## **Monthly Financial Report**

### December 2021

### **Executive Summary**

The City's largest revenue sources are sales and bed tax revenues. Year-to-date City sales taxes are 26% higher than the prior year and year-to-date bed taxes are 42% higher than the prior year. (See pg. 50) Year-to-date December 2021 sales and bed tax outperforms any prior first six months of the year. The increases seem to be a continuing indication of higher tourism levels and impacts of inflation. Inflation continues to increase with the Western Region Consumer Price Index (CPI) for December at 7.1% compared to November's 6.5%.

| December YTD Increase (Decrease)<br>Over Prior Year |              |  |  |  |  |  |  |  |  |
|---|--------------|--|--|--|--|--|--|--|--|
| City Sales Taxes                                    | \$ 3,271,191 |  |  |  |  |  |  |  |  |
| Bed Taxes   | 1,235,785    |  |  |  |  |  |  |  |  |
| Total   | \$ 4,506,976 |  |  |  |  |  |  |  |  |

The most significant increases for December are in the Retail (+25%), Restaurant & Bar (+42%), Hotel/Motel (+55%), and Amusements & Other (+17%) categories. (See pg. 49)

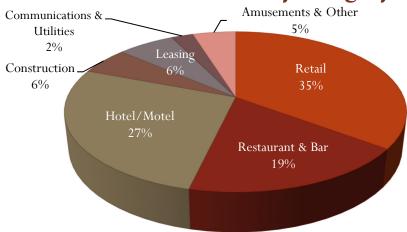

- Retail was up 14% last December and up 25% this December. Increases continue in both local and online sales.
- Restaurant & Bar was up 9% last December and up 42% this December.
- Hotel/Motel was up 19% last December and up 55% this December. See comment below about other transient occupancy types not captured in the hotel occupancy rate.
- Amusements & Other was up 21% last December and up 17% this December. December 2020 was the first month that Amusements & Other showed an increase after the initial COVID-19 closures.

The Construction (-28%) category was down for the month. (See pg. 49)

Bed tax revenues increased 56% for the month. (See pg. 50) The December hotel occupancy rate ( $\pm 10\%$ ) and average daily hotel rate ( $\pm 22\%$ ) were both up over last year. Other transient occupancy types not captured in the hotel occupancy rate were contributing to the number of visitors and may have partially contributed to the higher than anticipated revenues in many of the categories.

Year-to-date City sales taxes are 21% over the budget projections and year-to-date bed taxes are 36% over the budget projections. (See pg. 50) The budget projections were based on somewhat conservative but aggressive estimates. FY 2021 estimates during the budget process were based on estimated 12% increase for sales tax and 14% increase in bed tax for the last quarter of the fiscal year. FY 2022 estimates were based on 7% increase for sales tax and 9% increase for bed tax over the FY 2021 estimates.

## Sales Tax Revenues by Category

#### Revenues

In total, General Fund revenues are up 26% from last year, and Wastewater Fund revenues are up 3% from last year. (See pgs. 30 & 35) Total City revenues are up 27% from last year and at 53% of budget, with 50% of the year completed so far. (See pg. 37) Other than sales and bed tax revenues previously discussed, the most significant increases in revenues are the receipt of the first half of the American Rescue Plan Act (ARPA) funding of \$1.7 million (See pg. 43 regarding Other Intergovernmental revenues) and a 10% increase in Charges for Services revenues (See pg. 45).

A few individual revenue categories are **showing to be generally under target**; however, some are expected to be on target by the end of the year. The following category may not reach budget anticipations by the end of the fiscal year:

- Other Intergovernmental (16% under YTD target) (See pg. 43)
  - O A contingency of \$300,000 was included in case a significant grant opportunity arises. Grant revenues match grant expenditures. When grant expenditures are lower, the grant revenues are also lower. The effect is no net impact to the City's financial position.
- Development Impact Fees (9% under YTD target) (See pg. 47)
  - O Due to delays in some significant one-time development projects, revenues may be under target by the end of the fiscal year. Development impact fees are required to be collected over a 10-year period regardless of when the projects occur, so deficits are anticipated, and more than adequate surpluses are anticipated in the General Fund to provide loans to cover the deficits until fees are collected.
- Capacity Fees (29% under YTD target) (See pg. 47)
  - Oue to delays in some significant one-time development projects, revenues may be under target by the end of the fiscal year. However, significant surpluses exist in the Wastewater Fund to cover the potential shortage in this category.
- Other Miscellaneous (41% under YTD target) (See pg. 48)
  - O Due to lower than anticipated interest rates and amortization of losses in the Local Government Investment Pools (LGIP) managed by the Arizona State Treasurer's Office, revenues may be under target by the end of the fiscal year. However, revenue increases in other categories more than offset the potential shortage in this category.

### **Expenditures**

In total, **General Fund expenditures are at 41% of budget** for the year-to-date, and **Wastewater Fund expenditures are at 17% of budget** for the year-to-date, with 50% of the year completed so far. (See pgs. 6 & 11) **Total City expenditures, excluding capital improvements and internal charges, are at 33% of the budget.** (See pg. 14)

Expenditures for each department are **expected to be on or under target** by the end of the fiscal year.

Expenditures for capital improvements (9%) (See pgs. 58-59) and streets costs (21%) (See pg. 6) are not incurred consistently throughout the year and, as of December 2021, are overall well under targets for the fiscal year.

### **Report Format**

The format for the City of Sedona Monthly Financial Report has been modified to provide both summarized financial information and additional historical information. The City's fiscal year (FY) is July 1through June 30. This report for December 2021 is the sixth month of the current fiscal year, FY 2022, and **represents 50% of the fiscal year**.

The report consists of the following sections:

- **Executive Summary** This summary includes a narrative discussion of the most significant information in this report.
- ➤ **Table of Contents** The table of contents includes hyperlinks to the sections and tables in this report. It also includes the status for the City's expenditures and revenues, highlighted as follows:
  - Green represents a status favorable, including expenditures on or under target and revenues on or exceeding target. Comments have been included regarding any significant favorable status, better than the target by more than 10%.
  - Yellow represents a cautionary status indicating that the particular category should be observed but is expected to be on target by the end of the fiscal year. Comments have been included regarding the cautionary status.
  - Red represents an unfavorable status indicating that particular category is not expected to be on target by more than 10% by the end of the fiscal year. Comments have been included regarding the unfavorable status.
- Expenditures and Revenues Expenditure and revenue Information has been provided both by fund (including the two Community Facilities Districts managed by the City) and by department for non-capital improvement expenditures (excluding internal charges) and by type for revenues. The information includes:
  - Year-to-date (YTD) expenditures and revenues for the current fiscal year and the four previous fiscal years
  - Total annual expenditures and revenues, excluding contingencies, for the four previous fiscal years and budget amounts for the current fiscal year
  - Comparison of YTD amounts to annual amounts, which is used to determine if current year YTD
    amounts are on target, and any applicable comments regarding the status compared to targets
  - Increases and decreases in YTD and annual amounts and color-coded explanations of significant increases and decreases

- > Sales & Bed Tax Revenues These revenues are the most significant funding sources for the City and historically have been susceptible to fluctuations in the economy. The information includes comparisons by taxing category and by month.
- Fund Summaries The City's two most significant funds, the General Fund and the Wastewater Enterprise Fund, are presented with detailed comparisons of YTD amounts to the budgets and prior fiscal year. A summary of all City funds, plus the two Community Facilities Districts, is also included. The schedules include encumbrances, which represents the balance of purchase orders not yet fulfilled.
- ➤ Paid Parking Program Summary A table of the City's paid parking program has been presented with detailed comparisons of YTD amounts to the budgets and prior fiscal year. The table includes gross revenues less program support costs to arrive at net revenues of the program available for Uptown enhancements. The ending available balances represent the balances at the beginning of the year plus net revenues less costs for Uptown enhancements.
- ➤ **Debt Outstanding** A table of the City's outstanding debt has been presented by fund with the remaining principal and interest payments for each. Bond payments are made on July 1 and January 1 in accordance with the bond debt repayment schedules. The capital lease payments and installment purchase agreement payments depend on the agreement and are made monthly or annually when due.
- ➤ Capital Projects Summary A table of the current fiscal year capital improvement projects has been presented with the total project amounts for projects spanning more than one fiscal year.

### **Additional Detail**

This report provides broad summary information and analysis of the City's financial data. Additional detailed information is offered on the City's website at <a href="www.sedonaaz.gov/transparency">www.sedonaaz.gov/transparency</a>. It is a searchable, user-friendly site that citizens and other interested parties can use to access real-time financial data.

#### YTD Decrease from FY 2018 to FY 2019:

- (1) The decrease was largely due to timing differences in payments for tourism management and development.
- (2) The decrease was also partly due to payments related to the refunds of PSPRS contributions in the prior year.

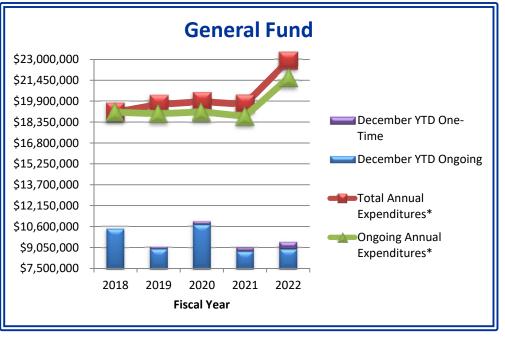

#### YTD Increase from FY 2019 to FY 2020:

- (1) The increase is largely due to timing differences in payments for tourism management and development.
- (2) The increase is partly due to timing differences in community service contract payments and Verde Lynx reimbursements.
- (3) The increase is partly due to one-time facilities maintenance costs including replacement of the pergola in the City Hall courtyard, roof repairs, small remodel projects, and other miscellaneous facilities projects.
- (4) The increase is also due to timing of streets maintenance costs and increases in right-of-way landscaping/tree removal costs and asphalt repairs.

#### YTD Decrease from FY 2020 to FY 2021:

- (1) The decrease is largely due to timing differences in payments for tourism management and development.
- (2) The decrease is also due to hiring freezes and expenditures freezes during the first several months of the fiscal year due to the unknown financial impacts of COVID-19.
- (3) The decrease is also due to a reduction in the small grants program due to the impacts of the COVID-19 pandemic.
- (4) The decrease is also due to the elimination of support for the Verde Lynx since the costs were fully covered by CARES Act funding.
- (5) The decrease is also due to timing of property and casualty insurance premium payments.

- (1) The estimated increase was largely due to decision packages for expansion of the Sustainability program, staffing capacity and succession planning for the Financial Services, Public Works, and Police Departments, and resumption of the level funding for PSPRS of \$1 million annually.
- (2) The estimated increase was also due to vacancy savings and other expenditures postponed in the prior year due to freezes in place as a result of the COVID-19 financial crisis.

#### YTD and Annual Increase from FY 2021 to FY 2022:

For FY 2022, all streets related costs were centralized in the Streets Fund.

**Other Increases/Decreases:** Much of the activity in the Streets Fund is from paving and maintenance projects so spending will not necessarily be consistent from month to month or year to year. Annual maintenance expectations average approximately 4.5 to 5.0 miles per year.

The Transportation Sales Tax Fund was initiated in March 2018.

#### YTD Increase from FY 2019 to FY 2020:

The increase is due to vacancy savings in the prior year.

#### Annual Decrease from FY 2019 to FY 2020:

The decrease is a result of a vacancy that was frozen as a result of the impacts of the COVID-19 financial crisis.

#### YTD and Annual Increase from FY 2020 to FY 2021:

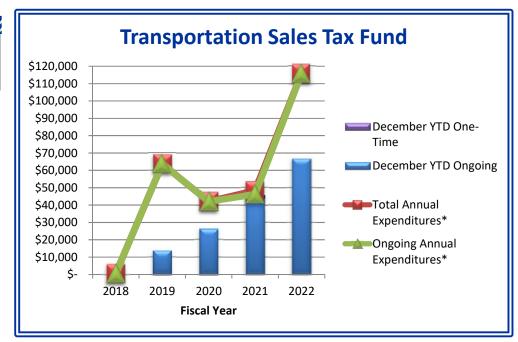

The increase is a result of costs for travel time data collection.

#### YTD Increase from FY 2021 to FY 2022:

The increase is due to vacancy savings in the prior year.

#### Annual Increase from FY 2021 to FY 2022:

The estimated increase is a result of a vacancy savings in the prior year.

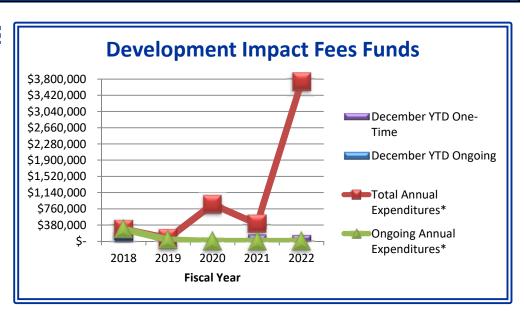

On Target for FY 2022: The percentage of annual expenditures is high for six months of the fiscal year (58% actual compared to six-month budget of 50%). Travel time data collections costs are paid annually, and based on the timing and size of these payments, the Transportation Sales Tax Fund expenditures are on track for FY 2022.

<sup>\*</sup> For current year, Annual Expenditures represent total budgeted, excluding contingencies. For prior years, Annual Expenditures represent total actual.

#### YTD Increase from FY 2019 to FY 2020:

- (1) The increase is largely due to expenditures incurred for the administration building remodel, the initiation of the tertiary filter upgrades, and the continuation of the Mystic Hills and Chapel lift stations improvements.
- (2) In addition, the debt service costs are approximately \$127,000 higher and are based on the monthly accruals of scheduled bond principal payments.

#### Annual Increase from FY 2019 to FY 2020:

(1) The increase is largely due to capital improvement expenditures incurred for the administration building remodel, the initiation of the tertiary filter upgrades, initiation of the SR179 sewer main replacement, initiation of the grit reclassifier replacement, and the continuation of the Mystic Hills and Chapel lift stations improvements.

- (2) The increase is also partly due to one-time capital purchases of a closed-circuit television van, a cattail cutter, and an air curtain burner.
- (3) In addition, the debt service costs are approximately \$253,000 higher and are based on the monthly accruals of scheduled bond principal and interest payments.

#### Annual Decrease from FY 2020 to FY 2021:

- (1) The decrease is partly due to a reduction of capital improvement expenditures incurred for the year to date.
- (2) The decrease is also partly due to one-time capital purchases of a closed-circuit television van, a cattail cutter, and an air curtain burner in the prior year.

#### YTD Decrease from FY 2021 to FY 2022:

- (1) Beginning FY 2022, the debt service entries will be recorded as paid instead of accrued at one-twelfth each month. This is more consistent with standard governmental practice.
- (2) The decrease is also due to capital improvement expenditures incurred for the SR179 sewer main replacement in the prior year.

- (1) Budgeted capital improvement expenditures increased by approximately \$1.5 million. Projects include replacement of a sewer main and a reservoir liner, lift station upgrades, and an sewer extensions to the Shelby Drive area.
- (2) The budgeted increases include changing to guaranteed proprietary UV bulbs instead of aftermarket UV bulbs, increases for pump station maintenance services and sewer line repairs, and vacancy savings in the prior year due to the temporary COVID-19 hiring freeze.

#### Annual Decrease from FY 2019 to FY 2020:

The decrease is primarily due to delays in equipment replacement and expenditure freezes during the COVID-19 financial crisis.

#### YTD Increase from FY 2020 to FY 2021:

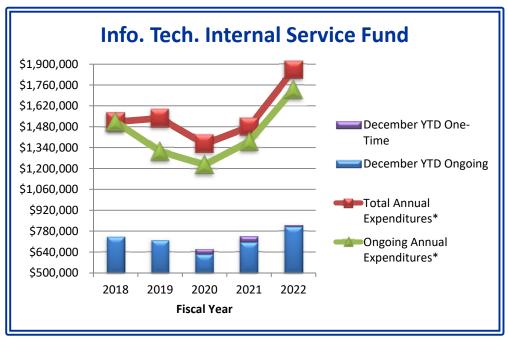

- (1) The increase is partly due to timing of annual hardware replacements and software maintenance and licensing costs.
- (2) The increase is also due to the purchase of cameras for the Skate Park.

#### YTD Increase from FY 2021 to FY 2022:

The increase is primarily due to replacements of Surfaces and an increase in the number of employees needing Surfaces for remote work.

#### Annual Increase from FY 2021 to FY 2022:

The budgeted increases include increase in licenses required, addition of new programs such as Zoom, increases in maintenance agreements, more frequent replacements of Surfaces, and an increase in the number of employees needing Surfaces for remote work.

#### YTD Decrease from FY 2018 to FY 2019:

- (1) The decrease was largely due to timing differences in payments for tourism management and development.
- (2) The decrease was also partly due to timing differences in streets maintenance and rehabilitation costs.
- (3) In addition, the decrease was due to one-time refunds of PSPRS contributions in the prior year.

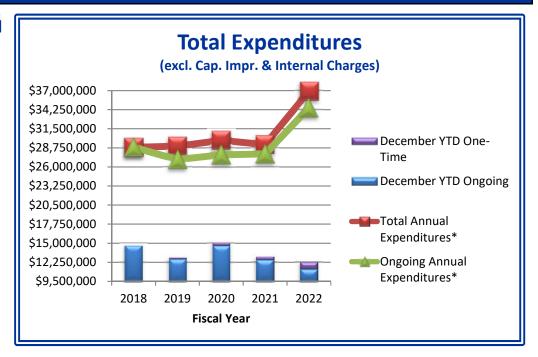

#### YTD Increase from FY 2019 to FY 2020:

- (1) The increase is largely due to timing differences in payments for tourism management and development.
- (2) The increase is partly due to timing differences in community service contract payments and Verde Lynx reimbursements.
- (3) The increase is partly due to one-time facilities maintenance costs including replacement of the pergola in the City Hall courtyard, roof repairs, small remodel projects, and other miscellaneous facilities projects.
- (4) The increase is also due to timing of streets maintenance costs and increases in right-of-way landscaping/tree removal costs and asphalt repairs.

#### YTD Decrease from FY 2020 to FY 2021:

- (1) The decrease is largely due to timing differences in payments for tourism management and development.
- (2) The decrease is also due to hiring freezes and expenditures freezes during the first several months of the fiscal year due to the unknown financial impacts of COVID-19.
- (3) The decrease is also due to a reduction in the small grants program due to the impacts of the COVID-19 pandemic.
- (4) The decrease is also due to the elimination of support for the Verde Lynx since the costs were fully covered by CARES Act funding.
- (5) The decrease is also due to timing of property and casualty insurance premium payments.

- (1) The estimated increase includes enhancements to the Housing and Sustainability programs, initial implementation of a transit system, staffing capacity and succession planning for the Financial Services, Public Works, and Police Departments, resumption of the level funding for PSPRS of \$1 million annually.
- (2) The estimated increase was also due to vacancy savings and other expenditures postponed in the prior year due to freezes in place as a result of the COVID-19 financial crisis.

#### YTD Decrease from FY 2020 to FY 2021:

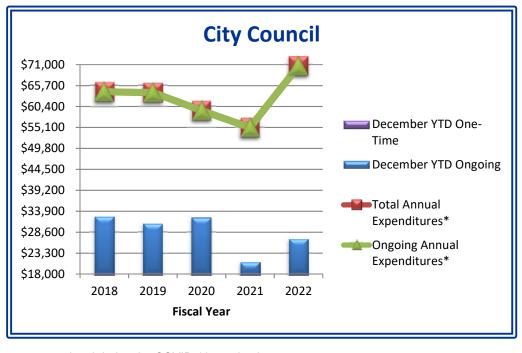

- (1) The decrease was partly due to the result of timing differences in payroll accruals and one Council member who declined the stipend due to the impacts of the COVID-19 financial crisis.
- (2) The decrease was also due to the cancellation of the annual League conference and other events.

#### YTD Increase from FY 2021 to FY 2022:

- (1) The increase was largely due to the annual League conference that was cancelled in the prior year due to COVID-19.
- (2) The increase was also due to a Council member who declined the stipend due to the impacts of the COVID-19 financial crisis in the prior year.

#### Annual Increase from FY 2021 to FY 2022:

Budget capacity was maintained for Meals, Professional Services, and Travel & Training that were restricted during the COVID-19 pandemic.

#### YTD Decrease from FY 2018 to FY 2019:

The decrease is primarily a result of timing differences in Tourism Management & Development costs.

#### YTD Increase from FY 2019 to FY 2020:

- (1) The increase was partly due to an increase in the Chamber contract for tourism management & development costs.
- (2) The increase is also due to the transfer of sustainability costs from other departments including participation in the Oak Creek Watershed Council and the U.S. Forest Service trails maintenance agreement.

#### YTD Decrease from FY 2020 to FY 2021:

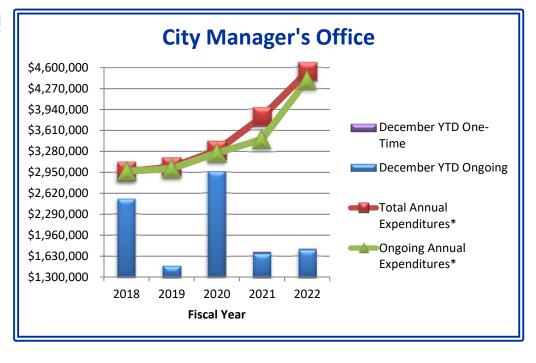

The decrease is primarily a result of timing differences in Tourism Management & Development costs.

#### Annual Increase from FY 2020 to FY 2021:

- (1) The increase was partly due to additional funding to the Sedona Chamber of Commerce & Tourism Bureau (SCC&TB) for the payoff of the Jordan Road property mortgage in order for title to be transferred to the City.
- (2) The increase was also due to an increase in the contract with the SCCT&B for management of the impacts of tourism.
- (3) The increase was partly due to the expansion of the environmental sustainability and communications programs to advance these priorities.
- (4) The increase was also due to increases in salary and benefit costs for the reallocation of the Assistant City Manager position that was partially allocated as the Director of Community Development to a full Deputy City Manager position within the City Manager's Office.

#### Annual Increase from FY 2021 to FY 2022:

The estimated increase was due to the transfer of the Housing program from the Community Development Department, as well as decision packages for the expansion of the Sustainability program.

#### Annual Increase from FY 2018 to FY 2019:

- (1) Vacancy savings were experienced in FY 2018.
- (2) Service charges increased due to an increase in the amount charged by the state for processing sales tax payments, the implementation of remittance processing for utility bills, and a reduction of compensating balances for pooled investments.
- (3) Professional services increased due to one-time costs for a wastewater rate study and implementation of report writing software.

#### YTD Increase from FY 2019 to FY 2020:

- (1) A part-time Administrative Assistant position was added.
- (2) One-time costs associated with wastewater rate study, biennial development impact fee audit, and implementation of report writing software were incurred.
- (3) There were timing differences in payments for postage reloads with the utility bill printing vendor.

#### YTD Decrease from FY 2020 to FY 2021:

- (1) The decrease was largely due to vacancy savings due to freezes in place as a result of the COVID-19 financial crisis.
- (2) The decrease was partly due to a reduction in the sales tax audit contract.
- (3) The decrease was also partly due to one-time professional services costs for a wastewater rate study and implementation of report writing software in the prior year.
- (4) The decrease was also the result of reduced merchant service charges for the Uptown paid parking program that was suspended during construction and COVID-19 restrictions.
- (5) The decrease was also the result of timing difference in costs for the City's annual financial audit and postage

#### YTD Increase from FY 2021 to FY 2022:

- (1) The increase was partly due to vacancy savings in the prior year.
- (2) The increase was also due to one-time professional services costs for a wastewater rate study.

- (1) The estimated increase was partly due to a decision package to address staffing capacity and succession planning and the implementation of a centralized procurement function.
- (2) The estimated increase was also due to vacancy savings and other expenditures postponed in the prior year due to freezes in place as a result of the COVID-19 financial crisis.

#### YTD Increase from FY 2019 to FY 2020:

The increase is primarily due to restructuring of the Associate City Attorney position to an Assistant City Attorney position.

#### Annual Increase from FY 2019 to FY 2020:

- (1) The increase is largely due to restructuring of the Associate City Attorney position to an Assistant City Attorney position.
- (2) The increase is also due to increases in deductibles for legal claims.

#### YTD and Annual Decrease from FY 2020 to FY 2021:

- (1) The decrease is largely due to vacancy savings.
- (2) The decrease is also due to a reduction in contracted outside legal services.
- (3) The decrease is also due to a one-time purchase of risk management software in the prior year.

#### YTD Decrease from FY 2021 to FY 2022:

The decrease is largely due vacancy savings.

- (1) The estimated increase is partly due to vacancy savings in the prior year.
- (2) Budgeted capacity was also included for contracted legal services.

#### YTD Increase from FY 2018 to FY 2019:

The increase is largely due to payments for holiday decorations authorized from the paid parking monies designated for Uptown improvements.

#### Annual Increase from FY 2018 to FY 2019:

- (1) An increase in donations allowed for an increase in special events costs.
- (2) The Uptown merchants requested \$40,000 be added to the holiday decorations budget from the paid parking monies designated for Uptown improvements.

#### Annual Decrease from FY 2019 to FY 2020:

The decrease was primarily due to the cancellation of special events and recreation programs and the closure of the public swimming pool during the COVID-19 pandemic.

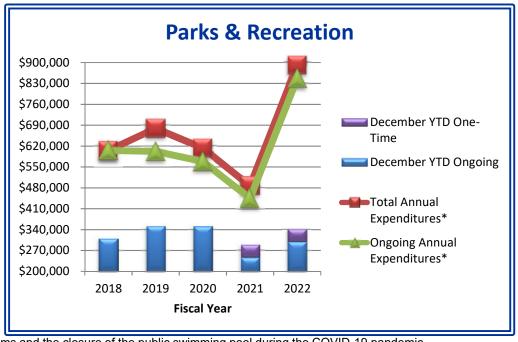

#### YTD and Annual Decrease from FY 2020 to FY 2021:

The decrease was primarily due to the cancellation of special events and recreation programs and the closure of the public swimming pool during the COVID-19 pandemic. YTD Increase from FY 2021 to FY 2022:

The increase is primarily due to the resumption of special events and recreation programs and the reopening of the public swimming pool following the COVID-19 pandemic.

Annual Increase from FY 2021 to FY 2022:

The estimated increase included budget capacity for the resumption of special events and recreation programs and the reopening of the public swimming pool following the COVID-19 pandemic.

#### YTD and Annual Decrease from FY 2018 to FY 2019:

The decrease is primarily due to payments related to the prior year refunds of PSPRS contributions to employees that were deemed to be unconstitutional.

#### YTD Increase from FY 2019 to FY 2020:

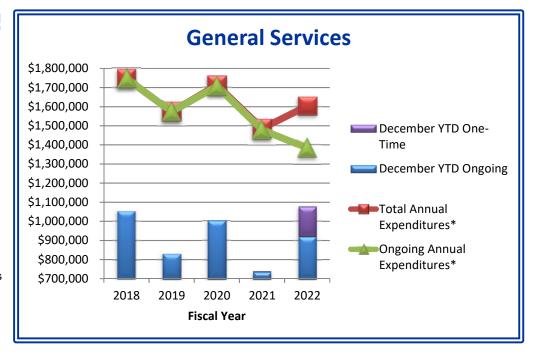

The increase is largely due to timing of service contract payments and Verde Lynx reimbursements.

#### YTD and Annual Decrease from FY 2020 to FY 2021:

The decrease is largely due to a reduction in the small grants program due to the impacts of the COVID-19 pandemic.

#### YTD Increase from FY 2021 to FY 2022:

- (1) The increase is largely due to an increase in the small grants program due to restoration of funding levels and carryover of the unspent portion from the prior year.
- (2) The increase is also due to increases in the community service contracts.
- (3) The increase is partly due to a lease of the former School District Admin site.

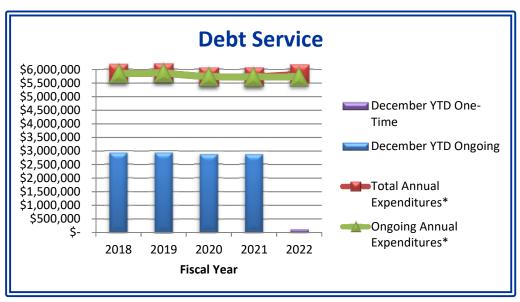

On Target for FY 2022: The percentage of annual expenditures is high for six months of the fiscal year (67% actual compared to six-month budget of 50%). Community service contracts are paid semiannually and small grants program payments are made annually, while property and casualty insurance premiums are paid quarterly. Based on the timing and size of these payments, the General Services Department expenditures are on track for FY 2022.

<sup>\*</sup> For current year, Annual Expenditures represent total budgeted, excluding contingencies. For prior years, Annual Expenditures represent total actual.

#### Annual Increase from FY 2019 to FY 2020:

The increase is due to a Community Development Block Grant (CDBG) award.

#### Annual Decrease from FY 2020 to FY 2021:

The decrease was primarily due to a reduction in expenditures of a CDBG award.

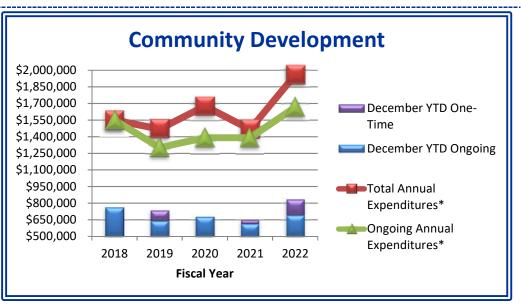

#### YTD Increase from FY 2021 to FY 2022:

- (1) The increase is largely due to costs associated with the Hope House project funded by a CDBG grant.
- (2) The increase is also due to increases in outsourced plan reviews.

### Annual Increase from FY 2021 to FY 2022:

The estimated increase includes the mandatory 10-year update of the community plan, a decision package for the reorganization of the building safety division, and the balance of the CDBG grant awarded for the Hope House project.

#### YTD Decrease from FY 2018 to FY 2019:

- (1) The decrease was partly due to one-time capital purchases in the prior year for a not box for the Streets program, replacement of the Posse Grounds Hub roof, and a variable message sign for the Transportation Services program.
- (2) The decrease was also partly due to the timing of streets maintenance and facilities maintenance costs.

#### YTD Increase from FY 2019 to FY 2020:

- (1) The increase is partly due to one-time facilities maintenance costs including replacement of the pergola in the City Hall courtyard, roof repairs, small remodel projects and other miscellaneous facilities projects.
- (2) The increase is also partly due to vacancy savings incurred in the prior year.
- (3) The increase is also due to timing of streets maintenance costs and increases in right-of-way landscaping/tree removal costs and asphalt repairs..

#### YTD Decrease from FY 2020 to FY 2021:

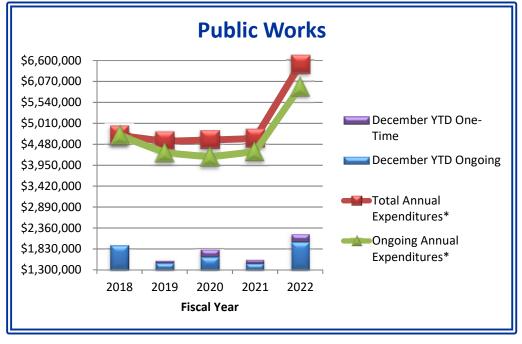

The decrease is a result of freezes in place as a result of the COVID-19 financial crisis including timing of streets maintenance, reduction of landscaping maintenance in street medians and rights-of-way, and delays in facilities maintenance projects.

#### YTD Increase from FY 2021 to FY 2022:

- (1) The increase is partly due to vacancy savings in the prior year and added staff capacity.
- (2) The increase is partly due to increases for facilities and parks maintenance projects that were delayed in the prior year.
- (3) The increase is also due to increases for streets maintenance projects due to a significant summer rainstorm event and due to costs delayed in the prior year.

### Annual Increase from FY 2021 to FY 2022:

#### Annual Increase from FY 2018 to FY 2019:

The increase was primarily due to vacancy savings in FY 2018.

#### Annual Decrease from FY 2019 to FY 2020:

- (1) The decrease was partly due to the reallocation of positions between programs.
- (2) The decrease was also partly due to one-time miscellaneous expenditures in the prior year related to the Admin building remodel.

#### YTD Decrease from FY 2020 to FY 2021:

The decrease was primarily due to timing of maintenance expenditures for the Administration Building in the prior year.

#### YTD and Annual Increase from FY 2019 to FY 2020:

The increase was primarily due to change in allocations of positions to the Capital Projects Management program.

#### YTD Decrease from FY 2020 to FY 2021:

The decrease is primarily due to vacancy savings due to positions frozen in response to the unknown financial impacts of the COVID-19 pandemic.

#### Annual Decrease from FY 2020 to FY 2021:

The decrease is due to one-time capital items in the prior year, including a closed-circuit television van, a cattail cutter, and an air curtain burner.

#### YTD Increase from FY 2021 to FY 2022:

- (1) The increase is partly due to vacancy savings in the prior year.
- (2) The increase is also due to timing of biosolid disposal services.
- (3) The increase is partly due to maintenance that was delayed in the prior year due to the unknown financial impacts of the COVID-19 pandemic.

### Annual Increase from FY 2021 to FY 2022:

The budgeted increases include changing to guaranteed proprietary UV bulbs instead of aftermarket UV bulbs, increases for pump station maintenance services and sewer line repairs, and vacancy savings in the prior year due to the temporary COVID-19 hiring freeze.

#### YTD Increase from FY 2020 to FY 2021:

- (1) The increase is partly due to timing of annual hardware replacements and software maintenance and licensing costs.
- (2) The increase is also due to the purchase of cameras for the Skate Park.

#### Annual Increase from FY 2021 to FY 2022:

The budgeted increases include increase in licenses required, addition of new programs such as Zoom, increases in maintenance agreements, more frequent replacements of Surfaces, and an increase in the number of employees needing Surfaces for remote work.

#### YTD Increase from FY 2019 to FY 2020:

- (1) City sales taxes increased 10% and bed tax revenues increased 13%.
- (2) In addition, a dividend of approximately \$110,000 was received from the risk retention pool.

#### YTD Increase from FY 2020 to FY 2021:

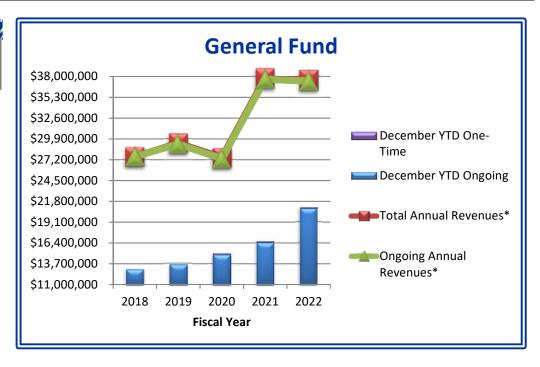

City sales taxes increased 12% and bed tax revenues increased 17%.

#### Annual Increase from FY 2020 to FY 2021:

- (1) City sales taxes increased 38% and bed tax revenues increased 72%.
- (2) State shared revenues also increased due to overall economic increases across the state.

#### YTD Increase from FY 2021 to FY 2022:

- (1) City sales taxes increased 26% and bed tax revenues increased 42%.
- (2) The increase was also due to a result of the suspension of the paid parking program in the prior year due to road construction in Uptown and accommodations made due to the COVID-19 financial crisis.
- (3) The increase was also due to increases in planning fees due to increased activity levels.

*Increases/Decreases:* Due to the nature of the activity of the Affordable Housing Fund, revenues will not necessarily be consistent from month to month or year to year.

**Under Target for FY 2022:** The hiring of a Housing Manager was later than anticipated at budget time. Due to the effect of the timing of these revenues, revenues are low and may be under target at the end of the fiscal year.

#### Annual Increase from FY 2019 to FY 2020:

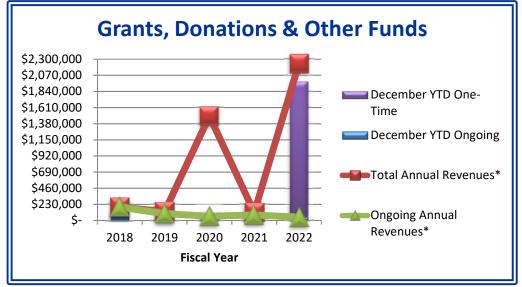

The increase was primarily due to one-time AZCares Act funding for revenue losses during the COVID-19 financial crisis.

#### YTD and Annual Increase from FY 2021 to FY 2022:

The increase was primarily due to the first half of one-time ARPA funding for revenue losses during the COVID-19 financial crisis.

Other Increases/Decreases: The activity of the Grants & Donations Funds is based

on the funding awarded and received during the year so revenues will not necessarily be consistent from month to month or year to year.

### Annual Decrease from FY 2020 to FY 2021:

The decrease is partly due to the timing of in lieu fees for the Community Facilities Districts. Approximately \$30,000 of FY 2021 revenue will be recognized in FY 2022 due to the lateness of receipt.\*\*

<sup>\*\*</sup>Revenues are recognized when they are measurable and available. The period of availability is defined as 60 days. These revenues were received after the period of availability.

<sup>\*</sup> For the current year, Annual Revenues represent the total budgeted, excluding contingencies. For prior years, Annual Revenues represent the total actual.

*Increases/Decreases:* State sales taxes are based on state-wide sales tax collections allocated to each of the cities and towns primarily based on population.

*Increases/Decreases:* Urban Revenue Sharing is state-shared income taxes. The State provides a preliminary estimate of each city's and town's allocation, which is based on population.

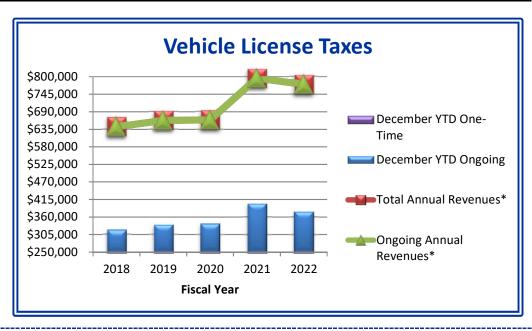

*Under Target for FY 2022:* The revised Urban Revenue Sharing allocations based on the 2020 Census will result in approximately \$60,000 or 4% under budget.

#### YTD Increase from FY 2018 to FY 2019:

The increase was due to a change in the way Coconino County Flood Control monies are distributed.

#### Annual Decrease from FY 2018 to FY 2019:

The decrease is primarily due to decreases in grant funding.

#### YTD Decrease from FY 2019 to FY 2020:

The decrease is due to a change in the way Coconino County Flood Control monies are distributed. While approximately \$402,000 was received in the prior year, no funding is anticipated for FY 2020.

#### Annual Increase from FY 2019 to FY 2020:

The increase was primarily due to one-time AZCares Act funding for revenue losses during the COVID-19 financial crisis.

### YTD Increase from FY 2020 to FY 2021:

The increase is due to HURF Exchange funding received for the Sanborn/Thunder Mountain pavement overlay project.

#### Annual Decrease from FY 2020 to FY 2021:

The decrease was primarily due to one-time AZCares Act funding for revenue losses during the COVID-19 financial crisis.

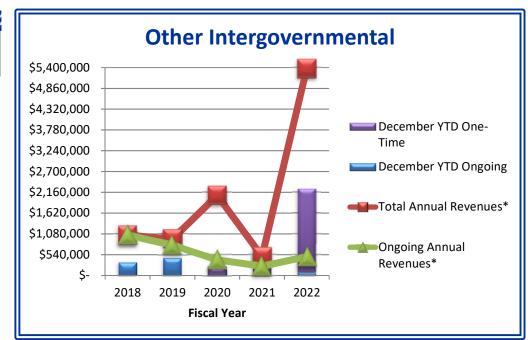

#### YTD Increase from FY 2021 to FY 2022:

The increase was due to the first half of one-time ARPA funding for revenue losses during the COVID-19 financial crisis.

#### Annual Increase from FY 2021 to FY 2022:

The estimated increase is due to the first half of one-time ARPA funding for revenue losses during the COVID-19 financial crisis, federal grants for the transit system implementation, and Congressionally Directed Funding for the police facility remodel and the Shelby Drive improvements.

*Under Target for FY 2022:* Grants and intergovernmental agreements tied to various projects are received as awarded or based on the timing of the project. In addition, the FY 2022 budget includes \$300,000 of contingent grant revenues in case a significant grant opportunity arises. Due to the effect of the timing of these revenues, year-to-date revenues are low and may be under target by the end of the fiscal year due to the contingent revenues.

<sup>\*</sup> For the current year, Annual Revenues represent the total budgeted, excluding contingencies. For prior years, Annual Revenues represent the total actual.

#### YTD and Annual Decrease from FY 2018 to FY 2019:

- (1) The decrease was partly due to a change in business license requirements eliminating the need for businesses without a physical presence in the City limits to obtain a license.
- (2) The decrease was also a result of a reclassification of charges for services previously classified as licenses and permits.

#### YTD and Annual Decrease from FY 2019 to FY 2020:

The decrease was primarily due to a reduction in building permit fees. While activity was high, the valuation of permits was smaller on average.

#### YTD Increase from FY 2020 to FY 2021:

The increase was primarily due to an increase in building permit revenues.

#### Annual Increase from FY 2020 to FY 2021:

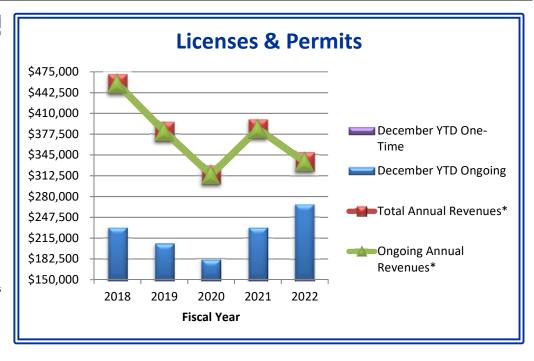

The increase was primarily due to increases in building permit, land division, and temporary use permit revenue.

### YTD Increase from FY 2021 to FY 2022:

The increase was largely due to increases in building permit revenue.

### Annual Decrease from FY 2021 to FY 2022:

The estimated decrease was primarily due to anticipated decreases in building permits.

### YTD Increase from FY 2021 to FY 2022:

- (1) The increase was largely due to a result of the suspension of the paid parking program in the prior year due to road construction in Uptown and accommodations made due to the COVID-19 financial crisis, as well as accommodations made for wastewater customers in the prior year.
- (2) The increase was also due to increases in planning fees due to increased activity levels.

#### Annual Increase from FY 2019 to FY 2020:

The increase was primarily due to fees assessed with the permitting of a large multifamily development.

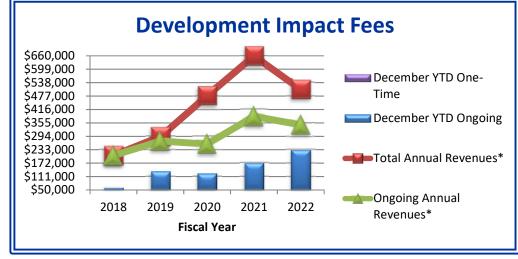

#### Annual Increase from FY 2020 to FY 2021:

The increase was primarily due to fees assessed with the permitting of the new Residence Inn.

Other Increases/Decreases: The activity of the development impact fees is based on

development and permitting so revenues will not necessarily be consistent from month to month or year to year. As the City approaches build-out, these revenues are expected to decrease.

Under Target for FY 2022: Development impact fees are not consistent from month to month or year to year. The revenues are low and may be under target at the end of the fiscal year.

#### YTD Increase from FY 2018 to FY 2019:

- (1) The increase was primarily due to an increase in the interest earnings on pooled investments.
- (2) The increase was also partly due to an increase in donations for special events. Annual Increase from FY 2018 to FY 2019:

The increase was largely due to unrealized gain in market values of investments and increased interest earnings.

#### YTD Increase from FY 2019 to FY 2020:

- (1) The increase was primarily due to an increase in the interest earnings in LGIP accounts and pooled investment accounts.
- (2) The increase was also due to a dividend received from the risk retention pool of which the City is a member.

### Annual Decrease from FY 2019 to FY 2020:

The decrease was primarily due to the lowering of interest rates during the COVID-19 financial crisis.

### YTD Decrease from FY 2020 to FY 2021:

The decrease was primarily due to the lowering of interest rates during the COVID-19 financial crisis.

#### Annual Decrease from FY 2020 to FY 2021:

The decrease was primarily due to the lowering of interest rates during the COVID-19 financial crisis.

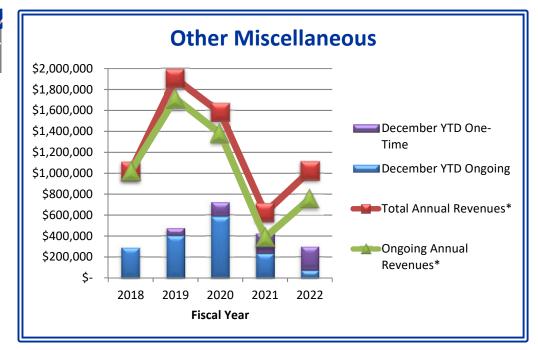

#### YTD Decrease from FY 2021 to FY 2022:

The decrease was primarily due to a reduction in interest earnings due to lower rates and amortization of LGIP losses.

#### Annual Increase from FY 2021 to FY 2022:

The increase was primarily due to estimated increases in interest earnings due to expected higher rates.

*Under Target for FY 2022:* Miscellaneous revenues are not consistent from month to month or year to year. Year-to-date revenues are low and may be under target by the end of the fiscal year.

#### Historical Changes - City Sales Tax

Early FY 2020: Effective October 1, 2019, all retail marketplaces are required to collect and remit taxes. This is the result of Wayfair v. South Dakota; however, many of the marketplaces were already collecting and remitting taxes.

Mid FY 2019: Effective January 1, 2019, all online marketplaces (not just AirBnB) are required to remit short-term residential rental taxes on behalf of property owners. This impacts the Hotel/Motel category.

Late FY 2018: The tax rate increased from 3.0% to 3.5% effective March 1, 2018.

Mid FY 2017: Effective January 1, 2017, the City is no longer allowed to prohibit short-term residential rentals. This impacts the Hotel/Motel category.

Mid FY 2016: The state took over collections effective January 1, 2016. For several months, tax collections were higher as a result of more timely payments by taxpayers presumably because they did not have to file a separate form with the City.

City Tax Code Definitions Related to Hotel/Motel Category

#### Section 8-100. General Definitions.

"Hotel" means any public or private hotel, inn, hostelry, tourist home, house, motel, rooming house, apartment house, trailer, or other lodging place within the City offering lodging, wherein the owner thereof, for compensation, furnishes lodging to any transient, except foster homes, rest homes, sheltered care homes, nursing homes, or primary health care facilities.

"Lodging (Lodging Space)" means any room or apartment in a hotel or any other provider of rooms, trailer spaces, or other residential dwelling spaces; or the furnishings or services and accommodations accompanying the use and possession of said dwelling space, including storage or parking space for the property of said tenant.

<sup>(1)</sup> The Series 2012 bonds were refunded on August 13, 2021 with the Series 2021 bonds, reducing the coupon rate from 4.5% to 1.41% initially as taxable bonds and converting to nontaxable bonds at 1.16% on April 4, 2022, with a net present value savings of \$731,605, to be fully paid by the original July 1, 2026 date.

<sup>(2)</sup> The Series 1998 bonds are comprised of capital appreciation bonds (CABs). CABs offer an investment return on an initial principal amount and are reinvested at a stated compounded rate until maturity. At maturity, the investor receives a single payment (the "maturity value") representing both the initial principal amount and the total investment return.

<sup>(3)</sup> The Enterprise Fleet Management lease is a master lease agreement with individual schedule for each vehicle leased. The information presented represents a summary of the individual schedules combined.
