Monthly Investment & Cash Flows Report

June 2023

Executive Summary

The fair market value of the City's **total cash and investments as of June 30, 2023 is \$78.5 million**, representing a decrease of **\$2.8 million (-4%) for the month**. The **average yield is below the City's benchmark by 39%** as a result of increases in the Local Government Investment Pool yield used as the benchmark. Higher cash balances have been maintained to cover anticipated upcoming significant expenditures. As interest rates continue to rise, further analysis will be performed to evaluate investment options.

June 2023 cash and investments are \$78.5M.

June 2023 Cash & Investments Summary	
Total Cash & Investments	\$78,451,199
Average Yield	3.093%

Investments Held

The City has invested in U.S. government agency securities, certificates of deposit (CDs), and Local Government Investment Pools (LGIP) offered by the Arizona State Treasurer's Office, in addition to balances maintained in checking accounts.²

Cash & Investments by Category

¹ The City's investment policy defines the benchmark as the yield for the Arizona State Treasurer's Office's Local Government Investment Pool (LGIP) 5. The adopted investment policy is available at <https://www.sedonaaz.gov/your-government/departments/financial-services/financial-policies>.

² All investments are allowable under Arizona Revised Statutes and the City's investment policy.

Investments Transactions

Net transactions for June 2023 resulted in a decrease of the City's cash and investments of \$2.7 million. The decrease was the result of lower cash receipts and higher cash disbursements for the month. See the Cash Flows section for further discussion.

Cash Flows

Cash basis **receipts for June 2023 were \$2.2 million less than the prior month** while cash basis **disbursements were \$4.2 million more than the prior month.** Changes for June 2023 compared to the prior month include:

- Receipts:
 - Cash basis sales and bed tax receipts for June 2023 were \$2.0 million (-37%) less than the prior month. For further discussion, please see the following Cash Basis Sales & Bed Tax Receipts section.
 - Cash basis wastewater monthly receipts for June 2023 were approximately \$15,000 (-3%) less than the prior month due to timing of receipts.
 - Cash basis state shared revenue receipts for June 2023 were approximately \$26,000 (7%) more than the prior month due to an increase in state shared sales taxes receipts.
- Disbursements:
 - Capital improvement costs for June 2023 were \$2.1 million (766%) more than the prior month primarily due to land acquisition for the Bowstring park and ride and construction costs for the northbound roadway improvements in Uptown.
 - Transfers to the trustee for bond payments due on July 1, 2023 were approximately \$2.1 million (576%) greater than the prior month.

Cash basis sales and bed receipts were \$2.0 million less than the prior month.

Capital improvement costs were \$2.1 million more than the prior month.

Transfers to trustee for bond payments were \$2.1 million more than prior month.

Cash Basis Sales & Bed Tax Receipts

Cash basis sales and bed tax receipts for June 2023 were 37% lower than the prior month and 6% more than the same month last year. The June 2023 receipts included a portion of April taxes filed in May and a portion of May taxes filed in June, including any delinquent payments that have been filed and paid in those months.

June 2023 cash basis sales and bed tax receipts were 6% more than the prior year.

The increase compared to the prior month is a result of an increase in the number of Mondays during the month. Weekly distributions from ADOR are received on Mondays based on the tax returns processed during the prior week. In May, there were 5 Mondays (weeks 18-22), while in June, there were 4 Mondays (weeks 23-26). The tax distribution on May 30, 2023 was approximately \$2.1 million.

On average, accrual basis April sales and bed tax revenues are approximately 2% more than March, and accrual basis May sales and bed tax revenues are approximately 5% less than April. April 2023 accrual basis sales and bed tax revenues were 9% more than March. May 2023 accrual basis sales and bed tax revenues were 18% less than April.

While it can be beneficial to have more timely cash basis information, there are still flaws in these comparisons. The accrual basis amounts that will be included in the monthly financial reports will be the best comparisons.

Cash Basis Sales & Bed Tax Receipts

Capital Improvement Costs

As capital projects begin and end their construction phases, the capital improvement costs will fluctuate over time. In addition, land acquisitions can significantly impact capital improvement costs.³ Significant increases in capital improvement costs can result in months when monthly cash disbursements exceed monthly cash receipts.

Cash Basis Capital Improvement Costs

³ FY 2023 includes cash-funded land acquisition costs of \$11.5 million in December. An additional \$10 million for land acquisition in December was funded by a bond issuance.

Analysis

Total cash and investment balances have increased significantly since the low over the past four fiscal years occurring in August 2019 (\$51.0 million) and have significantly exceeded the previous highs occurring before the COVID-19 closures. The City is in a strong financial position to address the many significant priorities and concerns, such as affordability of housing, traffic and transportation needs, impacts of tourism, environmental sustainability concerns, etc.

June 2023 cash and investments exceed prior June balances back to FY2020.

There are no restrictions on deposits or withdrawals. The City has traditionally used this fund for all available funds not otherwise invested; however, since the yield has dropped below the earnings rate on the checking account, the balance in this account has been drastically reduced.
- **LGIP Pool 7** – A short-term fund that invests only in products backed by the full faith and credit of the United States Government. The fund has a AAA weighted average rating. **June 2023 yield was 5.02%**. There are no restrictions on deposits or withdrawals. The City has traditionally used this fund for a secure investment of prepaid wastewater capacity fees.
- **LGIP Pool 500** – A medium-term fund similar to the shorter-term Pool 5. The weighted average rating of all the securities in this pool is AA-2. **June 2023 yield was 3.37%**. Deposits and withdrawals are only allowed on the first business day of the month. The City has traditionally used this fund for longer-term investment of reserve balances; however, since the yield for Pool 5 has dropped below the earnings rate on the checking account, surplus balance from Pool 5 have been transferred to Pool 500. Cash flow needs are analyzed each month to determine deposit or withdrawal needs in accordance with the restrictions on this Pool.
- **LGIP Pool 700** – A medium-term fund similar to the shorter-term Pool 7. The fund has a AAA weighted average rating. **June 2023 yield was 3.38%**. Deposits and withdrawals are only allowed on the first business day of the month. The City has not traditionally used this fund since yields in Pool 500 are most often higher.

⁽¹⁾ Arizona Revised Statutes and the City's investment policy limit the maximum investment maturity to 5 years.

⁽²⁾ Unrealized gains and losses would only be realized if the City chose to sell its investments prior to maturity and are based on the fair market value as reported by the City's safekeeping agent. The City plans to hold investments until maturity unless there is a compelling reason to sell.

⁽³⁾ Investments pay interest semi-annually. The accrued interest not yet recorded represents the amount earned since the last interest payment date.
