

POSSE GROUNDS PAVILION

Host your event with us!

Posse Grounds Pavilion

Outdoor Amphitheater

The Posse Ground Pavilion is owned and operated by the City of Sedona. All rentals and reservations regarding this facility are handled through the Parks and Recreation Department. The Pavilion was built in 2016 with a permanent stage and canopy, sound system, dressing rooms and restrooms. The guidelines for operating this facility have been established in the *City of Sedona Posse Grounds Park Operations Plan*. This document serves as a supplement to the aforementioned, Operations Plan.

Technical Information

Capacity: Festival Style (sloped lawn) seating. There is handicap-accessible seating (concrete slabs) at the rear of the audience and at the front of the stage. The main grass area is designed to comfortably accommodate 300 people.

Parking: There are four handicap parking spaces and a loading and unloading space near the back of the stage. Audience parking is located across the street with 180 spaces. Additional spaces are available at the nearby West Sedona School, with their permission.

Stage Dimensions: 1,008 sq. ft. stage made of stained concrete. Usable area is less when accounting for the columns. There are two sets of stairs and an access ramp. Measurements are approximate. Please reference stage diagram on page 6.

3' high

20' wide at front

34' wide (seventeen feet from front of stage)

30' deep in center (standing in center of stage) from front to back of stage

Stage Layout: Please reference stage diagram.

Backstage: Two dressing rooms are available in a separate building off to stage left. Each dressing room is 150 sq. ft., both are handicap accessible. There are two sinks, one toilet, and one shower in each dressing room. Water for restrooms is turned off November through

February. This building also contains a 200 sq. ft. storage room that can be used during your rental time only.

Power: Twelve Power outlets are provided around the stage (for location reference, see Stage Diagram). All power outlets are 120V.

Sound: All amplified performances must utilize the sound system provided. Speaker system consists of 2 Meyer UPJ-1XP (mounted overhead) and 3 Meyer UPM-1XP (mounted in the front of the stage). 12 XLR Stage Inputs are available (for location reference, see Stage Diagram), plus 2 wireless channels available (handheld or lavalier/headset options are available, see Audio Accessories list below). Also available are 2-1/4" direct line inputs into the physical board in equipment room (sufficient for running external iPod or other device for playing House Music, etc. 4 Aux channels are available for up to 4 separate/distinct monitor mixes. Sound is mixed wirelessly from an iPad, controlling a Mackie DL-1608, using MasterFader 4 App.

Audio Accessories:

- 9 Full Height Mic Stands with Boom
- 6 Shure SM58 (w/switch)
- 3 Shure SM57
- 2 Shure QLXD Combo Wireless Systems, Handheld or Lavalier (headset or clip on)
- 4 Behringer C4 Condenser Microphones (2 matched pairs)
- 3 Countryman Type 85 Direct Input Box
- 4 Mackie Thump 12A Speakers (for use as Stage Monitors)
- 12 25' XLR Mic Cables
- 4 50" XLR Mic Cables

Assistive Listening System: Willams RF System Fed from Mackie DL-1608 with house signal.

- 4 Portable receivers with single ear headsets
- 2 Inductive Loops for replacement of headset for IL listening

Decibel Limit: Due to City of Sedona restrictions, sound level must not exceed 60 DBA at the property line. City Technical Support Staff are present at each event involving amplification and will determine the proper amplification level during event set up so that the maximum limit is not exceeded. The City does levy a \$2,500 fee per violation and the event may be terminated at any time if this regulation is not adhered to.

Amplified Sound: Event rentals will be permitted for day-use only at the Pavilion.

Lighting: There is no stage lighting, work lighting or house/audience lighting. There is a DMX 512 Distribution System with 1x8 Opto Splitter in equipment room. A Company Switch is in the equipment room 200A single phase.

Rigging: Is not available at this facility. Nothing can be hung or affixed to the canopy or columns.

Restrooms: Located behind the audience (north end of property). Both restrooms are handicap accessible. The men's restroom has two sinks, two toilets and one urinal. The women's restroom has two sinks, and three toilets. Water for restrooms is turned off November through February.
