are approximately \$368,000 lower and are based on the monthly accruals of scheduled bond principal and interest payments.

- (1) Budgeted capital improvement expenditures increased by approximately \$3.3 million, including improvements to lift stations, replacement of bar screens and tertiary filters, and a remodel of the administrative building.
- (2) The increase is also due to budgeted increases in maintenance costs such as sewer line cleaning and inspections, sewer line repairs, irrigation maintenance, and injection well maintenance.

- (2) A portion of the increase is a result of the change in legislation regarding short-term residential rentals effective January 1, 2017.
- (3) The increase is also a result of the effects of the implementation of the tourism management and destination marketing program.

YTD and Annual Increase from FY 2017 to FY 2018:

A portion of the increase represents an increase as a result of the change in legislation regarding short-term residential rentals.

YTD Increase from FY 2018 to FY 2019:

The increase was partially a result of increased average daily room rates and a slight increase in occupancy rates, in addition to continued impacts resulting from the change in legislation regarding short-term residential rentals.

Annual Increase from FY 2016 to FY 2017:

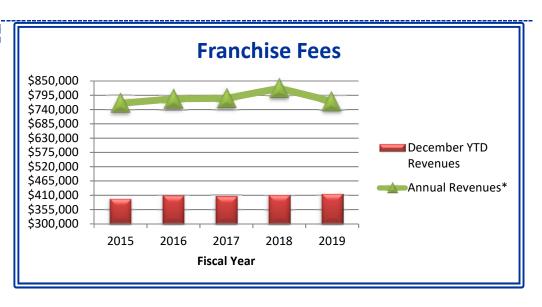

- (1) The increase is partly due to the timing of in lieu fees for the Community Facilities Districts. Approximately \$20,000 of FY 2016 revenue was recognized in FY 2017 due to the lateness of receipt.**
- (2) The increase is also due to the receipt of one-time Arts and Affordable Housing in-lieu revenues received in FY 2017.

On Target for FY 2019: The in lieu fees are received quarterly, with the largest payments typically in the second and third quarters of the fiscal year. Due to the effect of the timing of these revenues, year-to-date revenues are low but on target for this point in the fiscal year.

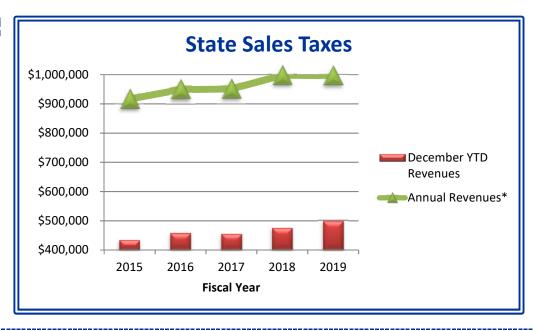

**Revenues are recognized when they are measurable and available. The period of availability is defined as 60 days. These revenues were received after the period of availability.

YTD Increase from FY 2017 to FY 2018:

The increase is primarily due to grant activity, which is based on the funding awarded and received so revenues will not necessarily be consistent from month to month or year to year.

Annual Increase from FY 2017 to FY 2018:

The increase was primarily due to increases in grant funding and intergovernmental agreements.

YTD Increase from FY 2018 to FY 2019:

The increase was primarily due to a change in the way Coconino County Flood Control monies are distributed.

Annual Increase from FY 2018 to FY 2019:

The budgeted increase was primarily due to anticipated increases in grant funding for capital projects.

Under Target for FY 2019: The FY 2019 budget includes \$300,000 of contingent grant revenues in case a significant grant opportunity arises. In addition, grants and intergovernmental agreements tied to various projects are received as awarded or based on the timing of the project. Due to the effect of the timing of these revenues, year-to-date revenues are low and may be under target by the end of the fiscal year due to the contingent revenues.

YTD Decrease from FY 2016 to FY 2017:

The decrease was primarily due to a result of decreases in building permits.

YTD Decrease from FY 2018 to FY 2019:

- (1) The decrease was largely due to a change in business license requirements eliminating the need for businesses without a physical presence in the City limits to obtain a license.
- (2) The decrease was also due to decreases in building permit revenues.

Annual Decrease from FY 2018 to FY 2019:

⁽¹⁾ Bond semiannual interest payments made on January 1, 2019 were as follows:

31

In addition, installment purchase payments were made on December 20, 2018 for \$10,849.

⁽²⁾ The Series 1998 bonds are comprised of capital appreciation bonds (CABs). CABs offer an investment return on an initial principal amount and are reinvested at a stated compounded rate until maturity. At maturity, the investor receives a single payment (the "maturity value") representing both the initial principal amount and the total investment return. The next maturity date is not until July 1, 2020.

⁽³⁾ The installment purchase agreement with Christmas Light Decorators was a 3-year agreement with no stated interest rate. The final annual payment will be made in FY 2020-21.
