Sedona in Motion 12A, 12B – Traveler Information – Traffic Data & Video Services

FY21 CIP Update

This project is a result of the Transportation Master Plan (TMP). It was identified by Council as a high priority project. This project consists of providing real-time information to travelers through a variety of methods.

Status: The travel time information signage as shown in the image above is being displayed by ADOT on overhead Digital Message Signs (DMS) on the I-17 corridor as of December 11, 2018. Current travel times for those signs can be viewed by visiting AZ511.gov. Staff is working with ADOT to ensure the messaging is accomplishing the goals of reducing travel times and congestion within the City. FY 21 budget contemplates the City contributing to an additional overhead DMS for southbound I-17 closer to SR 260. Travel times are also now being displayed on small DMS on SR 89A in Oak Creek Canyon, as of January 2020. Cameras have been installed along SR 179 near Tlaquepaque and in Uptown. Staff is working with IT to allow residents and tourists to view current traffic conditions from these cameras. Staff is pursuing other locations for cameras as well. The City is continuing to monitor ongoing travel time information to gauge congestion frequency/duration, and gauge benefits of completed projects. This data is also beneficial for informing when Traffic Control Assistants should be deployed in Uptown and at Tlaquepaque.

For a copy of this update, or updates for other projects, visit the projects website at: www.sedonaaz.gov/CIP.

KEY FEATURES:

<u>Consultant:</u> Kimley-Horn (Travel Time) SEC, Inc. (camera installation)

<u>Contractor:</u> TBD

<u>Timing</u>: July 2018 – FY 20 <u>Construction Challenges</u>:

• Communications capabilities

Project Manager:

Stephen Craver, PE (928) 203-5059 SCraver@SedonaAZ.gov

City Engineer:

J. Andy Dickey, PE (928) 203-5039 ADickey@SedonaAZ.gov

FY21 Project Budget: \$900,000 **Total Project Budget:** \$932,070
