**\$ FY22 Project Budget:** \$200,000

**Total Project Budget:** \$400,000

In FY20, we began an update of the 2005 Stormwater Master Plan (Phase I). Phase 1 of the Stormwater Master Plan Update (SWMPU) included looking at facility improvements and priorities. This also accounted for the infrastructure completed since the 2005 Plan was complete and included a robust public outreach to identify new problem areas. During FY21, we continued to update the Master Plan (Phase II) to include hydrology and the study of existing conditions in problem areas. The estimated costs of potential improvements was determined as well.

In FY22, we will complete the SWMPU (Phase III) to include remapping of the local (non-FEMA) floodplains reduced by previous storm drainage improvement projects and identify priorities area for future projects. Through an IGA with Yavapai County, the Flood Control District covered \$70,000 of the Phase I consultant cost and will cover the \$177,623 cost of Phase III in FY22.

**Status:** Phase I of this SWMPU was completed in FY20. Phase II was completed in FY21, and Phase III will be completed in FY22. JE Fuller, Inc. was selected as our consultant through a qualifications-based selection process to perform all three of the phases for this SWMPU. BetaPr out of Flagstaff was the subconsultant for the public outreach efforts. The Phase III contract will be \$177,623. The City held an Open House on June 29<sup>th</sup> for residents to meet with staff for any questions they may have. The digital maps will be uploaded to the City website during summer 2022.

For a copy of this update, or updates for other projects, visit the projects website at: [www.sedonaaz.gov/CIP](http://www.sedonaaz.gov/CIP).

**Project Status**

**June 2022**

Project Phase	% Completion	Completion Date
SWMP Update – Phase I	100%	FY20
SWMP Update – Phase II	100%	FY21
SWMP Update – Phase III	90%	FY22
