

# Monthly Investment & Cash Flows Report

March 2021

**CITY OF SEDONA**

April 13, 2021

# Monthly Investment & Cash Flows Report

March 2021

## Executive Summary

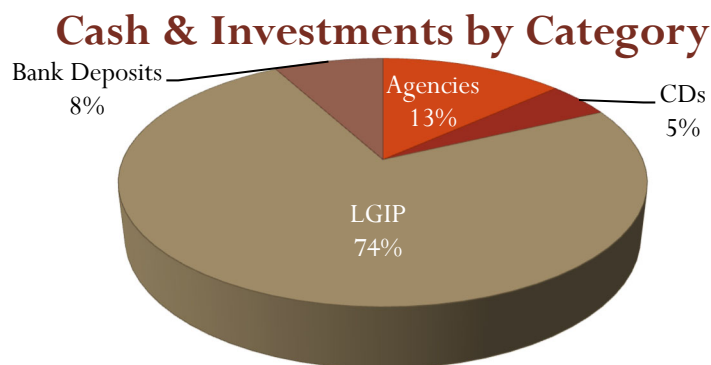

The fair market value of the City's **total cash and investments as of March 31, 2021 is \$60.3 million**, representing an **increase of approximately \$2.0 million (3%) for the month, representing the highest balance held**. The **average yield exceeds the City's benchmark by 973%** as a result of a decision made by the Arizona State Treasurer's Office to increase liquidity in anticipation of local government drawdowns during the financial crisis caused by the COVID-19 closures and drops in interest rates.

March 2021 Cash & Investments Summary	
Total Cash & Investments	\$60,325,852
Average Yield	0.966%
Benchmark <sup>1</sup>	0.090%
Average Duration	0.3 years

The **average duration is 0.3 years**. The current goal was to maintain as much liquidity as possible until there is better information regarding the City's future financial condition and impacts of the current financial crisis, as well as a sufficient return to justify tying up funds in investments with terms of 3-5 years that currently offer extremely low yields.

## Investments Held

The City has invested in U.S. government agency securities, certificates of deposit (CDs), and Local Government Investment Pools (LGIP) offered by the Arizona State Treasurer's Office, in addition to balances maintained in checking accounts.<sup>2</sup>

<sup>1</sup> The City's investment policy defines the benchmark as the yield for the Arizona State Treasurer's Office's Local Government Investment Pool (LGIP) 5. The adopted investment policy is available at <https://www.scdonaaz.gov/your-government/departments/financial-services/financial-policies>.

<sup>2</sup> All investments are allowable under Arizona Revised Statutes and the City's investment policy.

## Investments Transactions

**Net transactions for March 2021 resulted in an increase of the City's cash and investments of approximately \$2.0 million.** The increase was largely the result of an increase in cash basis sales and bed tax receipts. See the Cash Basis Sales & Bed Tax Receipts section for further discussion.

## Cash Flows

Cash basis **receipts for March 2021 were approximately \$2.4 million more than the prior month** while cash basis **disbursements were approximately \$237,000 more than the prior month.** Changes for March 2021 compared to the prior month include:

- Receipts:
  - Cash basis sales and bed tax receipts for March 2021 were approximately \$1.7 million (89%) more than the prior month. For further discussion, please see the following Cash Basis Sales & Bed Tax Receipts section.
  - Cash basis wastewater monthly receipts for March 2021 were approximately \$3,000 (<-1%) less than the prior month.
  - Cash basis state shared revenue receipts for March 2021 were approximately \$2,000 (<1%) more than the prior month primarily due to increases in state shared sales taxes.
  - Cash basis interest receipts for March 2021 were approximately \$20,000 (-76%) less than the prior month.
  - One-time development impact fees received during March 2021 were approximately \$158,000.
  - One-time capacity fees received during March 2021 were approximately \$463,000.
- Disbursements:
  - Capital improvement costs for March 2021 were approximately \$266,000 (21%) greater than the prior month primarily due to construction costs related to the Thunder Mountain/Sanborn shared-use path project and the Sunset Drive crossing storm drainage project.

## Cash Basis Sales & Bed Tax Receipts

**Cash basis sales and bed tax receipts were 89% more than the prior month and 42% more than the same month last year.** The March 2021 receipts included a portion of January taxes filed in February and a portion of February taxes filed in March, including any delinquent payments that have been filed and paid in those months.

The increase compared to the prior month is a result of moving into a busier tourism season. On average, accrual basis February sales and bed tax revenues are approximately 7% higher than January.

While it can be beneficial to have more timely cash basis information, there are still flaws in these comparisons. The accrual basis amounts that will be included in the monthly financial reports will be the best comparisons.

## Changes in Cash Basis Sales & Bed Tax Receipts

### Analysis

**Cumulative cash basis receipts since April 2020 were approximately \$5.6 million more than cumulative cash basis disbursements.** Cash basis receipts were less than cash basis disbursements during the COVID-19 closures through July 2020. It is typical for capital improvement costs and road rehabilitation costs to be higher during the last quarter of the fiscal year, in addition to the transfers to the trustee for bond payments due on July 1. Also, it is typical for July and August cash basis disbursements to include the first semiannual payments for the SCC&TB and the various service contracts, as well as the prepayment of Public Safety Personnel Retirement System (PSPRS) contributions.<sup>3</sup>

For fiscal year-to-date 2021, cash basis receipts have been \$7.3 million greater than cash basis disbursements resulting in cash and investment balances higher than pre-COVID-19 closures.

<sup>3</sup> The prepayment to PSPRS was approximately \$303,000 less than would have been paid if the level payment of \$1,000,000 employer contributions had not been suspended for fiscal year 2020-21.

**April 2020 - March 2021**  
**Cash Basis Receipts & Disbursements Summary**

Total Net Cash Basis Receipts (Disbursements)	\$ 5,588,070
Certain Cash Basis Receipts (Disbursements):	
One-Time Receipts	2,702,079
Capital Improvement Costs	(11,248,448)
Road Rehabilitation	(873,069)
Transfers to Bond Payment Trustee	(5,702,320)
PSPRS Prepayment	(766,299)
Semiannual Contract Payments	(3,377,623)

As a result of the increase in cash basis sales and bed tax receipts, monthly cash receipts exceeded monthly cash disbursements for March 2021 by approximately \$2.1 million. The increase in cash basis sales and bed tax receipts helped cover the increases in capital improvement costs. As more capital projects begin their construction phases, the capital improvement costs will continue to increase and possibly return to levels where monthly cash disbursements exceed monthly cash receipts. Land purchases have been separately identified in the table below to better see the trend in construction costs.

### Cash Basis Capital Improvement Costs

Total cash and investment balances have improved since the low in August 2020 (\$51.0 million) and have significantly exceeded the previous highs occurring before the COVID-19 closures.

## Total Cash & Investments - Book Value

### Report Format

The report consists of the following sections:

- **Executive Summary** – This summary includes a narrative discussion of the most significant information in this report.
- **Investment Holdings Summary** – A table of the investments held by the City has been presented with the average remaining duration of the portfolio, as well as the average yield of the portfolio compared to the policy benchmark.
- **Investment Transactions Summary** – A table of the investment transactions for the month has been presented including acquisitions, dispositions, investment earnings, and expenses.
- **Cash Flows Report** – A summary of the cash flows for the month has been presented with comparison to cash flows of prior months, in addition to bank and cash basis balances.

### Available Local Government Investment Pools (LGIP)

The Local Government Investment Pools offered by the Arizona State Treasurer’s Office include:

- **LGIP Pool 5** – A diversified short-term fund similar to a prime money market fund. The fund maintains the highest rating from S&P (AAA f/S1+). **March 2021 yield was 0.09%**. There are no restrictions on deposits or withdrawals. The City has traditionally used this fund for all available funds not otherwise invested; however, since the yield has dropped below the earnings rate on the checking account, the balance in this account has been drastically reduced.
- **LGIP Pool 7** – A short-term fund that invests only in products backed by the full faith and credit of the United States Government. The fund has a AAA weighted average rating. **March 2021 yield was 0.01%**. There are no restrictions on deposits or withdrawals. The City has traditionally used this fund for a secure investment of prepaid wastewater capacity fees.

- **LGIP Pool 500** – A medium-term fund similar to the shorter-term Pool 5. The weighted average rating of all the securities in this pool is AA-2. **March 2021 yield was 0.95%**. Deposits and withdrawals are only allowed on the first business day of the month. The City has traditionally used this fund for longer-term investment of reserve balances; however, since the yield for Pool 5 has dropped below the earnings rate on the checking account, surplus balance from Pool 5 have been transferred to Pool 500. Cash flow needs are analyzed each month to determine deposit or withdrawal needs in accordance with the restrictions on this Pool.
- **LGIP Pool 700** – A medium-term fund similar to the shorter-term Pool 7. The fund has a AAA weighted average rating. **March 2021 yield was 0.31%**. Deposits and withdrawals are only allowed on the first business day of the month. The City has not traditionally used this fund since yields in Pool 500 are most often higher.

Benchmark per Policy (LGIP Pool 5) 0.090%

<sup>(1)</sup> Arizona Revised Statutes and the City's investment policy limit the maximum investment maturity to 5 years.

<sup>(2)</sup> Unrealized gains and losses would only be realized if the City chose to sell its investments prior to maturity and are based on the fair market value as reported by the City's safekeeping agent. The City plans to hold investments until maturity unless there is a compelling reason to sell.

<sup>(3)</sup> Many of the investments pay interest semi-annually with some investments paying monthly. The accrued interest not yet recorded represents the amount earned since the last interest payment date.

<sup>(4)</sup> Due to the significant reduction in LGIP Pool 5 earnings, a higher balance was maintained in the City's checking account. As LGIP Pool 500 rates decrease and rates for other available investment options begin to increase, investment options are being evaluated to enhance portfolio performance. A portion of the checking account balance was also retained based on an anticipated need for capital improvement project costs.

## Investment Transactions Summary<sup>(1)</sup>

CUSIP	Issuer	Transaction Type	March 2021 Activity
<b>Acquisitions</b>			
N/A	LGIP Pool 500	Deposit	\$ 2,000,000
N/A	Interest-Bearing Checking Accounts	Net Contribution	\$ 79,516
<b>Subtotal</b>			<b>\$ 2,079,516</b>
<b>Dispositions</b>			
<b>Subtotal</b>			<b>\$ -</b>
<b>Earnings</b>			
29266N6P7	EnerBank USA	Monthly Interest	\$ 379
32056GCV0	First Internet Bank of Indiana	Monthly Interest	\$ 503
32056GCV0	First Internet Bank of Indiana	Monthly Interest	\$ 455
88413QBR8	Third Federal Savings & Loan	Semi-annual interest	\$ 2,450
05580AKJ2	BMW Bank North America	Semi-annual interest	\$ 2,572
N/A	LGIP Pool 5	Monthly Gain/Loss	\$ 242
N/A	LGIP Pool 500	Monthly Gain/Loss	\$ (43,655)
<b>Subtotal</b>			<b>\$ (37,054)</b>
<b>Expenses</b>			
N/A	N/A	Custody Charges	\$ 66
N/A	N/A	Wire Fees	\$ 82
<b>Subtotal</b>			<b>\$ 148</b>
<b>Net Transactions for March 2021</b>			<b>\$ 2,042,315</b>

<sup>(1)</sup> The net addition to investments was largely a result of an increase in cash basis sales and bed tax receipts. See the Analysis section of the Executive Summary for further discussion.

## Cash Flows Report<sup>(1)</sup>

Month	Beginning Bank Balance	Cash Basis Receipts	Cash Basis Disbursements	Net Account Transfers	Ending Bank Balance	Outstanding Checks	Ending Cash Basis Balance
