#### **Investments Held**

The City has invested in U.S. government agency securities, certificates of deposit (CDs), and Local Government Investment Pools (LGIP) offered by the Arizona State Treasurer's Office, in addition to balances maintained in checking accounts.<sup>2</sup>

## **Cash & Investments by Category**

1

The City's investment policy defines the benchmark as the yield for the Arizona State Treasurer's Office's Local Government Investment Pool (LGIP) 5. The adopted investment policy is available at <a href="https://www.sedonaaz.gov/your-government/departments/financial-services/financial-policies">https://www.sedonaaz.gov/your-government/departments/financial-services/financial-policies</a>.

<sup>&</sup>lt;sup>2</sup> All investments are allowable under Arizona Revised Statutes and the City's investment policy.

#### **Investments Transactions**

Net transactions for March 2024 resulted in a decrease of the City's cash and investments of approximately \$2.34 million. For March, the decrease was largely due to a decrease in cash receipts and an increase in cash disbursements.

#### Cash Flows

Cash basis receipts for March 2024 were approximately \$1.08 million less than the prior month while cash basis disbursements were approximately \$770,000 more than the prior month. Changes for March 2024 compared to the prior month include:

#### • Receipts:

- Cash basis sales and bed tax receipts for March 2024 were approximately \$287,000 (10%) less than the prior month. For further discussion, please see the following Cash Basis Sales & Bed Tax Receipts section.
- Cash basis state shared revenue receipts for March 2024 were approximately \$32,000 (7%) less than the prior month due to a decrease in state shared sales tax.
- O The drawdowns from the XpressBillPay account were approximately \$362,000 (48%) less than the prior month due to timing differences.
- One-time development impact fees of approximately \$350,000 were received in February 2024.

Sales and bed tax receipts for March 2024 were \$287,000 less than the prior month.

Capital improvement costs for March 2024 were \$693,000 more than the prior month.

#### • Disbursements:

 Capital improvement costs for March 2024 were \$2.9 million, approximately \$693,000 (32%) more than the prior month. The increase was primarily due to higher construction costs for the Forest Road extension project.

#### Cash Basis Sales & Bed Tax Receipts

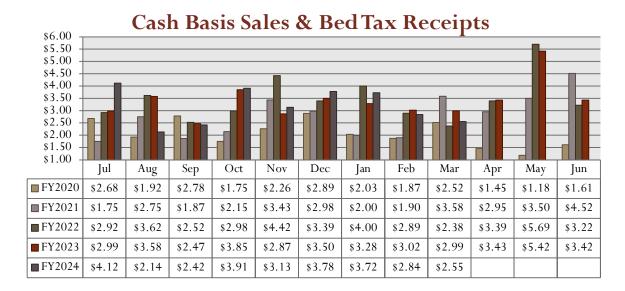

Cash basis sales and bed tax receipts for March 2024 were 10% less than the prior month and 15% less than the same month last year.

The March 2024 receipts included a portion of January taxes filed in February and a portion of February taxes filed in March, including any delinquent payments that have been filed and paid in those months.

March 2024 cash basis sales and bed tax receipts were 15% less than the prior year.

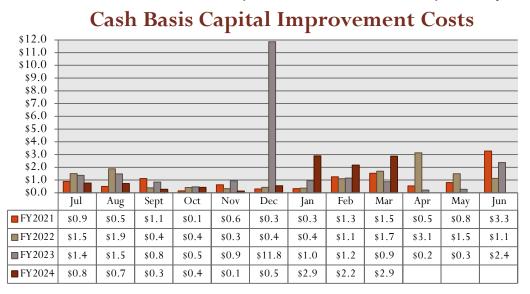

On average, accrual basis January sales and bed tax revenues are approximately 11% less than December, and accrual basis February sales and bed tax revenues are approximately 9% more than January. January 2024 accrual basis sales and bed tax revenues were 8% less than December. February 2024 accrual basis sales and bed tax revenues were 7% more than January.

While it can be beneficial to have more timely cash basis information, there are still flaws in these comparisons. The accrual basis amounts that will be included in the monthly financial reports will be the best comparisons.

#### **Capital Improvement Costs**

As capital projects begin and end their construction phases, the capital improvement costs will fluctuate over time. In addition, land acquisitions can significantly impact capital improvement costs.<sup>3</sup> Significant increases in capital improvement costs can result in months when monthly cash disbursements exceed monthly cash receipts.

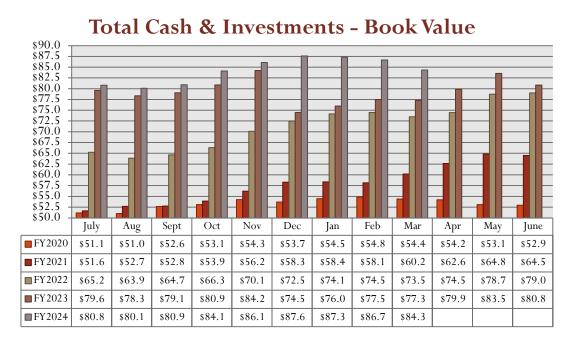

<sup>&</sup>lt;sup>3</sup> FY 2023 includes cash-funded land acquisition costs of \$11.5 million in December. An additional \$10 million for land acquisition in December was funded by a bond issuance.

#### **Analysis**

Total cash and investment balances have increased significantly since the low over the past five fiscal years occurring in August 2019 (\$51.0 million) and have significantly exceeded the previous highs occurring before the COVID-19 closures. The City is in a strong financial position to address the many significant priorities and concerns, such as affordability of housing, traffic, and transportation needs, impacts of tourism, environmental sustainability concerns, etc.

March 2024 cash and investments exceed prior February balances back to FY2020.

<sup>(1)</sup> Arizona Revised Statutes and the City's investment policy limit the maximum investment maturity to 5 years.

<sup>(2)</sup> Unrealized gains and losses would only be realized if the City chose to sell its investments prior to maturity and are based on the fair market value as reported by the City's safekeeping agent. The City plans to hold investments until maturity unless there is a compelling reason to sell.

<sup>(3)</sup> Investments pay interest semi-annually. The accrued interest not yet recorded represents the amount earned since the last interest payment date.
