**\$ FY22 Project Budget:** \$100,000

**Total Project Budget:** \$100,000

The 2017 Wastewater Master Plan Update (WWMP) included condition assessments of existing sewer infrastructure. During the evaluations, it was determined that the Brewer Road Force Main air release/vacuum breaking valves should be replaced in order to maintain proper functionality of the force main. This project will replace the air release/vacuum breaking valves in the Brewer Road force main.

**Status:** Staff contracted with Construction Product Marketing for procurement and installation of the new valves. The initial testing of the existing valves is scheduled in March 2022.
